

A woman with blonde hair is holding a large, brown cardboard sign. The sign has the words "SPARE CHANGE" written in large, bold, black capital letters. Below this, in a smaller, white, handwritten-style font, it says "No such thing as an honest day's work." The woman is smiling slightly and looking towards the camera. The background is a plain, light-colored wall.

Brad Stevens,2010-06-28 I just did it and I probably made more mistakes than the average person who makes a first film I didn t really have any help and I wouldn t take any help I had to do it on my own Once I made my first film I considered myself a film maker I lost all interest in the theater and never went back Monte Hellman In 1970 an LA Times headline described Monte Hellman as Hollywood s best kept secret More than thirty years later Hellman and his work are still secrets his genius recognized only by a small but passionate group of admirers This book is both a biography of Hellman and a critical study of his films which include The Shooting Two Lane Blacktop and Ride in the Whirlwind It also covers films to which Hellman has contributed as an editor actor and producer as well as those on which he has worked in various capacities without onscreen credit such as Shatter and Robocop Attention is focused on the hallmarks of Hellman s work including his dominant themes and obsessive characters and all the films are subjected to close stylistic analysis **Rhetorics for**

Community Action Phyllis Mentzell Ryder,2012-07-10 Rhetorics for Community Action Public Writing and Writing Publics by Phyllis Mentzell Ryder offers theory and pedagogy to introduce public writing as a complex political and creative action To write public texts we have to invent the public we wish to address Such invention is a complex task with many components to consider exigency that brings people together a sense of agency and capacity a sense of how the world is and what it can become All these components constantly compete against texts that put forward other public ideals opposing ideas about who really has power and who really can create change Teachers of public writing must adopt a generous response to those who venture into this arena Some scholars believe that to prepare students for public life university classes should partner with grassroots community organizations rather than nonprofits that serve food or tutor students They worry that a service related focus will create more passive citizens who do not rally and resist or grab the attention of government leaders or corporations With carefully contextualized study of an after school arts program an area soup kitchen and parks organizations among others Ryder shows that many so called service organizations are not passive places at all and she

argues that the main challenge of public work is precisely that it has to take place among all of these compelling definitions of democracy Ryder proposes teaching public writing by partnering with multiple community nonprofits She develops a framework to help students analyze how their community partners inspire people to action and offers a course design that support them as they convey those public ideals in community texts But composing public texts is only part of the challenge Traditional newspapers and magazines through their business models and writing styles reinforce a dominant role for citizens as thinking and reading but not necessarily acting This civic role is also professed

Philosophical Perspective on Cinema Pedro Blas González, 2022-05-17 The main premise of Philosophical Perspective on Cinema is simple Can a visual medium such as cinema put in greater perspective diverse aspects of human experience Films are usually sorted by genres but by applying metaphysical existential categories to cinema the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to itself Undoubtedly the connection between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence

Movies on a Mission Glenn Reynolds, 2023-09-28 This investigation into the little known genre of mission oriented films uncovers how Protestant missionaries overseas sought to bring back motion picture footage from remote parts of the world In the broader religious community mission films aimed to educate congregants back home about efforts to evangelize communities around the world This book however demonstrates the larger impact of mission films on American visual culture The evolution and development of the genre is highlighted from an early emphasis on foreign views in the 1910s to interwar films providing a more detailed look at how mission stations functioned in far flung lands to Cold War productions which at times functioned as veritable propaganda tools parroting anti communist discourse emanating from the CIA
