Screening Vienna: The City of Dreams in English-Language Cinema and Television Timothy K. Conley,2016-01-04 Vienna has been the locale for nearly one hundred and fifty films and television productions in English from 1920s through the first years of this century with imaginative representations of Freud Strauss Franz Josef Mozart Beethoven and Klimt mad scientists assassins spies refugees romantics and American professors historical dramas cartoons documentaries and Hitchcock s only musical comedy The City of Dreams has appeared as an imperial court a center of scientific and medical research a Jewish and Catholic homeland a locus of international espionage and domestic crime the destination for innocents abroad the birthplace of the waltz a stage for performances and performers and the site for romantic rendezvous For many in English language audiences such productions have constituted the most significant representations of Vienna a city that historically has been the capital of one of Europe s largest empires one of the most important centers for classical music and opera both a victim and an accomplice of Nazi Germany and the home of international diplomacy Cultural historians and Austrian writers have provided significant commentary on the city but their influence has seldom reached such an extensive

audience as the films and television productions screening Vienna for English language audiences Screening Vienna thus analyzes the representation of Vienna and the Viennese in English language film and television reviews the critical reception of these productions and measures the representations against the cultural and historical contexts and the writings of contemporary Austrian writers The book is unique in its scope over one hundred and fifty productions from the 1920s to 2013 and in its inclusion of leading reviews of many films references to cultural and historical studies of Vienna and references to modern and contemporary Austrian fiction Thus the analysis is more extensive in its coverage and more intensive in its analysis of each film than any previous study with a focus on scene language plot characterization and the reception of these films Scholars and students in American cultural studies film studies Austrian and Viennese history and popular culture will find the book informative and essential for studies of Vienna in the American and British imagination Given the extensive coverage and filmography many libraries should also view the book as a reference work in addition to its status in cultural and film studies The book will also be useful for film studies and American popular culture studies courses at advanced or graduate level

Shrink Lawrence R. Samuel, 2020-04-01 Psychology has stepped down from the university chair into the marketplace was how the New York Times put it in 1926 Another commentator in 1929 was more biting Psychoanalysis he said had over a generation converted the human scene into a neurotic Freud first used the word around 1895 and by the 1920s psychoanalysis was a phenomenon to be reckoned with in the United States How it gained such purchase taking hold in virtually every aspect of American culture is the story Lawrence R Samuel tells in *Shrink* the first comprehensive popular history of psychoanalysis in America Arriving on the scene at around the same time as the modern idea of the self psychoanalysis has both shaped and reflected the ascent of individualism in American society Samuel traces its path from the theories of Freud and Jung to the innermost reaches of our current me based narcissistic culture Along the way he shows how the arbiters of culture high and low from public intellectuals novelists and filmmakers to *Good Housekeeping* and the *Cosmo* girl mediated or embraced psychoanalysis or some version of it until it could be legitimately viewed as an integral feature of American consciousness

Hollywood's Indies Yannis Tzioumakis, 2012-03-07 For almost three decades the big Hollywood studios have operated classics divisions or specialty labels subsidiaries that originally focused on the foreign art house film market while more recently and controversially moving on to the American indie film market This is the first book to offer an in depth examination of the phenomenon of the classics divisions by tracing its history since the establishment the first specialty label in 1980 United Artists Classics to more contemporary outfits like Focus Features Warner Independent and Picturehouse This detailed account of all classics divisions examines their business practices their position within the often labyrinthine structure of contemporary entertainment conglomerates and their relationship to their parent companies Yannis Tzioumakis examines the impact of those companies on American indie cinema and argues that it was companies such as Fox Searchlight and Paramount Classics now Paramount Vantage that turned independent filmmaking to an industrial

category endorsed by the Hollywood majors as opposed to a mode of filmmaking practised outside the conglomerated major players and posed as a sustained alternative to mainstream Hollywood cinema A number of case studies are provided including such celebrated films as *Mystery Train* *The Brothers McMullen* *Broken Flowers* *Before Sunset* and many others
