The Years of Peril

Samuel Pepys,2008-05 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork

Samuel Pepys Arthur Bryant (Sir),1935

Samuel Pepys Sir Arthur Bryant,1935

Samuel Pepys Arthur Bryant,2013-12-05 The second volume in Arthur Bryant s three volume history of the life and career of Samuel Pepys originally published in 1935

Samuel Pepys and the Strange Wrecking of the Gloucester Nigel

Pickford,2023-02-07 A true story of royal intrigue with famed diarist Samuel Pepys as the main protagonist as a fatal shipwreck on the shores of Restoration Britain sparks a mystery that now may finally be solved In 1682 Charles II invited his scandalous younger brother James Duke of York to return from exile and take his rightful place as heir to the throne To celebrate the future king set sail in a fleet of eight ships destined for Edinburgh where he would reunite with his young pregnant wife Yet disaster struck en route somewhere off the Norfolk coast The royal frigate carrying James and his entourage sank causing some two hundred sailors and courtiers to perish The diarist Samuel Pepys had been asked to sail with James but refused the invitation preferring to travel in one of the other ships Why What did he know that others did not Religious and political tensions were rife in the years leading up to the wreck of the Gloucester James was a Catholic as was his wife and there was a large constituency who wished them dead Plots and conspiracies abounded The Royal Navy was itself in disarray badly equipped and poorly organised Could someone on board be to blame for the sinking either from malice or incompetence Nigel Pickford s compelling account of the catastrophe draws on a richness of historical material including letters diaries and ships logs revealing for the first time the full drama and tragic consequences of a shipwreck that shook Restoration Britain

The Letters of Samuel Pepys, 1656-1703 Samuel Pepys,2006

The correspondence included here represents the first selection of Pepys s letters drawn from all possible sources to be published since 1933 Since the Diary does not cover this period the letters enable the reader to follow Pepys early career on the staff of the Earl of Sandwich his rise to greatness as Secretary of the Admiralty and his retirement after the Glorious Revolution Along the way Pepys fought battles with opponents of his naval reforms and enemies who tried to implicate him in the Popish Plot while taking care of his various relatives and keeping up with an array of friends and acquaintances who included many of the great and famous of late seventeenth century England The letters have been chosen to reflect all these aspects of Pepys s varied and fascinating life and include 30 never before published They are accompanied by a running commentary biographies of persons mentioned a glossary a chronology and an introduction that explains how the letters have survived and analyses how they were written BR Guy de la B doy re is a historian and archaeologist with numerous books to his credit His specialist field is

Roman Britain but he has published three books for Boydell on the other seventeenth century diarist John Evelyn 1620 1706 including the widely acclaimed Particular Friends The Correspondence of Samuel Pepys and John Evelyn which features all the letters exchanged by the two men over a period of 38 years **Samuel Pepys Vol.2** Arthur Bryant,1947 **Samuel Pepys** Sir Arthur Bryant,1933 **Samuel Pepys** Claire Tomalin,2007-12-18 For a decade beginning in 1660 an ambitious young London civil servant kept an astonishingly candid account of his life during one of the most defining periods in British history In Samuel Pepys Claire Tomalin offers us a fully realized and richly nuanced portrait of this man whose inadvertent masterpiece would establish him as the greatest diarist in the English language Against the backdrop of plague civil war and regicide with John Milton composing diplomatic correspondence for Oliver Cromwell Christopher Wren drawing up plans to rebuild London and Isaac Newton advancing the empirical study of the world around us Tomalin weaves a breathtaking account of a figure who has passed on to us much of what we know about seventeenth century London We witness Pepys s early life and education see him advising King Charles II before running to watch the great fire consume London learn about the great events of the day as well as the most intimate personal details that Pepys encrypted in the Diary follow him through his later years as a powerful naval administrator and come to appreciate how Pepys s singular literary enterprise would in many ways prefigure our modern selves With exquisite insight and compassion Samuel Pepys captures the uniquely fascinating figure whose legacy lives on more than three hundred years after his death *Catalog of Copyright Entries. New Series* Library of Congress. Copyright Office,1936 **Journeys Erased by Time: The Rediscovered Footprints of Travellers in Egypt and the Near East** Neil Cooke,2019-06-27 Early travellers in Egypt and the Near East made great contributions to our historical and geographical knowledge and gave us a better understanding of the different peoples languages and religions of the region Travellers in this volume are a mixture of rich and poor bravely adventuring into the unknown not knowing if would ever return home *The London of Samuel Pepys* , *Pepys's Navy* J. D. Davies,2008-11-20 An extensively illustrated reference covering four tumultuous decades that gave birth to the modern Royal Navy Winner of the Samuel Pepys Prize and Latham Medal This reference book describes every aspect of the English navy in the second half of the seventeenth century from the time when the Fleet Royal was taken into Parliamentary control after the defeat of Charles I until the accession of William and Mary in 1689 when the long period of war with the Dutch came to an end This is a crucial era that witnessed the creation of a permanent naval service in essence the birth of today s Royal Navy Samuel Pepys whose thirty years of service did so much to replace the ad hoc processes of the past with systems for construction and administration is one of the most significant players and the navy that was by 1690 ready for a century of global struggle with the French owed much to his tireless work This major reference for historians naval enthusiasts and anyone with an interest in this colorful era of the seventeenth century covers naval administration ship types and shipbuilding naval recruitment and crews seamanship and gunnery shipboard life dockyards and bases the foreign navies of the period the three

major wars fought against the Dutch in the Channel and the North Sea Davies writes clearly knows his subject extremely well organizes the material effectively and covers each topic thoroughly there s some new piece of revelatory detail on pretty much every page If you re at all interested in seventeenth century sailing ships especially English ships this is a truly fascinating and rewarding book Corsairs and Captives **The Royal Society** Henry George Lyons,1944 **Kings of the Sea** J. D. Davies,2017-08-30 It has always been widely accepted that the Stuart kings Charles II and James II had an interest in the navy and more generally in the sea Their enthusiastic delight in sailing for instance is often cited as marking the establishment of yachting in England The major naval developments in their reigns on the other hand developments that effectively turned the Royal Navy into a permanent professional fighting force for the first time have traditionally been attributed to Samuel Pepys This new book based on a wide range of new and previously neglected evidence presents a provocative new theory that the creation of the proper Royal Navy was in fact due principally to the Stuart brothers particularly Charles II who is presented here not as the lazy monarch neglectful of the detail of government but as a king with an acute and detailed interest in naval affairs The author also demonstrates that Charles Stuart predecessors were far more directly involved in naval matters than has usually been allowed and proves that Charles and James command of ship design and other technical matters went well beyond the bounds of dilettante enthusiasm It is shown how Charles in particular intervened in ship design discussions at a highly technical level how the brothers were principally responsible for the major reforms that established a permanent naval profession and how they personally sponsored important expeditions and projects such as Greenville Collins survey of British waters The book also reassesses James IIs record as a fighting admiral It is a fascinating journey into the world of the Stuart navy and shows how the Kings of the Sea were absolutely central to the development of its ships their deployment and the officer corps which commanded them it offers a major reassessment of that dynastys involvement in naval warfare

The Enigmatic Realm of **Samuel Pepys The Years Of Peril**: Unleashing the Language is Inner Magic
