not from profit margins popularity or worldly acclaim but uniquely from the Word of God The Making of a Biblical Leader explores the essentials of spiritually guided leadership both in character and in practice for those seeking to grow in their ability to lead with wisdom and integrity With contributions from ten trusted ministry leaders grounded firmly in Scripture this inspiring and practical resource will help you identify the biblical markers of godly leadership successfully navigate difficult leadership situations build long lasting relational bridges embrace the transformative power of suffering and more Whether you re leading a church serving in your community managing a business or guiding others in any capacity you ll find powerful proven principles of Christ centered leadership that will bolster your kingdom impact for years to come *The Christian Leader* Bill Hull,2016-05-31 What if everything you ve heard about leadership is wrong Secular models of leadership rooted in pragmatic success dominate Christian leadership in the West It makes our work impersonal and exploitive And at worst it serves the leader rather than those the leader leads We need a different style of leadership one patterned after Jesus We need to learn to influence others out of our character for that is what Jesus did The Christian Leader is not about improving your church your work or your family it is about changing how you lead It does more than teach you how to modify your behavior it shows you how to change the sources of your behavior your motives and reasons for being a Christian leader In the end as everything you know and believe about Christian leadership is transformed it will lead to transformation in those you lead and serve *The Christian Leader* ,1929 **Disciple Making Is . . .** Dave Earley,Rod Dempsey,2013-08 Dozens of brief yet powerful chapters about what it really means to live out the Great Commission in practical terms written by two men with more than sixty years of combined discipleship experience Tozer for the Christian Leader A. Journeys with Celtic Christians Leader Guide Rodney Newman, 2015-09-15 The early Christians of Ireland developed an expression of the faith characterized by deep devotion and fascinating stories Newman said It offers rich insights for modern issues such as promoting a caring society relating to the natural world and welcoming strangers Writers often use the metaphor of journey or pilgrimage to describe the Christian life What distinguishes this book and its development of that theme is its invitation to readers to experience their personal faith journeys through Celtic lenses Pilgrimage is part of the DNA of Celtic Christians The faith spread and flourished in Ireland Scotland Wales and Northern England between the 5th and 11th centuries because saints like Patrick Brigid and Columba traveled extensively preaching teaching and founding monasteries Soon small groups of Christians began to go out from these locations and begin new Christian communities By connecting historical information with their current lives and concerns readers will be encouraged to consider the many ways pilgrimage has shaped their personal faith They will discover the value and contributions of fellow travelers on the faith journey and how they assist and shape that journey By recalling how Celtic Christians celebrated and marked significant moments in their lives of faith readers will discover ways they can develop this practice They will affirm the importance of both offering and receiving hospitality on the faith journey a discipline that was critical to the Celts They will also have opportunities to deal with difficult life journeys such as transitions and opportunities for forgiveness and the importance of blessing one another in a world that values polarization over cooperation and competition over community With an introduction that sets the tone and introduces the theme and six chapters related to distinctives of Celtic Christianity this book is ideal for small groups whose members want to grow together in their spiritual understandings and commitments The Leader Guide is designed to help lead small groups It includes questions for reflection and additional prompts aimed to guide both personal contemplation and group discussion
