Adams, 2014-08-15 Those who study the Bible are becoming increasingly attentive to the significance of economics when examining ancient texts and the cultures that produced them This book looks at the socioeconomic landscape of Second Temple Judea from the end of the Babylonian exile to the destruction of the temple by the Romans 532 BCE to 70 CE Adams carefully examines key themes paying special attention to family life the status of women and children while engaging relevant textual and archaeological evidence He looks at borrowing and lending and the burdensome taxation policies under a succession of colonial powers In this pursuit Adams offers an innovative analysis of economic life with fresh insights from biblical texts No other study has specifically analyzed economics for this lengthy timeframe especially in relation to these key themes This important book provides readers with a helpful context for understanding religious beliefs and practices in the time of early Judaism and emerging Christianity

Inheritance and Originality : Wittgenstein, Heidegger, Kierkegaard Stephen Mulhall, 2001-06-14 What might it mean to think of philosophy as being in the condition of modernism in which its relation to its own past and hence its sense of its own future has become an undismissible problem If philosophy's hitherto defining conventions can neither be taken for granted nor rejected they must be put in question which means re-evaluating the relation between the form and content of philosophical writing rethinking the demands that such writing must place on its readers and reconceiving the nature of philosophy itself Inheritance and Originality argues that the writings of Wittgenstein Heidegger and Kierkegaard are best understood as responsive each in their own way to such questions and as driven in consequence to strikingly similar reconceptions of language reason and understanding doubt and scepticism morality and the structure of selfhood Through detailed re-readings of these authors most influential texts as attentive to their specificity as to their family resemblances Stephen Mulhall reorients our sense of the philosophical work each text aims to accomplish to engender a critical dialogue between them from which the elements of a new conception of philosophy might emerge and to uncover that conception's indebtedness to certain fundamental theological preoccupations

Effective Prayers Rev. Robert Antwi, 2012-09 Many prayers go without answered so I decided to seek the face of God to know how Christians will be able to get their prayers answered Since I became a Christian in August 1984 I have seen most of my prayers answered in a very special way so I would like to share with you some of the secrets I learned in getting my prayers answered Our God is a prayer answering God First we must have faith in God and trust that He is prepared to answer when we call on Him But without faith it is impossible to please him for he that cometh to God must believe that he is and that he is a rewarder of them that diligently seek him Heb 11 6 Prayer is diligently seeking the face of God so if we are going to pray then we should believe that God is going to listen and answer our prayer

[AI and the End of Humanity](#) James B. Miles, 2023-01-28 According to Darwin our galaxy is almost certainly teeming with large animal life but intelligent extra terrestrial life can come in just two rare forms senselessly ferocious without meaning or purpose or thoughtful and less murderous although never entirely rational Yet Darwin s warnings about the evolution of natural intelligence also apply to artificial intelligence as advanced machine learning is built upon Darwin s first form of intelligent life Sentient AI can only ever be genocidally hostile and will become locked into an existential struggle with humankind And then there is the evolutionary irony the vast celestial joke that we are the best and the smartest the universe can possibly get to Based on ideas the author developed together with the father of modern evolutionary biology AI and the End of Humanity is the first work to reconcile what Darwin called the highest most interesting problem for the naturalist foreshadowing stranger and more threatening encounters than we could have ever imagined in general I find Miles reasoning superb George C Williams author of Adaptation and Natural Selection and winner of the 1999 Crafoord Prize in Bioscience

An Intertextual Commentary on Romans, Volume 2
Channing L. Crisler, 2021-12-16 An Intertextual Commentary on Romans is an exhaustive treatment of the hundreds of Old Testament citations allusions and echoes embedded in Paul's most famous epistle As many scholars have acknowledged to understand Paul's engagement with Israel's Scriptures is to understand Romans Despite this acknowledgement there is a dearth of reference works in which the primary focus is how the Old Testament impacts Paul's argument from Romans 1:1 to 16:27 This four volume commentary aims to provide just such a reference The interplay between Romans and its vast sea of Old Testament pre texts produces unstated points of resonance that illuminate Paul's rhetorical argument from the letter's opening to its closing doxology Volume 2 examines the scriptural pre texts in Romans 5:1-8:39 While this portion of Romans contains only one full citation it is teeming with scriptural allusions and echoes that are critical to understanding Paul's argumentation Crisler leaves no intertextual stone unturned as he probes the subtext of one of the richest sections in the entire Pauline corpus From Paul's key transition in Romans 5:1 to his poetic flourish in 8:31-39 and everywhere in between Crisler explores the interplay between the apostle's endless engagement with Israel's Scriptures and his message to the Christians in Rome This volume contributes to the commentary's overarching aim which is to provide scholars interpreters and students with verse by verse analysis of how Israel's Scriptures impact almost every clause of Paul's most famous letter
