## **Sharing The Journey Support Groups And Americas New Quest For Community:**

**Sharing the Journey** Robert Wuthnow,1994      **Faith, Family, and Filipino American Community Life** Stephen M. Cherry,2014-01-03 Stephen M Cherry draws upon a rich set of ethnographic and survey data collected over a six year period to explore the roles that Catholicism and family play in shaping Filipino American community life From the planning and construction of community centers to volunteering at health fairs or protesting against abortion this book illustrates the powerful ways these forces structure and animate not only how first generation Filipino Americans think and feel about their community but how they are compelled to engage it over issues deemed important to the sanctity of the family Revealing more than intimate accounts of Filipino American lives Cherry offers a glimpse of the often hidden but vital relationship between religion and community in the lives of new immigrants and allows speculation on the broader impact of Filipino immigration on the nation The Filipino American community is the second largest immigrant community in the United States and the Philippines is the second largest source of Catholic immigration to this country This ground breaking study outlines how first generation Filipino Americans have the potential to reshape American Catholicism and are already having an impact on American civic life through the engagement of their faith      *Quest for Spiritual Community* Angela H. Reed,2011-04-25 Many churches recognize the importance of the genuine spiritual hunger in our time and are attempting to bridge the gulf between traditional religious institutions and the contemporary spiritual quest by revitalizing and retooling ancient spiritual practices This book suggests that it is possible to relish the spiritual quest while honoring tradition and theological inquiry through practices such as spiritual guidance It presents a sociological analysis of contemporary spirituality case studies of congregations with spiritual guidance ministries and reflection on historical practices and Protestant theological roots to explore the strengths and pitfalls of nurturing the contemporary spiritual quest in the average congregation The resulting vision for congregation based spiritual guidance incorporates practices that attend to person community and mission      Bowling Alone: Revised and Updated Robert D. Putnam,2001-08-01 Once we bowled in leagues usually after work but no longer This seemingly small phenomenon symbolizes a significant social change that Robert Putnam has identified in this brilliant volume *Bowling Alone* which The Economist hailed as a prodigious achievement Drawing on vast new data that reveal Americans changing behavior Putnam shows how we have become increasingly disconnected from one another and how social structures whether they be PTA church or political parties have disintegrated Until the publication of this groundbreaking work no one had so deftly diagnosed the harm that these broken bonds have wreaked on our physical and civic health nor had anyone exalted their fundamental power in creating a society that is happy healthy and safe Like defining works from the past such as *The Lonely Crowd* and *The Affluent Society* and like the works of C Wright Mills and Betty Friedan Putnam s *Bowling Alone* has identified a central crisis at the heart of our society and suggests what we can do      *Transforming Congregations through Community* Boyung Lee,2013-11-11 In this helpful book

Boyung Lee offers an encouraging vision of the mainline church's future. Lee grapples with some of the greatest challenges facing the mainline church, offering compelling responses to recurring questions: What does faithfulness to the gospel look like in this changing world? What is our distinctive voice in the larger society? How does theological education have to change if it is to serve the needs of a new century? Lee argues that the church's future is a promising one if the church can offer a richer and deeper definition of community, one that moves beyond the excessive individualism of western culture and that helps mainline Christians understand their solidarity with one another and with all of God's people. Lee further explores the crucial role of faith formation at the congregational and seminary levels. More than mere schooling, theological education must engage all aspects of educators and students' lives to prepare seminarians for the challenges that lie ahead. While not dismissing the mainline church's challenges, Lee offers congregational leaders and seminary educators a vision of a church transformed for the 21st century.

The Church and the Crisis of Community Theresa F. Latini, 2011. Contemporary society is in crisis: its structures broken and fragmented and its people overstimulated, overstressed, and thirsty for true communion with the sacred and with one another. Yet although more than eighty-five percent of congregations in the United States conduct small group ministry, too many of these groups begin with no clear sense of purpose, structure, or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity. In The Church and the Crisis of Community, Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry. Examining the latest sociological research and the real-life practices of small groups in six congregations, she shows how well-developed groups—those with mission statements, leadership training, and solid organizational structure—can be a truly effective tool in the church's work of transforming broken and shallow forms of community into life-giving, life-sustaining relationships with God and others.

Join the Club Tina Rosenberg, 2011-04-08. In the style of *Nudge* or *The Spirit Level*, a groundbreaking book that will change the way you look at the world. Tina Rosenberg has spent her career tackling some of the world's hardest problems. *The Haunted Land*, her searing book on how Eastern Europe faced the crimes of Communism, was awarded both the National Book Award and the Pulitzer Prize in the US. In *Join the Club*, she identifies a brewing social revolution that is changing the way people live, based

on harnessing the positive force of peer pressure Her stories of peer power in action show how it has reduced teen smoking in the United States made villages in India healthier and more prosperous helped minority students get top grades in college calculus and even led to the fall of Slobodan Milosevic She tells how creative social entrepreneurs are starting to use peer pressure to accomplish goals as personal as losing weight and as global as fighting terrorism Inspiring and engrossing Join the Club explains how we can better our world through humanity's most powerful and abundant resource our connections with one another     *Bowling Alone* Robert D. Putnam, 2000 Packed with provocative information about the social and political habits of twentieth century Americans     **The Future of Evangelicalism in America** Candy Gunther Brown, Mark Silk, 2016-04-26 In *The Future of Evangelicalism in America* thematic chapters on culture spirituality theology politics and ethnicity reveal the sources of the movement's dynamism as well as significant challenges confronting the rising generations A collaboration among scholars of history religious studies theology political science and ethnic studies the volume offers unique insight into a vibrant and sometimes controversial movement the future of which is closely tied to the future of America     Online Small Groups as Sites of Teaching Simon Hallonsten, 2024-04-25 Centered around a reflective narrative recounting the experiences of a participatory action research project into leading online small groups for adults in the Church of Sweden Diocese of Stockholm during 2021 and 2022 the dissertation argues for the need to reconceptualize and reemphasize teaching as an important aspect in Christian religious education Employing creative non fiction methods the dissertation aims to broaden the scope of the initial Online Small Groups project by inviting readers to join into a learning journey The narrative account is complemented with more traditional forms of analysis that connect experiences from online small groups in the Church of Sweden to similar research from Anglo Saxon countries noting especially how notions of community diverge due to different ecclesiological understandings Insights are then synthesized into eight teaching strategies aimed at communicating actionable knowledge to small group leaders before noting how the study complements research on Christian religious education and particularly the current debate about learning and teaching in the Church of Sweden     *Restoring the Ties that Bind* William L. Sachs, Thomas P. Holland, 2003 An important book for clergy and lay members who are concerned with mapping the future of the Episcopal Church Reports on the findings of research that conclude there is a paradox in the Episcopal Church     *Open Friendship in a Closed Society* Peter Slade, 2009-10-09 Peter Slade examines Mission Mississippi's model of racial reconciliation which stresses one on one individual friendships among religious people of different races and considers whether it can effectively address the issue of social justice Slade argues that Mission Mississippi's goal of changing Mississippi one relationship at a time is both a pragmatic strategy and a theological statement of hope for social and economic change in Mississippi     Private Needs, Public Selves John K. Roth, 1997 Polls through the 90s show that many Americans believe the nation is in a period of spiritual decline yet public religious display and discussion often is deemed politically incorrect Philosopher John K Roth feels that more outward

sharing of religious beliefs thoughts and ideas would bridge the gap between our private needs and our public selves and would give Americans of differing faiths a common identity

**The Connecting Church** Randy Frazee,2009-05-26 The development of meaningful relationships where every member carries a significant sense of belonging is central to what it means to be the church So why do many Christians feel disappointed and disillusioned with their efforts to experience authentic community Despite the best efforts of pastors small group leaders and faithful lay persons church too often is a place of loneliness rather than connection Church can be so much better So intimate and alive The Connecting Church tells you how The answer may seem radical today but it was a central component of life in the early church First century Christians knew what it meant to live in vital community with one another relating with a depth and commitment that made the body of Christ a perfect metaphor for the church What would it take to reclaim that kind of love joy support and dynamic spiritual growth Read this book and find out
