SAMUEL JOHNSON
AND THE THEME OF HOPE

Samuel Johnson And The Theme Of Hope

Jack Lynch

Samuel Johnson And The Theme Of Hope:

Samuel Johnson and the Theme of Hope T. F. Wharton, 1984-01-01 **Samuel Johnson and the Theme of Hope** T F Wharton, 1984-03-29 Samuel Johnson: An Analysis Charles H. Hinnant, 1988-04-25 In this provocative and incisive book the author re examines Samuel Johnson s major texts focusing on his famous review of Soame Jenyns s *A Free Inquiry into the Nature and Origin of Evil* as a principal source of insight and innovation He offers a lucid exposition of its ideas and methods defining for the first time its relation to an important strand in eighteenth century intellectual history and assessing its implications for Johnson s moral vision Hinnant s book will be an indispensable guide for anyone interested in understanding what is most modern in Johnson s thought and writings **Samuel Johnson** Freya Johnston, Lynda Mugglestone, 2012-11-15 This text offers wide ranging coverage of Samuel Johnson s life work and reception across 15 thematically cohesive chapters Taking as its point of departure William Hazlitt s famous comparison between Johnson s prose style and a pendulum this volume will contest and rebalance the metaphor of the pendulum **Transactions** Johnson Society, 1997 This Invisible Riot of the Mind Gloria Sybil Gross, 2016-11-11 In *This Invisible Riot of the Mind* Gloria Sybil Gross contends that Samuel Johnson was a pioneer in the development of modern psychological thought challenging the timeworn stilted typecasting of Samuel Johnson as the pious Christian moralist Instead she argues that Johnson was a daring at times irreverent explorer of human nature who strenuously rejected old relics of sanctimony and repressive authority To make her case Gross draws on a wide range of materials from Johnson s life and works as well as from eighteenth century medical psychology Throughout she is scrupulous in analyzing Johnson s psychological thought within the cultural idiom that would have been available to him At the same time she employs a classical psychoanalytic approach that seeks to establish a coherent relationship among Johnson s life his fantasies and his creative work This reading of Johnson reveals the radical direction of his investigations of mental experience which put him in clear prospect of the basic premises underlying Freudian psychoanalysis Gross argues that these premises the principle of psychological determinism the view of the mind as dictated by forces in conflict the concept of the dynamic unconscious and the submerged power of desire in all human activity pervade Johnson s writings Gross demonstrates not only that Johnson can profitably be read in psychoanalytic terms but that Johnson is a psychological theorist of primary importance This original and insightful work will be of interest to students and scholars of English literature eighteenth century studies and literature and psychology *The Oxford Handbook of Samuel Johnson* Jack Lynch, 2022-08-25 No major author worked in more genres than Samuel Johnson essays poetry fiction criticism biography scholarly editing lexicography translation sermons journalism His works are more extensive than those of any other canonical English writer and no earlier writer s life was documented as thoroughly by contemporaries Because it s so difficult to know him thoroughly people have made do with surrogates and simplifications But Johnson was much more complicated than the popular image of Dr Johnson suggests socially conservative but also one of the

most radical abolitionists of his age a firm believer in social hierarchy but an outspoken supporter of women intellectuals an uncompromising Christian moralist but also a penetrating critic of family structures Labels fit him poorly In The Oxford Handbook of Samuel Johnson an international team of thirty six scholars offers the most comprehensive examination ever attempted of one of the most complex figures in English literature The book s first section examines Johnson s life and the texts of his works the second organized by genre explores all his major works and many of his minor ones the third organized by topic covers the subjects that were most important to him as a writer as a thinker and as a moralist **Domestick**

Privacies: Samuel Johnson and the Art of Biography David Wheeler, 1987 Biography was Samuel Johnson s favorite among literary genres and his Lives of the Poets is often regarded as the capstone of his career The central place of biography in his oeuvre is explored in this collection of nine original essays by leading Johnson scholars Varied in their focus and approach the essays range from a philosophical overview of Johnson s notion of the relation between life and art to a detailed reading of the Life of Milton to a speculation on the value of the Lives in the classroom Emerging clearly in the essays are the dual concerns artistic and intellectual **La Grande-Bretagne Et L'Europe Des Lumières** Serge

Soupel, 1996 Cet ouvrage rassemble seize communications faites lors de deux colloques internationaux sur les rapports entre la Grande Bretagne et le continent europ en au XVIIIe si cle Une moiti des communications est de nature litt raire touchant quelques uns des auteurs britanniques les plus marquants de l poque examin s dans leurs liens intellectuels avec l Europe qui les influence ou qu ils influencent L autre moiti contient des tudes sur les m urs observ es par les voyageurs sur les repr sentations et images r ciproques Viennent galement au jour les rivalit s entre les pays dans le domaine de l rudition orientaliste ainsi que la situation des habitants du Nord et l cosse en marge de l Europe mais souvent enjeu politique pour l Europe La gravure satirique enfin a largement sa place avec un article sur les caricatures de Hogarth The Philosophical

Biographer Martin Maner, 2009-01-01 The Philosophical Biographer shows how a shift in philosophical outlook in the seventeenth and eighteenth centuries from an understanding of human knowledge rooted in deductive certainties to one resting on inductive probability influenced the development of biographical narrative in general and in particular the way Johnson dealt with biographical evidence in his Lives of the Poets Examining the psychological and philosophical doubt that lay at the heart of Johnson s character and intellect Martin Maner reveals in the biographical studies of Savage Swift Milton and Pope an ingrained pattern of dialectical argument and a skeptical attitude toward evidence a method that involves the reader in judgments about the poets as it conveys Johnson s own understanding of truth In the Life of Savage Johnson moves from thesis to antithesis generating out of opposing emotional responses irony and sympathy ridicule and pathos an understanding of the man Dialectically undercutting the conclusions of previous biographers of Swift and Milton Johnson fashions a new somewhat acidic estimation of Swift and a portrait of Milton that engages contemporary questions of the probable and the marvelous The Life of Pope Johnson s greatest dialectical achievement alternates between blame and praise

public and private realms weaving tone context and analogy into great contrasting patterns of inquiry and judgment Establishing the centrality of a dialectical method in the Lives of the Poets Martin Maner links the rise of biography as well as Johnson's interest in the form to the shift in epistemology brought about by empiricism In the new patterns of thought of the seventeenth and eighteenth centuries biography the estimation of a life through sifting of historical events and evidence was the most philosophical of endeavors and Johnson its greatest practitioner Johnson, Rasselas, and the Choice of Criticism Edward Tomarken, 2021-10-21 Although Rasselas has received more critical commentary than almost any other work by Samuel Johnson Edward Tomarken's book is the first full length study to focus on his tale of the Prince of Abyssinia This anomaly arises as Tomarken shows because Rasselas has remained resistant to the customary critical approaches of the eighteenth nineteenth and twentieth centuries consistently eliciting new kinds of insights and raising new sorts of problems Tomarken's contribution is a new methodology to explain this phenomenon He sees Johnson's early writings London and Irene as instances of the writer trying with only partial success to achieve what he first realized in The Vanity of Human Wishes a means of permitting literary form to refer to conduct Later works such as The Journey to the Western Islands of Scotland are viewed as further developments of this method which achieved its fullest expression in Rasselas and the Life of Pope Such a reading of Johnson develops an aesthetic that operates on the margins between the literary and the extra literary Although Johnson's own critical view was unable to accommodate such a position Tomarken shows that in practice he moved toward it by a process of trial and error manifest in his poetry and narratives When raised to the level of critical method this approach goes beyond the assumptions not only of Johnson's day but also of our own Tomarken's theoretical coda demonstrates how the choices of current critical theory like those in the marriage debate in Rasselas can be understood to interact with one another Specifically he proposes a dialectical relationship for two approaches hermeneutics and structuralism usually seen as opposed to one another This innovative study will interest not only Johnson scholars but all those concerned with critical theory **Samuel Johnson** Jeffrey Meyers, 2015-11-27 Jeffrey Meyers tells the extraordinary story of Samuel Johnson one of the most illustrious figures of English literary tradition Johnson was famous as a poet novelist biographer essayist critic editor lexicographer conversationalist and larger than life personality After nine years of work Johnson's A dictionary of the English Language was published in 1755 He overcame great adversity to achieve success The Struggle is a masterful portrait of a brilliant and tormented figure **Johnsonian News Letter**, 1985 **The Spectator**, 1899 South Atlantic Review, 1986 *Johnson's and Lessing's Dramatic Critical Theories and Practice with a Consideration of Lessing's Affinities with Johnson* Emma Hawari, 1991 Lessing displays a remarkable familiarity with the English literary scene and shows himself especially aware of Samuel Johnson's literary output and his dramatic critical achievement in neo classical England The study traces and examines affinities of Lessing's ideas with those of Johnson and a certain impact of Johnson on Lessing's ideas in the field of dramatic critical theory and practice The investigation centres on

Johnson's Rambler his Dictionary and his edition of The Plays of William Shakespeare and on Lessing's Laokoon and the Hamburgische Dramaturgie Plays studied are Irene Miss Sara Sampson Emilia Galotti and Minna von Barnhelm *Samuel Johnson and the Age of Travel* Thomas M. Curley, 2009-01-01 Although Samuel Johnson's famed ramblings never took him more than five hundred miles from his London home he was an indefatigable planner of distant voyages Sharing with his fellow Englishmen that passion for investigating the unknown which had ushered in a momentous geographical revolution Johnson became the original armchair traveler His writings proclaim a boundless curiosity about the globe and demonstrate a pervasive preoccupation with travel in every conceivable form Travel represented more for him than geographical movement it was a symbol of intellectual growth in his life his morality and his society While Johnson's biographers have all emphasized his fascination with exploration and discovery no comprehensive study of his complex relationship to the epoch making geographical advances of his century has heretofore appeared Thomas Curley's Samuel Johnson and the Age of Travel offers new perspectives on this crucial and surprisingly little known concern of the man and his age when English literature brilliantly mirrored the widening frontiers of the British Empire Drawing extensively on Johnson's entire canon the works of his contemporaries and a vast store of much neglected travel books Curley places Johnson's love of travel and travel literature firmly in its literary and historical contexts Johnson's career began with the translation of a travel book yielded numerous articles and essays on the subject in his middle years and culminated in the publication of his own splendid description of the Highlands in A Journey to the Western Islands of Scotland Keenly interested in geography Johnson studied well over two centuries of travel literature to validate his own philosophy of human nature and to promote improved literary standards in what was then the second most popular genre in England His masterpiece Rasselas not only enshrined his recurring vision of man as perpetual explorer but also exemplified that fruitful interaction between travel books and belles lettres so prevalent throughout Johnson's age Samuel Johnson and the Age of Travel sheds new light on Johnson's career ambitions his talents in moral observation and literary creation and his inquisitive age Johnson emerges in Curley's study as a truly representative writer completely captivated by the romance of Georgian travel and illustrative of the cultural impact of an expanding world picture upon the minds and letter of eighteenth century Englishmen **The Life of Samuel Johnson** James Boswell, 1832 *The Life of Samuel Johnson, L.L. D.* James Boswell, 1837 Samuel Johnson in Context John T. Lynch, 2012 A work of reference on the age of Johnson putting literature in the context of the society that produced it
