Rap To Live By:

Rap to Live By Don Roberts, 1993-06-01 Rap is an art form and a language all its own Combining rhyme with a beat read out loud it is a powerful method of communication that kids relate to in increasing numbers Rap can also be used to convey a positive message about such things as self esteem careers friendship love relationships school money drugs sex and many other concerns that kids have growing up in a sometimes confusing and dangerous world Here in book form are tested uplifting positive raps that adults can use to teach their children and kids can use to learn in writing their own **Rap Capital** Joe Coscarelli, 2022-10-18 An impassioned tribute Publishers Weekly starred review to the most influential music culture today Atlanta rap a masterful street level story of art money race class and salvation from acclaimed New York Times reporter Joe Coscarelli From mansions to trap houses office buildings to strip clubs Atlanta is defined by its rap music But this flashy and fast paced world is rarely seen below surface level as a collection not of superheroes and villains cartoons and caricatures but of flawed and inspired individuals all trying to get a piece of what everyone else seems to have In artistic commercial and human terms Atlanta rap represents the most consequential musical ecosystem of this century Rap Capital tells the dramatic stories of the people who make it tick and the city that made them that way The lives of the artists driving the culture from megastars like Lil Baby and Migos to lesser known local strivers like Lil Reek and Marlo represent the modern American dream but also an American nightmare as young Black men and women wrestle generational curses crippled school systems incarceration and racism on the way to an improbably destination atop art and commerce Across Atlanta rap dreams power countless overlapping economies but they re also a gamble one that could make a poor man rich or a poor man poorer land someone in jail or keep them out of it Drawing on years of reporting more than a hundred interviews dozens of hours in recording studios and on immersive ride alongs acclaimed New York Times reporter Joe Coscarelli weaves a cinematic tapestry of this singular American culture as it took over in the last decade from the big names to the lesser seen prospects managers grunt workers mothers DJs lawyers and dealers that are equally important to the industry The result is a deeply human era defining book that is required reading for anyone who has ever wondered how exactly Atlanta hip hop took over the world Kelefa Sanneh author of Major Labels Entertaining and profound Rap Capital is an epic of art money race class and sometimes salvation Collective Participation and Audience Engagement in Rap Music David Diallo, 2019-08-28 Why do rap MCs present their studio recorded lyrics as live and direct Why do they so insistently define abilities or actions theirs or someone else s against a pre existing signifier This book examines the compositional practice of rap lyricists and offers compelling answers to these questions Through a 40 year span analysis of the music it argues that whether through the privileging of chanted call and response phrases or through rhetorical strategies meant to assist in getting one s listening audience open the focus of the first rap MCs on community building and successful performer audience cooperation has remained prevalent on rap records with lyrics and production techniques encouraging the listener to become physically and

emotionally involved in recorded performances Relating rap s rhetorical strategy of posing inferences through intertextuality to early call and response routines and crowd controlling techniques this study emphasizes how the dynamic and collective elements from the stage performances and battles of the formative years of rap have remained relevant in the creative process behind this music It contends that the customary use of identifiable references and similes by rap lyricists works as a fluid interchange designed to keep the listener involved in the performance Like call and response in live performances it involves a dynamic form of communication and places MCs in a position where they activate the shared knowledge of their audience making sure that they know what they mean thus transforming their mediated lyrics into a collective and engaging performance
