The Secrets of HMS Dasher John Steele, Noreen Steele, 2002

Operation Heartbreak and The Man Who Never

Was Hastings Ismay, John Julius Norwich, 2011-11-08 In the early hours of 30 April 1943 a corpse wearing the uniform of an officer in the Royal Marines was slipped into the waters off the south west coast of Spain With it was a briefcase in which were papers detailing an imminent Allied invasion of Greece As the British had anticipated the supposedly neutral government of Fascist Spain turned the papers over to the Nazi High Command who swallowed the story whole It was perhaps the most decisive bluff of all time for the Allies had no such plan the purpose of Operation Mincemeat was to blind the German High Command to their true objective an attack on Southern Europe through Sicily Though officially shrouded in secrecy the operation soon became legendary in part owing to Churchill's post war habit of telling the story at dinner It gave rise to two very different books In 1950 came Duff Cooper's poignant novel Operation Heartbreak a romantic tale one which the government right up to PM Clement Attlee attempted to suppress Its publication prompted the intelligence services to pressurize the operation's mastermind Ewen Montagu into writing a factual account The Man Who Never Was Spellmount are proud to present these two accounts fictional and factual of one of the greatest intelligence operations ever undertaken with an introduction by Duff Cooper's son John Julius Norwich

Deathly Deception Denis
