Moving And Learning:

Moving and Learning Across the Curriculum Rae Pica, 2007 *Moving and Learning Across the Curriculum More Than 300 Activities and Games to Make Learning Fun* is now out in its 2nd edition. Movement is the young child's preferred method of learning. This is because when a child physically experiences concepts they understand them more completely and retain the information longer. Retention has been proven to increase when children's senses are involved in the learning process and this book provides hundreds of activities that help to teach major concepts in the content areas of art language arts math music science and social studies. The domains of child development are completely intertwined in the early years making it important to incorporate them all throughout the learning process. This book will show the early childhood professional how to educate the whole child covering all of the domains of child development which include physical social emotional and cognitive. To truly educate the child they must be recognized as thinking feeling moving human beings with the need to experience with all of their senses. *Moving and Learning Across the Curriculum 2e* provides the activities to achieve that level of learning with features including detailed lesson plans outdoor alternatives updated resources and enhanced curriculum connectors with additional suggestions for children's literature and music. An ideal resource for the early childhood professional, this book offers everything needed to use movement as a teaching tool.

Moving & Learning Across the Curriculum Rae Pica, 1999 *Moving and Learning Across the Curriculum* gives children the opportunity to physically experience concepts and themes common to the six major content areas of art language mathematics music science and social studies. They can process the concepts using a multimodal approach that ensures greater comprehension and retention. Children are experiential learners acquiring knowledge through play experimentation exploration and discovery. *Moving and Learning Across the Curriculum* offers 315 activities and games that help them do just that. This is an ideal resource for educators who understand movement as a learning tool.

A Moving Child Is a Learning Child Gill Connell, Cheryl McCarthy, 2014-08-10. In order to learn kids need to move. Grounded in best practices and current research, this hands-on resource connects the dots that link brain activity movement and early learning.
