exquisite natural beauty with the lower wooded and heather clad slopes giving way to sweeping moors and craggy heights. These are presented as numbered sections which can be combined to create infinite possibilities from simple ascents to longer ridge routes. You'll find the classics and popular routes alongside less traditional alternatives perfect for the wandering spirit. The series gives you both the freedom to devise your own routes and the information to make informed decisions thanks to the clear descriptions of the routes, terrain, hazards, interesting features and safe descent paths should the weather close in. Also included are a handful of classic ridge routes for longer fell days. Mark Richards' inimitable text is complemented by HARVEY mapping and the author's own beautiful sketch topos and panoramas. Perfect for keen hillwalkers and peak baggers alike and ideal both for pre planning and use on the hill. Walking the Lake District Fells is the new incarnation of the Fellranger series which sees the volumes updated and trimmed to a more practical size.
