in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites Faerie Tale Raymond E. Feist, 2008-11-26 A contemporary novel of masterful horror replete with magic fantasy and more than a little stylish sensuality The Washington Post Phil Hastings was a lucky man he had money a growing reputation as a screenwriter a happy loving family with three kids and he'd just moved into the house of his dreams in rural of magic and about to be altered irrevocably by a magic more real than any he dared imagine For with the Magic came the Bad Thing and the Faerie and then the Fool and the resurrection of a primordial war with a forgotten People a war that not only the Hastings but the whole human race could lose Absorbing thought provoking and thoroughly magical Feist's skillfully crafted prose illuminates many of the darker sides of fairy stories Try it as a bedtime story but only on nights when you can take some time getting to sleep The West Coast Review of Books *Globalism, Nationalism, Tribalism* Paul James, 2006-05-09 Paul James has written a magnificent account of the world's current condition one that highlights the complexities and contradictions with which people communities and nations must contend and that does so in a compelling and creative style Stressing the interaction between global and local forces his writing style is lively and compelling as well as peppered with a wide range of citations from Woman's Day to the Cambodian Daily on the same page James N. Rosenau University Professor of International Affairs The George Washington University *Globalism Nationalism Tribalism* establishes a new basis for understanding the changing nature of polity and community and offers unprecedented attention to these dominant trends Paul James charts the contradictions and tensions we all encounter in an era of increasing globalization from genocide and terrorism to television and finance capital Globalism is treated as an uneven and layered process of spatial expansion not simply one of disorder fragmentation or rupture Nor is it simply a force of homogenization Nationalism is taken seriously as a continuing and important formation of contemporary identity and politics James rewrites the modernism theories of the nation state without devolving into the postmodernist assertion that all is invention or surface gloss Tribalism is given the attention it has long warranted and is analyzed as a continuing and changing formation of social life from the villages of Rwanda to the cities of the West Theoretically adept and powerfully argued this is the first comprehensive analysis that brings these crucial themes of contemporary life together To Be Continued Hope Apple, Merle L.
