Shallow Waters Rising Tide Shipping And Trade In Java Around 1775:

Shallow Waters, Rising Tide G. J. Knaap, 1996 In the historiography of Southeast Asia of the early modern period maritime trade has always been an important topic A good opportunity for learning more about early modern shipping and trade is by making use of the few surviving harbourmasters registrations of private traffic in fifteen major ports in Java around the year 1775 In this book these records registering more than 20 000 ship movements are analysed and interpreted in their broader context The traffic in the shallow waters along the coast of Java appears to have experienced a rising tide of Dutch presence

Commodities, Ports and Asian Maritime Trade Since 1750 Anthony Webster, Ulbe Bosma, 2015-10-13 This book examines the role of mercantile networks in linking Asian economies to the global economy It contains fourteen contributions on East Southeast and South Asia covering the period from 1750 to the present

Arabian Seas 1700 - 1763 Rene Barendse, 2009-10-26 The Western Indian Ocean in the Eighteenth Century is the first of four volumes offering a sweeping panorama of the Arabian Seas during the early modern period Focusing on the period 1700 1763 the first volume concentrates on daily life in littoral societies examining long term issues including climatic change famine and the structures of fishing communities The volume examines littoral societies in each of the major coastal areas of the Western Indian Ocean East Africa the Red Seas the Persian Gulf and its traditional ties to surrounding hinterlands as well as to the west coast of India While having particular interest to readers concerned with Indian Ocean history as an absorbing and innovative account of a much neglected albeit critical area and period Arabian Seas 1700 1763 will be of great interest to anyone interested in early modern maritime social or economic history

Kings Gangsters and Companies volume two of Arabian Seas 1700 1763 focuses on European relations with the major states and societies of the Western Indian Ocean during the eighteenth century As such it traces the major structural changes in African South Asian and Middle Eastern societies during this period Chapters examine European communities and their relations with the societies of the Indian Ocean basin the daily life of European soldiers and merchants relations with Indian women European views on the Indian caste system as well as the governmental systems they encountered The volume also details the importance of Indian and Persian merchant communities in the Indian Ocean trading system and the impact of war on the economic development of this system during the eighteenth century

Men and Merchandise the third volume of Arabian Seas 1700 1763 provides a detailed examination of the economic and social structures in the Western Indian Ocean focusing on key commodities like

bullion textiles and the slave trade Readers will also encounter interesting vignettes of daily life an Indian nautch girl worried about her inheritance a Portuguese gangster friar and pariah workers the infamous buccaneers of Madagascar coffee traders from Yemen Cairo and the Crimea and Iraqi and Iranian bankers who all had relevance to this vast economic system Men and Merchandise provides insights into other traditionally ignored aspects in the traditional historiography including uprisings aboard slave ships and details of maroon societies involving refugee slaves in India and Mauritius as well as Dutch slave soldiers in the Persian Gulf As such it will prove of great interest to any reader concerned with the social and economic history of the Indian Ocean basin Europe in Asia the fourth volume and final volume in Arabian Seas 1700 1763 details the early phase of European territorial empire building in the western Indian Ocean basin Particular attention is given to the much neglected history of the Portuguese Estado da India and the attempts of the Portuguese Crown to reform its administration and dwindling possessions in the eighteenth century The volume examines the direct legacies of the longstanding Portuguese imperial presence in the Arabian Seas including the experiences of Indian Catholic communities as well as the establishment of Indian settlements and communities in East Africa Finally the volume provides an exhaustive treatment of the structures and history of the Dutch East India Company VOC and English East India Company EIC the establishment of the vast private co

Technology in Southeast Asian History Suzanne Moon,2023-07-25 Explores the role of technology in the larger political and economic fabric of Southeast Asia In Technology in Southeast Asian History Suzanne Moon explores the profound entanglement of technology with Southeast Asian politics social life economics and culture over its long history Moon offers a unique framework for understanding the place of technology in this region and its pivotal role in the emergence of the modern technological world Synthesizing scholarship from the fields of history archaeology and anthropology Moon examines and links technological stories from prehistory to the mid twentieth century She uses analytics in the history of technology such as circulation coproduction and assemblage to highlight the processes and evolving patterns of technological dynamism that characterize the region Drawing on research focused on specific technologies including temple construction rice agriculture weaving and shipbuilding Moon investigates the interconnectedness of these technologies within the larger political and economic fabric of Southeast Asian history In contrast with portrayals of Southeast Asia as technologically deficient Moon demonstrates the richness of this region s technological cultures She rejects polarizing binaries such as traditional and modern or indigenous and foreign instead underscoring Southeast Asia s role as a dynamic cocreator of the modern technological world Technology has contributed to the creation and disruption of social and political orders shaped engagements across barriers of distance culture and language and produced and reproduced diverse cultures in this region This narrative of technological change offers students scholars and readers critical new perspectives on both technological history and Southeast Asian history

Europe and the World, 1650-1830 Professor Jeremy Black,Jeremy Black,2013-10-08 Europe and the World 1650 1830 is an important

thematic study of the first age of globalisation It surveys the interaction of Europe Europe's growing colonies and other major global powers such as the Ottoman Empire China India and Japan Focusing on Europe's impact on the world Jeremy Black analyses European attitudes exploration trade and acquisition of knowledge British Traders in the East Indies, 1770-1820 W. G. Miller, 2020 An in depth study of the British traders who extended British commercial activity beyond the area controlled by the East India Company **Imperial Alchemy** Anthony Reid, 2010 Using Southeast Asia as an example this book tests theory about the relation between modernity nationalism and ethnic identity The author develops his own typology to better fit the formation of political identities such as the Indonesian Malay Chinese Acehnese Batak and Kadazan

Global Indonesia Jean Gelman Taylor, 2013 In the 19th century colonial rule brought the modern world closer to the Indonesian peoples introducing mechanized transport all weather roads postal and telegraph communications and steamship networks that linked Indonesia's islands to each other to Europe and the Middle East This book looks at Indonesia's global importance and traces the entwining of its peoples and economies with the wider world The book discusses how products unique to Indonesia first slipped into regional trade networks and exposed scattered communities to the dynamic influence of far off civilizations It focuses on economic and cultural changes that resulted in the emergence of political units organized as oligarchies or monarchies and goes on to look in detail at Indonesia's relationship with Holland's East Indies Company The book analyses the attempts by politicians to negotiate ways of being modern but uniquely Indonesian and considers the oscillations in Indonesia between movements for theocracy and democracy It is a useful contribution for students and scholars of World History and Southeast Asian Studies **Maritime Labour** Richard Gorski, 2007 This is a collection of soundings into various aspects of the history of maritime labor from the close of the Middle Ages to the present The spatial emphasis of the essays is north European and Atlantic since they deal with the countries around the North Sea and Baltic with some coverage of North America Indeed from time to time the authors leave the sea behind in order to examine broader issues such as labor markets the regulation and institutions of seafaring and industrial relations on the waterfront But at all points there is a common theme of sea related labor and a common objective of better understanding what have often been perceived as difficult and elusive groups of people **Chinese Circulations** Eric Tagliacozzo, Wen-chin Chang, 2011-04-13 This collection of twenty essays provides an unprecedented overview of Chinese trade through the centuries highlighting its scope diversity complexity and the commodities that have linked it with Southeast Asia Southeast Asian Studies Cynthia Chou, Vincent Houben, 2006 What is the relevance of the area studies approach to Southeast Asia The current state and future directions of area studies of which Southeast Asian studies are a part is a central question not only to scientists working in the field but also those engaged in university politics This collection of nine articles is written by specialists from different disciplinary backgrounds and working in institutions of higher learning all around the world It provides an up to date insight into the current state of the study field its strengths and weaknesses and seeks ways to reconfigure Southeast

Asian studies in order to meet the challenges of a region that is caught up in profound transformation as a consequence of both globalization and localization

Cosmopolitanism and Tourism Robert Shepherd, 2017-12-12 Within tourism studies the cosmopolitan potentials of tourism have often been situated within a broader conversation about globalization an approach that implies that cosmopolitanism is a predictable by product of globalization and becoming more cosmopolitan should be the goal of travel And yet a fundamental value of a cosmopolitan outlook namely to not only to be at home in the world but also to experience the world in an authentic sense depends on the culturally embedded parochial and particular world views which it rejects In *Cosmopolitanism and Tourism Rethinking Theory and Practice* contributors take this as a starting point What does a worldly consciousness mean to people situated in different cultural landscapes and to what extent might these intersect with cosmopolitan values How is cosmopolitanism marketed in tourism and tourist related industries such as service learning and study abroad And finally what roles do social and economic class educational background gender and other factors have in cosmopolitan claims The contributors to this edited collection address these questions in a series of case studies that range from Guatemala Bolivia and Ireland to China India and Dubai For more information check out *A Conversation with Robert Shepherd author of Cosmopolitanism and Tourism Rethinking Theory and Practice*

The Spinning World Giorgio Riello, Prasannan Parthasarathi, 2011-09-22 This collection of essays examines the history of cotton textiles at a global level over the period 1200 1850 It provides new answers to two questions what is it about cotton that made it the paradigmatic first global commodity And second why did cotton industries in different parts of the world follow different paths of development

Historical Dictionary of Indonesia R. B. Cribb, Audrey Kahin, 2004 Indonesia is Asia s third largest country in both population and area a sprawling tropical archipelago of some 180 million people from hundreds of ethnic groups with a complex and turbulent history One of Asia s newly industrializing countries it is already a major economic powerhouse In over 800 clear and succinct entries the dictionary covers people places and organizations as well as economics culture and political thought from Indonesia s ancient history up until the recent past Includes a comprehensive bibliography maps chronology list of abbreviations and appendix of election results and major office holders This second edition has been thoroughly updated and expanded to cover the events that have occurred in Indonesia s history in the past fifteen years

Historical Dictionary of Indonesia Audrey Kahin, 2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world s most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East

Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of Historical Dictionary of Indonesia contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

Historical Dictionary of the Netherlands Joop W. Koopmans, Arend H. Huussen Jr., 2007-05-22 The Netherlands frequently but erroneously called Holland is one of the most densely populated countries in the world In the past few decades it has been undergoing many transformations made possible by its dynamic and fast moving political landscape It has shifted from fierce nationalism toward a self image of tolerance and permissiveness the national identity and self consciousness has slowly eroded through decolonization and immigration Unfortunately several murders of prominent controversial politicians have started yet another shift away from tolerance and economic stagnation has bred pessimism Nonetheless despite many trials and tribulations there has been real progress and the Dutch have perhaps done a better job of coming to terms with their limitations than many others in the world The second edition of the Historical Dictionary of the Netherlands contains more than 700 cross referenced dictionary entries on individual topics spanning the Netherlands political economic and social system along with short biographies on important figures who have shaped the Netherlands history Supplementing the entries are a list of acronyms and abbreviations a chronology an introduction appendixes and a bibliography making this a superb quick reference on the Netherlands
