Press Concentration And Monopoly:

Press Concentration and Monopoly Robert G. Picard, 1988 This book is the first to address the problem of economic concentration and monopoly in the newspaper industry Some of the chapters are written from an economic standpoint and deal with the factors that bring about this occurrence with the resulting effect that economic conditions have on newspapers content The volume also deals with public policy issues involving antitrust joint operating agreements and other actions This study provides pragmatic reliable independent information about the results of concentration and monopoly and considers their impact on concrete issues such as news diversity employee relations advertising rates and concern for public service among others

Handbook of Media Management and Economics Alan B. Albarran, Sylvia M. Chan-Olmsted, Michael O. Wirth, 2006 This handbook provides a synthesis of current work and research in media management and economics and establishes an agenda for future activities It will serve as a foundational resource for scholars and students in media management and economics

Proceedings of the Symposium on Media Concentration

, 1979 **The Press** Geneva Overholser, Kathleen Hall Jamieson, 2005 With the guidance of editors Geneva Overholser and Kathleen Hall Jamieson this superb collection of essays written by the nation's leading authorities on journalism illuminates the role of the press in a democracy investigating alternative models used throughout world history to better understand how the American press has evolved into what it is today The book also examines the history identity roles and future of the American press with an emphasis on topics of concern to both practitioners and consumers of American media

The SAGE Handbook of Media Studies John D. H. Downing, Denis McQuail, Philip Schlesinger, Ellen Wartella, 2004-09-08 Media and communication research is a diverse and stimulating field of inquiry not only in subject matter but also in purposes and methodologies Over the past twenty years and in step with the contemporary shift toward trans disciplinarity Media Studies has rapidly developed a very significant body of theory and evidence Media Studies is here to stay and scholars in the discipline have a vital contribution to make The SAGE Handbook of Media Studies surveys and evaluates the theories practices and future of the field Editor John Downing and associate editors Denis McQuail Philip Schlesinger and Ellen Wartella have brought together a team of international contributors to provide a varied critical analysis of this intensely interesting field of study The Handbook offers a comprehensive review within five interconnected areas humanistic and

social scientific approaches global and comparative perspectives the relation of media to economy and power media users and elements in the media mosaic ranging from media ethics to advertising from popular music to digital technologies and from Hollywood and Bollywood to alternative media The contributors to The Handbook are from Australia Austria Britain Canada France Guatemala India Japan the Netherlands South Korea and the United States Each contributor offers a unique perspective on topics broad in scope The Handbook is an ideal resource for university media researchers for faculty developing new courses and revising curricula and for graduate courses in media studies It is also a necessary addition to any academic library The Future of Journalism: In an Age of Digital Media and Economic Uncertainty Bob

Franklin, 2017-07-06 The development of digital media has delivered innovations and prompted tectonic shifts in all aspects of journalism practice the journalism industry and scholarly research in the field of journalism studies this book offers detailed accounts of changes in all three arenas The collapse of the advertising model in tandem with the impact of the continuing global recession has created economic difficulties for legacy media and an increasingly frenzied search for new business strategies to resource a sustainable journalism while triggering concerns about the very future of journalism and journalists The Future of Journalism In an Age of Digital Media and Economic Uncertainty brings together the research conversation conducted by a distinguished group of scholars researchers journalists and journalism educators from around the globe and hosted by The Future of Journalism at Cardiff University in September 2013 The significance of their responses to these pressing and challenging questions is impossible to overstate Divided into nine sections this collection analyses and discusses the future of journalism in relation to Revenues and Business Models Controversies and Debates Changing Journalism Practice Social Media Photojournalism and visual images of News Local and Hyperlocal journalism Quality Transparency and Accountability and Changing Professional Roles and Identities This book is essential reading for everyone interested in the prospects for journalism and the consequent implications for communications within and between local national and international communities for economic growth the operation of democracy and the maintenance and development of the social and cultural life of societies around the globe This book was originally published as special issues of Digital Journalism Journalism Practice and Journalism Studies **Why Nicaragua Vanished** Robert S. Leiken, 2003 In

1990 Nicaragua's Sandinista government was toppled in an election that every major American news organization and pollster predicted they would win in a landslide Why the Nicaraguan upset and why did the U S media get it so wrong Through an examination of American coverage of Nicaragua since the Cuban Revolution Why Nicaragua Vanished provides intriguing answers to these questions and for the first time tests media coverage of a major foreign policy crisis against an independent analysis of the events covered Robert S Leiken offers valuable insights into how the media shapes Americans opinions about the world and in the process he challenges American cultural stereotypes Beautifully written Why Nicaragua Vanished is perfect for all interested in the media foreign policy Latin America or U S intellectual life **Media Policy**

Euromedia Research Group,1998-09-24 The European media landscape is changing profoundly In this wide ranging and timely text members of the Euromedia Research Group examine the ways in which national and supranational policy is reacting to these changes The contributors consider the consequences for broadcasting systems of satellite and cable delivery the fate of public broadcasting under deregulation the changes currently affecting print media and newspapers the impact of media changes for political and social cultural life and the significance of the Internet the first true fruit of the telematic revolution in communication The main themes of media policy analysis today are convergence concentration and commercialization and abundance through digitalization Although media policy has changed drastically in its concerns and forms the authors here argue that the need for an effective public communication policy in our information society is as pressing now as it ever was

Freaking Out Joshua Woods,2012-01-01 After 9 11 research on the perceived threat of terrorism moved in several directions Some scholars examined the social construction of terrorism scrutinizing the political rhetoric and media coverage associated with the threat Other researchers investigated the public s elevated worries about terrorism and their effect on public opinion while still other analysts elucidated the post 9 11 changes in U S foreign and domestic policies In *Freaking Out A Decade of Living with Terrorism* Joshua Woods unites these areas of research interweaving the sociology and psychology of terrorism to create a broader and more compelling explanation of how the attacks on 9 11 have changed American society Offering a concise review of the shifting policy arena in the post 9 11 era Woods chronicles not only major U S government actions such as the wars in Afghanistan and Iraq but also less visible changes such as shifts in immigration policy and the use and abuse of Homeland Security funding by state and local governments Investigating the public s response to terrorism Woods examines the link between media coverage of terrorism and public perceptions of the threat demonstrating how some news coverage elevates people s worries more than others The events of 9 11 influenced the thoughts feelings and behaviors of public officials members of the press and ordinary people The reactions of these groups are deeply interrelated but the study of them has remained isolated and compartmentalized across several academic disciplines until now Demonstrating the virtue of multidisciplinary synthesis this book advances the growing field of terrorism studies in new directions

Media Economics Alison Alexander,James Owers,Rod Carveth,C. Ann Hollifield,Albert N. Greco,2003-12-08 This thoroughly updated third edition focuses on the primary concerns of media economics the techniques of economic and business analysis and the overall characteristics of the media environment and explores contemporary business practices within spec

Media, Profit, and Politics Joe Harper,Thom Yantek,2003 A compilation of essays and commentary delivered at the second annual Kent State University Symposium on Democracy this work recognizes and considers the differences that arise when the competitive forces of commerce clash with the demand for the open availability of information in a democratic society The conflicting roles of advocate initiator and objective reporter for journalists who cover community politics the role of the news media in forming public attitudes toward things political

and their role in affecting voter nonparticipation the role of financial considerations in the news media's attempt to provide citizens with needed news and perspective on political affairs and particularly the role of the conglomeration of ownership of news media organizations are a few of the topics discussed in this volume

Media, Market, and Democracy in China
Yuezhi Zhao, 1998 Media Market and Democracy in China is an astonishingly close look at the intertwining nature of the Communist Party and the news media in China how they affect each other and what the future might hold for each How do market forces influence the media in China How does the Party both introduce and try to contain the market's influence How do commercial imperatives both accommodate and challenge Party control To answer these and other questions Yuezhi Zhao interviewed a wide range of scholars media administrators and media professionals During five months in China in 1994 and 1995 she monitored media content carried out extensive documentary research in Beijing and held off the record meetings with Chinese media insiders The first study of its kind to trace the Chinese print and broadcast media from the 1920s to 1996 this work will be must reading for students of journalism mass communications political science and China studies as well as for media and business professionals and policy makers who need to understand what's happening to China and its mass media

Mass Media and Media Policy in Western Europe Peter Humphreys, 1996-05-15 This comparative textbook analysis explores how television and press systems across Europe have been shaped by technology economics and politics The author explores the implications of the commercialisation of national broadcasting systems and the media policies of the European Union in the age of transfrontier media operations

The Markets for News Helle Sjøvaag, 2022-11-17 In the face of ongoing digitisation The Markets for News examines how certain established economic features of the news industry have persisted and what makes them such stable frameworks for journalistic organisations Drawing on an analysis of Scandinavian news industries this text revises journalism's economic foundations in the context of the algorithmically driven platform economy Exploration of features such as journalism's two-sided market model the network effect of platforms and chain ownership leads to a discussion about how journalism faces disruption from the introduction of artificial intelligence in the production dissemination and sale of news As journalism undergoes

transformations due to revenue losses this book recognises a return to certain enduring features of journalism's organisational form in particular the chain ownership form that enables scale in adapting to platform logics and economics This text serves as a basis for a theoretical discussion about strategic media management and critical political economy in the age of digital disruption This is an insightful book for academics and researchers in the fields of journalism media industries media policy and communication studies

Policy for the Press James Curran, 1995

Digital Activism, Community Media, and Sustainable Communication in Latin America Cheryl Martens, Cristina Venegas, Elsa Franklin Salvio Sharupi Tapuy, 2020-08-04 This book brings together academic and activist work on community media feminist decolonial and Indigenous perspectives to digital activism including Free and Open Communication in Latin America The essays in this collection speak to major changes over the past decade that are reshaping digital media uses and practices The case studies presented here question many commonly held assumptions around global media ownership sustainability and access relevant to countries beyond Latin American contexts

Communication Yearbook 14 James A. Anderson, 2012-03-22 The Communication Yearbook annuals publish diverse state of the discipline literature reviews that advance knowledge and understanding of communication systems processes and impacts across the discipline Sponsored by the International Communication Association each volume provides a forum for the exchange of interdisciplinary and internationally diverse scholarship relating to communication in its many forms This volume re issues the yearbook from 1991

British Media Coverage of the Press Reform Debate Binakuromo Ogbebor, 2020-07-30 This open access book provides a detailed exploration of the British media coverage of the press reform debate that arose from the News of the World phone hacking scandal and the Leveson Inquiry Gathering data from a content analysis of 870 news articles Ogbebor shows how journalists cover debates on media policy and illustrates the impact of their coverage on democracy Through this analysis the book contributes to knowledge of paradigm repair strategies public sphere gatekeeping theory the concept of journalism as an interpretive community political economy of the press as well as the neoliberal and social democratic interpretations of press freedom Providing insight into factors inhibiting and aiding the role of the news media as a democratic public sphere it will be a valuable resource for the press media reform activists members of the public and academics in the fields of journalism politics and law
