Secrets Not Meant To Be Kept:

No Easy Answers Donald R. Gallo, 2011-04-13 This anthology features stories about individuals who find themselves in situations that test their strength of character. They are called upon to make moral choices, face the consequences of their actions, and consider what it means to do the right thing. From computer blackmail, peer pressure, and gang violence to drug use, unwanted pregnancy, guilt, and atonement, these characters face decisions that may affect the rest of their lives. There are many tough choices; there are no easy answers. *Breaking the Silence* Linda Goldman, 2014-06-11 The second edition of this bestselling book is designed for mental health professionals, educators, and the parent caregiver. This book provides specific ideas and techniques to work with children in various areas of complicated grief. It presents words and methods to help initiate discussions of these delicate topics, as well as tools to help children understand and separate complicated grief into parts. These parts, in turn, can be grieved for and released one at a time. A new chapter is included called Communities Grieve Involvement with Children and Trauma. It includes information on The Taiwan Earthquake and how the community worked with children, a school bus accident in which 36 elementary school children witnessed the death of the bus driver that was driving, and how the school system worked with these children and their families, a boy who was running on a cross country team and got hit by a car which was witnessed by teammates, and how a non-profit community grief agency worked with family, school, and community. The last study is from the Oklahoma bombing and the outgrowth of a place for the traumatized children and how they still work with kids and family today. This chapter then contains new activities to work with traumatized grieving children. The new edition also includes updated resources, books, curriculums, websites, hotlines, and another new chapter on bullying and victimization issues. The chapter for educators has been expanded, including the coverage of topics such as at-risk students, gay and lesbian issues, and self-injurious behaviors. *Concise Oxford English Dictionary* Angus Stevenson, Maurice Waite, 2011-08-18 This centenary edition of the world famous Concise Oxford English Dictionary presents the most accurate picture of English today. *Secrecy and Silence in the Research Process* Roisin Ryan-Flood, Rosalind Gill, 2013-05-13 Feminist research is informed by a history of breaking silences, of demanding that women's voices be heard, recorded, and included in wider intellectual genealogies and histories. This has led to an emphasis on voice and speaking out in the research endeavour. Moments of secrecy and silence are less often addressed. This gives rise to a number of questions: What are the silences, secrets, omissions, and political consequences of such moments? What particular dilemmas and constraints do they represent or entail? What are their implications for research praxis? Are such moments always indicative of voicelessness or powerlessness? Or may they also constitute a productive moment in the research encounter? Contributors to this volume were invited to reflect on these questions. The resulting chapters are a fascinating collection of insights into the research process, making an important contribution to theoretical and empirical debates about epistemology, subjectivity, and identity in research. Researchers often face difficult dilemmas about who to

represent and how what to omit and what to include This book explores such questions in an important and timely collection of essays from international scholars **Puzzle at Pine Hollow** Natalie Steele,2025-06-24 Puzzle at Pine Hollow is a gripping mystery novel set in a secluded estate where secrets are layered deep beneath time and silence When Clara arrives at Pine Hollow she expects solitude but what she discovers is a chilling trail of clues hidden in locked attics forgotten cellars faded wallpaper and abandoned millhouses Each chapter reveals a new piece of a long buried puzzle a vanished lantern a stranger on Ridge Road whispers from the past and a map hidden in the margins of old books As Clara follows the footprints left behind at dawn and uncovers letters hidden in fireplaces she is drawn into a haunting legacy no one dared confront The truth at Pine Hollow is not just about the estate s past but about courage memory and the power of unearthing what was meant to stay hidden Puzzle at Pine Hollow is a suspenseful journey where each chapter peels back another layer of the unknown a richly atmospheric tale for readers who love slow burning mysteries with depth and discovery **Secrets to**
