Making A Better Confession A Deeper Examination Of Conscience:

Making a Better Confession Con O'Connell, 1989-04 Because many Catholics are unhappy with or just don't understand their confessions here is a booklet you can offer to your parishioners to help them with this sometimes difficult practice This wonderful faith filled booklet is designed to help readers gain a deeper understanding of how to make a more meaningful confession It helps them unmask deep attitudes which lie at the root of sin Through soul searching readers can begin the process of self discovery and reconciliation that will lead to more satisfying and meaningful confessions Referenced to the Catechism of the Catholic Church it is useful for Catholics of any age even those who may have left the Church Making a Better Confession will serve as a special reminder that you care about your parishioners well being Those who receive it will surely appreciate it In Conversation with God Francis Fernandez, 2000 This is a translation of *Hablar con Dios* first published by Ediciones Palabra Madrid and by Scepter **The Christian Remembrancer**, 1849 Penitence in the Age of Reformations Katharine Jackson Lualdi, Anne T. Thayer, 2017-07-28 This volume is comprised of thirteen essays that explore penitential teachings and practices from the late fifteenth to the early seventeenth centuries in Western Europe and its colonies Together the essays reveal that in this period penitence was an increasingly important force shaping the individual and society Consequently the authors argue penitence is central to our understanding of early modern Christianity as it was taught and experienced in everyday life From Germany to France and to the Americas Catholics turned to traditional forms of penitence not only to save individual souls but also to assert their confessional identity For their part Protestants established distinctive penitential approaches and institutions in accordance with their own understandings of sin and salvation In thus examining the treatment of post baptismal sin across chronological and confessional boundaries the volume breaks new ground in the history of penance The volume concludes with a postscript assessing the ways in which the essays enrich the current state of scholarship on penitence and encourage further research Katharine Jackson Lualdi is an independent scholar Anne T Thayer is Assistant Professor of Church History at Lancaster Theological Seminary Lancaster Pennsylvania **The Christian remembrancer; or, The Churchman's Biblical, ecclesiastical & literary miscellany**, 1849 **To Overcome Oneself** J. Michelle Molina, 2013-06-01 To Overcome Oneself offers a novel retelling of the emergence of the Western concept of modern self demonstrating how the struggle to forge a self was enmeshed in early modern Catholic missionary expansion Examining the practices of Catholics in Europe and New Spain from the 1520s through the 1760s the book treats Jesuit techniques of self formation namely spiritual exercises and confessional practices and the relationships between spiritual directors and their subjects Catholics on both sides of the Atlantic were folded into a dynamic that shaped new concepts of self and in the process fueled the global Catholic missionary movement Molina historicizes Jesuit meditation and narrative self reflection as modes of self formation that would ultimately contribute to a new understanding of religion as something private and personal thereby overturning long held concepts of personhood time

space and social reality To Overcome Oneself demonstrates that it was through embodied processes that humans have come to experience themselves as split into mind and body Notwithstanding the self congratulatory role assigned to consciousness in the Western intellectual tradition early moderns did not think themselves into thinking selves Rather the self was forged from embodied efforts to transcend self Yet despite a discourse that situates self as interior the actual fuel for continued self transformation required an object cum subject someone else to transform Two constant questions throughout the book are Why does the effort to know and transcend self require so many others And what can we learn about the inherent intersubjectivity of missionary colonialism **Journal in France in 1845 and 1848 with Letters from Italy in 1847** T.

Allies,2022-06-03 In Journal in France in 1845 and 1848 with Letters from Italy in 1847 T W Allies offers a meticulously crafted account of his travels through France and Italy during a tumultuous period in European history His literary style merges the observational rigor of a traveler with the reflective depth of a personal diary Allies delves into the sociopolitical climate of 19th century France providing readers with keen insights into the cultural and revolutionary sentiments shaping the era The vivid descriptions of landscapes people and events are interspersed with personal musings creating a rich tapestry that captures the zeitgeist of mid century Europe T W Allies an English writer historian and theologian drew upon his deep intellectual curiosity and keen observational skills to inform this work His engagement with the Romantic ideals of individual experience and a response to societal changes shaped his perspective Allies scholarly background and firsthand experiences during periods of political upheaval lend authenticity to his narratives and resonate with contemporary themes of identity and nationalism Journal in France in 1845 and 1848 with Letters from Italy in 1847 is a compelling read for those interested in travel literature history enthusiasts and anyone seeking to understand the complexities of 19th century Europe Allies evocative prose and insightful critiques illuminate the profound connections between personal experience and broader historical movements making this volume an essential addition to any literary or historical collection **The Handy Little**

Making Confession, Hearing Confession Annemarie S. Kidder,2010-03-01 Is confession obsolete Far from it Annemarie Kidder has learned At unexpected times and in unexpected places we hear the confession of a friend or a perfect stranger at crucial times in our lives we tend to unburden ourselves of matters that trouble our conscience While some churches offer opportunities for sacramental confession others provide counseling outside the sacramental framework Some confessional practices have been secularized as in psychotherapy and professional counseling others find expression in evangelistic crusades and Christian 12 step programs Meanwhile the scope of confessors has widened to include men and women religious and lay spiritual directors Addressing this broad audience Kidder reviews the origins and history of confession from biblical times to the early modern era examines contemporary practices of confession penance and spiritual direction that have emerged in the twentieth century and offers practical considerations for evaluating and improving one s own practice either as confessor or penitent Readers will be grateful for this concise historical overview of confession and Kidder s assurance that despite its undervalued or misunderstood practice this cure of souls is anything but obsolete
