**SAM SCOTT--RECENT WORK.** ,1987      **Sam Scott** Sam Scott,1997      **Sam Scott** ,1987      *School & Society* James McKeen Cattell,1918      School and Society ,1918      Intellect ,1918      *The Republican Evolution* Kenneth Janda,2022-11-29 The Republican Party was founded in 1854 to oppose slavery and its spread to new territories and states Today under the sway of Donald Trump it is hardly recognizable as the party of Lincoln or even the party of Eisenhower How and why has the Republican Party changed so drastically Kenneth Janda sheds new light on the Republican Party s transformations drawing on a wide range of quantitative and qualitative evidence He examines nearly three thousand planks from every Republican platform since 1856 as well as candidate statements and historical sources tracing the evolution of the party s positions on topics such as states rights trade taxation regulation law and order immigration environmental protection and voting rights Janda argues that the GOP has gone through three main phases over the course of its history transforming from a party committed to governance to one vehemently opposed to government In its first several decades the Republican Party emphasized national authority and economic development By the late 1920s Republicans had begun downplaying the role of government in favor of a new philosophy steeped in free markets The nomination of Barry Goldwater in 1964 marked a key turning point Since then the party has endorsed states rights opposed civil rights and become increasingly ethnocentric Richly documented with scores of figures and tables *The Republican Evolution* offers new perspective on how the GOP became an antigovernment party and whether it can step back from the brink of authoritarianism      *The Blues Encyclopedia* Edward Komara,2004-07 The first full length authoritative Encyclopedia on the Blues as a musical form A to Z in format this work covers not only the performers but also musical styles regions record labels and cultural aspects of the blues      Creating Freedom Laurie A. Wilkie,2000-10-01 Historians conception of plantation life in the American South both post and antebellum derives almost exclusively from the written record hence mainly from the white owners perspectives In *Creating Freedom* historical archaeologist Laurie Wilkie pulls the half opened curtain wider by seeking out the experiences of the majority of people who made their home on plantations the African American laborers Specifically Wilkie examines the lives of four black families who lived at Oakley Plantation in south Louisiana s West Feliciana Parish over the course of one hundred years Using an innovative blend of archaeological evidence and oral interviews as well as written documents she builds a composite of their daily existence that is at once riveting and humanizing in its detail and invaluable in its broader applications *Creating Freedom* is in part Wilkie s attempt to understand how African Americans at Oakley Plantation and by extension most southern blacks endured the violence and oppression of slavery Reconstruction and Jim Crow It is through their material culture enhanced by a range of other data that she describes the complex but uplifting process by which they retained their ties to a cultural past while renegotiating their identity as free persons      *A List of Works on North American Fungi ...* William Gilson Farlow,1888      Reports of Cases Argued and
