Entrepreneurial Renaissance Piero Formica, 2017-04-05 This book explores the parallels between the Renaissance during the 14th to 16th centuries and the upheavals in human and physical sciences in the 21st Century that herald an insurgent

entrepreneurial renaissance The first Renaissance conceived and developed in an urban environment with the Medici family in Florence as pioneers was a melting pot of art culture science and technology It is in that context that entrepreneurship derived from artisan tradition and hence customized was born to meet the demands and anticipate the needs of individual consumers Starting with the mechanical technologies of the first industrial revolution art culture and science became separated from entrepreneurship The latter took on Fordist features which depersonalized and therefore standardized the producer consumer relationship The emerging model of entrepreneurship returns to its origins in customization e g 3D printing technologies sharing on demand economy strongly linked to the sequence art culture science technology The road to a new entrepreneurial renaissance is traveled by cities with creative communities These communities actively participate in promoting international talent mobility encouraging connections among the knowledge nomads who move around the world and the resources and talents rooted locally Brought back to life under the conditions of the current age entrepreneurship is once again woven into the fabric of art culture science and technology and contributing to civic identity and pride Featuring case studies from local experts that highlight innovative initiatives and developments in diverse cities around the world this book aims to stimulate deep thought theories and applications in the fields of entrepreneurship and innovation *Cases in Field Epidemiology: A Global Perspective* Dr. Mark S. Dworkin, 2010-09-17 This collection of case studies some never before published uncover the details of actual disease outbreaks from within the United States and around the world At the conclusion of each chapter the investigator reviews the methods and processes that were employed to execute the investigation Ideal as a complement to any text on infectious disease epidemiology these case studies will bring to life the classic functions of field epidemiology and the application of epidemiological methods to unexpected health problems that require fast on site investigation and timely intervention The cases cover investigations in infectious and non infectious disease outbreaks as well as environmental health related disease outbreaks 2011 484 pages **How to Save the Internet** Nick Clegg, 2025-09-04 A wake up call we cannot afford to ignore TONY BLAIR A vital read for anyone building or regulating the next era of technology REID HOFFMAN The global open internet is fragmenting As democracies seek to rein in the power of Big Tech as Silicon Valley pivots to an America first agenda as authoritarian regimes such as China and Russia segregate their populations from the rest of the internet the most powerful tool ever created for bringing the world together risks being dismantled Taking us behind the scenes at Meta and his interactions with world leaders Nick Clegg Meta s former President Global Affairs sets out where Big Tech has gone wrong how Silicon Valley s insularity has blinded it to its missteps and the radical reforms of the global platforms that are now needed if they are to secure a long term future But he also makes the case that many of the charges against them including that their algorithms polarise manipulate and harm are vastly overstated or simply untrue And while new laws that regulate these corporations are essential imposing national borders on the internet cannot be the answer That will fatally undermine its capacity for knowledge sharing collaboration

education trade medical and scientific research and ultimately for the improvement and empowerment of billions of lives
Radical reasonable deeply felt and disarmingly honest How To Save the Internet sets out a blueprint for the global cooperation we need in order to reform Big Tech while preserving the fundamental openness of the internet on which our future so depends A gripping and timely book Nick Clegg writes with clarity authority and urgency PETER FRANKOPAN
