**The Shaping of Somali Society** Lee V. Cassanelli, 2016-11-11 While recurrent drought war with neighboring Ethiopia and a staggering refugee crisis have recently propelled the African nation of Somalia into world headlines remarkably little is known about the history of this East African country For the first time Lee Cassanelli makes available a book length study of Somalia's precolonial heritage A nation of nomads the Somalis have through long experience adapted to a harsh semidesert environment While persistently divided by clan sectarian and regional loyalties in the past they have nevertheless come to acquire a compelling sense of their cultural unity and national identity The Shaping of Somali Society examines the historical experiences of these people while focusing on recurrent themes a deeply rooted kinship system based on lineages that feud as frequently as they cooperate the gradual Islamization of the entire society through the work of itinerant Sufi saints the rise and fall of regional sultanates and long distance trade networks and a history of resistance to foreign invaders To reconstruct the past of this important African society the author draws on ethnographic and linguistic evidence travelers accounts a substantial body of Somali oral traditions and recollections gathered during several visits to the country Using this material and the techniques of traditional historiography Cassanelli examines the precolonial interplay of environmental social economic and religious forces that produced a society that though politically fragmented has been integrated at a number of levels of structure belief and behavior Perhaps more importantly the author discusses the problems of interpreting the often fragmentary historical data and presents a new framework for studying regional patterns of change in a pastoral setting

Abdurahman, 2017-09-18 In the last three decades Somalia has been associated with such horrible terms as state collapse civil wars foreign intervention warlordism famine piracy and terrorism This depiction was in contradiction to its earlier images as the cradle of the human race the kernel of ancient civilizations the land of Punt a homogeneous nation state and the first democratic state in Africa So how did things fall apart in the country This Volume 1 of a two volume narrative Dr Abdullahi explores the history of the people of Somali peninsula since ancient times the advent of Islam and colonialism the rise and fall of Somali nationalism and the perspectives of the Somali state collapse The book uses a unique thematic approach and analysis to make sense of Somali history by emphasizing the responsibility of Somali political elites in creating

Mukhtar, 2003-02-25 Despite advances in modern communication and the proliferation of information there remain areas of the world about which little is known One such place is Somalia The informed public is aware of a political meltdown and consequent chaos there but few comprehend the causes of this tragic crisis This new edition covers Somalia's origin history culture and language as well as current economic and political issues The alphabetical arrangement of this Dictionary with a complete chronology list of acronyms and in depth bibliography provide useful information about the country in a convenient format A vital addition to reference collections supporting undergraduate and graduate programs on Africa and the Middle East international relations and economics a useful fact filled compendium for government and public libraries NGO's and other special libraries *Love and Liberation* Lauren Carruth, 2021-10-15 Lauren Carruth's *Love and Liberation* tells a new kind of humanitarian story The protagonists are not volunteers from afar but rather Somali locals caring for each other nurses aid workers policymakers drivers community health workers and bureaucrats The contributions of locals are often taken for granted and the competencies aspirations and effectiveness of local staffers frequently remain muted or absent from the planning and evaluation of humanitarian interventions structured by outsiders Relief work is traditionally imagined as politically neutral and impartial and interventions are planned as temporary extraordinary and distant Carruth provides an alternative vision of what humanitarian response means in practice not driven by International Humanitarian Law the missions of Western relief organizations or trends in the aid industry or academia but instead by what Somalis call samafal Samafal is structured by the cultivation of lasting relationships of care interdependence kinship and ethnic solidarity Samafal is also explicitly political and potentially emancipatory humanitarian responses present opportunities for Somalis to begin to redress histories of colonial partitions and to make the most out of their political and economic marginalization By centering *Love and Liberation* around Somalis understanding and enactments of samafal Carruth offers a new perspective on politics and intervention in Africa *Rethinking Resistance* Jon Abbink, Klaas van Walraven, Mirjam de Bruijn, 2003-01-01 Revolts and violence have always been features of African history but questions frequently still remain as to what and who the targets of resistance were This volume reviews the subject of resistance in the light of current scholarly thought Were political forms of resistance directed at the imposition or ending of colonial rule or at African elites profiting from the onset

of capitalist relations of production Or did they have purely sociological or religious roots With contributions from historians anthropologists and political scientists *Rethinking Resistance* analyzes the concepts of resistance violence and ideological imagination and has chapters on uprisings and revolts in nineteenth century pre colonial societies and early colonial Africa post colonial rebellions and more recent and contemporary conflicts **Historical Abstracts** ,1983 Vols 17 18 cover 1775 1914 **Writing Architectural History** Aggregate Architectural History Collaborative,2021-12-14 Over the past two decades scholarship in architectural history has transformed moving away from design studio pedagogy and postmodern historicism to draw instead from trends in critical theory focusing on gender race the environment and more recently global history connecting to revisionist trends in other fields With examples across space and time from medieval European coin trials and eighteenth century Haitian revolutionary buildings to Weimar German construction firms and present day African refugee camps *Writing Architectural History* considers the impact of these shifting institutional landscapes and disciplinary positionings for architectural history Contributors reveal how new methodological approaches have developed interdisciplinary research beyond the traditional boundaries of art history departments and architecture schools and explore the challenges and opportunities presented by conventional and unorthodox forms of evidence and narrative the tools used to write history *The Palgrave Handbook of African Political Economy* Samuel Ojo Oloruntoba,Toyin Falola,2020-06-23 This handbook constitutes a specialist single compendium that analyses African political economy in its theoretical historical and policy dimensions It emphasizes the uniqueness of African political economy within a global capitalist system that is ever changing and complex Chapters in the book discuss how domestic and international political economic forces have shaped and continue to shape development outcomes on the continent Contributors also provoke new thinking on theories and policies to better position the continent s economy to be a critical global force The uniqueness of the handbook lies in linking theory and praxis with the past future and various dimensions of the political economy of Africa *State Failure and State Weakness in a Time of Terror* Robert I. Rotberg,2004-05-13 The threat of terror which flares in Africa and Indonesia has given the problem of failed states an unprecedented immediacy and importance In the past failure had a primarily humanitarian dimension with fewer implications for peace and security Now nation states that fail or may do so pose dangers to themselves to their neighbors and to people around the globe preventing their failure and reviving those that do fail has become a strategic as well as a moral imperative *State Failure and State Weakness in a Time of Terror* develops an innovative theory of state failure that classifies and categorizes states along a continuum from weak to failed to collapsed By understanding the mechanisms and identifying the tell tale indicators of state failure it is possible to develop strategies to arrest the fatal slide from weakness to collapse This state failure paradigm is illustrated through detailed case studies of states that have failed and collapsed the Democratic Republic of the Congo Sierra Leone the Sudan Somalia states that are dangerously weak Colombia Indonesia Sri Lanka Tajikistan and states that are weak but safe Fiji Haiti Lebanon
