Olgopol ghetto provides a unique perspective of a Jewish medical doctor who witnessed murderous death as well as brave acts of resistance and survival Introduced and annotated by historian Leo Spitzer and translated from German by the late Margaret Robinson Dr Kessler's memoir provides an engrossing account of his infamous discovery that Vapniarka's Romanian authorities routinely and it seems knowingly fed camp inmates a daily soup containing toxic chickling peas *Lathyrus sativus* that induced paralysis kidney failure and oftentimes death It reveals the daring by which he together with fellow inmate medical associates saved hundreds of lives by organizing a hunger strike that resulted in the camp's dissolution and the prisoners relocation to ghettos throughout Transnistria Kessler's narrative continues with an account of privileges attainable by deportees with useful skills and provides illuminating details about informal systems and practices that enabled many to survive and to provide care to fellow victims of genocidal persecution The memoir is illustrated with moving drawings produced by prisoners in the Vapniarka concentration camp and presented to Dr Kessler in recognition of his brave work of healing

Witnessing Unbound Henri Lustiger Thaler, Habbo Knoch, 2017-09-04 A must read for the further understanding of the Holocaust its cruel reality and its afterdeath [The Afterlife of the Shoah in Central and Eastern European Cultures](#) Anna Artwinska, Anja Tippner, 2021-11-08 [The Afterlife of the Shoah in Central and Eastern European Cultures](#) is a collection of essays by literary scholars from Germany the US and Central Eastern Europe offering insight into the specific ways of representing the Shoah and its aftereffects as well as its entanglement with other catastrophic events in the region Introducing the conceptual frame of postcatastrophe the collected essays explore the discursive and artistic space the Shoah occupies in the countries between Moscow and Berlin Postcatastrophe is informed by the knowledge of other concepts of post and shares their insight into forms of transmission and latency in contrast to them explores the after effects of extreme events on a collective aesthetic and political rather than a personal level The articles use the concept of postcatastrophe as a key to understanding the entangled and conflicted cultures of remembrance in postsocialist literatures and the arts dealing with events phenomena and developments that refuse to remain in the past and still continue to shape perceptions of today's societies in Eastern Europe As a contribution to memory studies as well as to literary criticism with a special focus on Shoah remembrance after socialism this book is of great interest to students and scholars of European history and those interested in historical memory more broadly

So They Remember Maksim Goldenshteyn, 2022-01-20 When we think of Nazi camps names such as Auschwitz Bergen Belsen and Dachau come instantly to mind Yet the history of the Holocaust extends beyond those notorious sites In the former territory of Transnistria located in occupied Soviet Ukraine and governed by Nazi Germany's Romanian allies many Jews perished due to disease starvation and other horrific conditions Through an intimate blending of memoir history and reportage *So They Remember* illuminates this oft overlooked chapter of the Holocaust In December 1941 with the German led invasion of the Soviet Union in its sixth month a twelve year old Jewish boy named Motl Braverman along with family members was uprooted from his Ukrainian hometown and herded to the

remote village of Pechera the site of a Romanian death camp Author Maksim Goldenshteyn the grandson of Motl first learned of his family s wartime experiences in 2012 Through tireless research Goldenshteyn spent years unraveling the story of Motl his family members and their fellow prisoners The author here renders their story through the eyes of Motl and other children who decades later would bear witness to the traumas they suffered Until now Romanian historians and survivors have served as almost the only chroniclers of the Holocaust in Transnistria Goldenshteyn s account based on interviews with Soviet born relatives and other survivors archival documents and memoirs is among the first full length books to spotlight the Pechera camp ominously known by its prisoners as Mertvaya Petlya or the Death Noose Unfortunately as the author explains the Pechera camp was only one of some two hundred concentration sites spread across Transnistria where local Ukrainian policemen often conspired with Romanian guards to brutalize the prisoners In March 1944 the Red Army liberated Motl s family and fellow captives Yet for decades according to the author they were silenced by Soviet policies enacted to erase all memory of Jewish wartime suffering So They Remember gives voice to this long repressed history and documents how the events at Pechera and other surrounding camps and ghettos would continue to shape remaining survivors and their descendants

Diaspora and Memory ,2016-08-01 Experiences of migration and dwelling in displacement impinge upon the lives of an ever increasing number of people worldwide with business class comfort but more often with unrelenting violence Since the early 1990s the political and cultural realities of global migration have led to a growing interest in the different forms of diasporic existence and identities The articles in this book do not focus on the external boundaries of diaspora what is diasporic and what is not but on one of its most important internal boundaries which is indicated by the second term in the title of this book memory It is not by chance that the right to remember the responsibility to recall are central issues of the debates in diasporic communities and their relation to their cultural and political surroundings The relation of diaspora and memory contains important critical and maybe even subversive potentials Memory can transcend the territorial logic of dispersal and return and emerge as a competing source of diasporic identity The articles in this volume explore how shaped by the responsibilities of testimony as well as by the normalizing forces of amnesia and forgetting and political interests memory is a performative figurative process rather than a secure space of identity

The Shoah in Ukraine Ray Brandon,Wendy Lower,2008-05-28 On the eve of the Nazi invasion of the USSR in 1941 Ukraine was home to the largest Jewish community in Europe Between 1941 and 1944 some 1 4 million Jews were killed there and one of the most important centers of Jewish life was destroyed Yet little is known about this chapter of Holocaust history Drawing on archival sources from the former Soviet Union and bringing together researchers from Ukraine Germany Great Britain the Netherlands and the United States The Shoah in Ukraine sheds light on the critical themes of perpetration collaboration Jewish Ukrainian relations testimony rescue and Holocaust remembrance in Ukraine Contributors are Andrej Angrick Omer Bartov Karel C Berkhoff Ray Brandon Martin Dean Dennis Deletant Frank Golczewski Alexander Kruglov Wendy Lower Dieter Pohl and

Timothy Snyder *The Holocaust* David M. Crowe, 2018-05-04 This book details the history of the Jews their two millennia old struggle with a larger Christian world and the historical anti-Semitism that created the environment that helped pave the way for the Holocaust It helps students develop the interpretative skills in the fields of history and law

The Generation of Postmemory Marianne Hirsch, 2012 Can we remember other people's memories The Generation of Postmemory argues we can that memories of traumatic events live on to mark the lives of those who were not there to experience them Children of survivors and their contemporaries inherit catastrophic histories not through direct recollection but through haunting postmemories multiply mediated images objects stories behaviors and affects passed down within the family and the culture at large In these new and revised critical readings of the literary and visual legacies of the Holocaust and other related sites of memory Marianne Hirsch builds on her influential concept of postmemory The book's chapters two of which were written collaboratively with the historian Leo Spitzer engage the work of postgeneration artists and writers such as Art Spiegelman W G Sebald Eva Hoffman Tatana Kellner Muriel Hasbun Anne Karpff Lily Brett Lorie Novak David Levinthal Nancy Spero and Susan Meiselas Grappling with the ethics of empathy and identification these artists attempt to forge a creative postmemorial aesthetic that reanimates the past without appropriating it In her analyses of their fractured texts Hirsch locates the roots of the familial and affiliative practices of postmemory in feminism and other movements for social change Using feminist critical strategies to connect past and present words and images and memory and gender she brings the entangled strands of disparate traumatic histories into more intimate contact With more than fifty illustrations her text enables a multifaceted encounter with foundational and cutting edge theories in memory trauma gender and visual culture eliciting a new understanding of history and our place in it

Memory Unbound Lucy Bond, Stef Craps, Pieter Vermeulen, 2016-11-01 Though still a relatively young field memory studies has undergone significant transformations since it first coalesced as an area of inquiry Increasingly scholars understand memory to be a fluid dynamic unbound phenomenon a process rather than a reified object Embodying just such an elastic approach this state of the field collection systematically explores the transcultural transgenerational transmedial and transdisciplinary dimensions of memory four key dynamics that have sometimes been studied in isolation but never in such an integrated manner Memory Unbound places leading researchers in conversation with emerging voices in the field to recast our understanding of memory's distinctive variability

Lessons and Legacies VII Peter Hayes, Dagmar Herzog, 1991 In the courtroom and the classroom in popular media public policy and scholarly pursuits the Holocaust its origins its nature and its implications remains very much a matter of interest debate and controversy Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical social and moral lessons this volume offers a richly varied deeply informed perspective on the practice interpretation and direction of Holocaust research now and in the future In their essays the authors an international group including eminent senior scholars as well those who represent the future of the field set the

agenda for Holocaust studies in the coming years even as they give readers the means for understanding today's news and views of the Holocaust whether in court cases involving victims and perpetrators international national and corporate developments or fictional documentary and historical accounts Several of the essays such as one on nonarmed *amidah* or resistance and others on the role of gender in the behavior of perpetrators and victims provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies Others for instance the rounding up of Jews in Italy Nazi food policy in Eastern Europe and Nazi anti Jewish scholarship emphasize the importance of new sources for reconstructing the historical record Still others including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt bring a new depth and sophistication to highly charged sharply politicized topics Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding

Making Sense of War Amir Weiner,2012-01-16 In *Making Sense of War* Amir Weiner reconceptualizes the entire historical experience of the Soviet Union from a new perspective that of World War II Breaking with the conventional interpretation that views World War II as a post revolutionary addendum Weiner situates this event at the crux of the development of the Soviet not just the Stalinist system Through a richly detailed look at Soviet society as a whole and at one Ukrainian region in particular the author shows how World War II came to define the ways in which members of the political elite as well as ordinary citizens viewed the world and acted upon their beliefs and ideologies The book explores the creation of the myth of the war against the historiography of modern schemes for social engineering the Holocaust ethnic deportations collaboration and postwar settlements For communist true believers World War II was the purgatory of the revolution the final cleansing of Soviet society of the remaining elusive human weeds who intruded upon socialist harmony and it brought the polity to the brink of communism Those ridden with doubts turned to the war as a redemption for past wrongs of the regime while others hoped it would be the death blow to an evil enterprise For all it was the Armageddon of the Bolshevik Revolution The result of Weiner's inquiry is a bold compelling new picture of a Soviet Union

both reinforced and enfeebled by the experience of total war The Camp Colman Hogan, Marta Marin-Dòmine, 2021-02-03

The camp is nothing if not diverse in kind scope and particularity in sociological and juridical configuration in texture iconography and political import Adjectives of camp specificity embrace a spectrum from extermination and concentration to detention migration deportation and refugee camps And while the geographic range covered by contributors is hardly global it is broad Chile Rwanda Canada the US Central Europe Morocco Algeria South Africa France and Spain And yet is to so characterize the camp to run the risk of diffusing what in origin is a concentration into a paratactical series of identity particularisms While The Camp does not seek to antithetically promulgate a universalist vision it does aim to explore the imbrication of the particular and the universal to analyze the structure of a camp or camps and to call attention the role of the listener in the construction of the testimony For by naming what cannot be said is not every narrative of internment and exclusion a potential site of agency articulating the inner splitting of language that Giorgio Agamben defines as the locus of testimony to bear witness is to place oneself in one's own language in the position of those who have lost it to establish oneself in a living language as if it were dead or in a dead language as if it were living *Locating Memory* Annette Kuhn, Kirsten Emiko McAllister, 2006-12-01

As a visual medium the photograph has many culturally resonant properties that it shares with no other medium These essays develop innovative cultural strategies for reading re-reading and re-using photographs as well as for re-creating photographs and other artworks and evoke varied sites of memory in contemporary landscapes from sites of war and other violence through the lost places of indigenous peoples to the once familiar everyday places of home family neighborhood and community Paying close attention to the settings in which such photographs are made and used family collections public archives museums newspapers art galleries the contributors consider how meanings in photographs may be shifted challenged and renewed over time and for different purposes from historical inquiry to quests for personal familial ethnic and national identity Performing the Past Karin Tilmans, Frank van Vree, J.
