**the Lid on Complementary and Alternative Veterinary Medicine** Niall Taylor,Alex Gough,2017-09-08 No Way to Treat a

Friend is an informative and readable expos of Complementary and Alternative Veterinary Medicine CAVM Written in an

accessible style and illustrated with stories and cases from veterinary practice about real animals this book is a

counterweight to the mass of pro literature in existence which uncritically promotes CAVM without consideration of whether

or not it works or could even be harmful to our animal companions The book takes a close look at how thinking can go wrong

and how animals can appear to respond to treatment even when it is ineffective Individual alternative practices are examined

including homeopathy acupuncture raw diets and the anti vaccination lobby and we find out if their claims stand up to

scrutiny With a thoroughly scientific line it is not an attack on different belief systems but a rigorous analysis of the facts and

a consideration of typical CAVM arguments as well as a helpful explanation for people who may be unfamiliar with what the

various therapies entail Following on from the several successful books questioning the use of complementary therapies in

human medicine such as Bad Science No Way to Treat a Friend looks at their use in veterinary medicine This is a valuable
