Prostitution, Race, and Politics Philippa Levine, 2003 Publisher description **Dangerous Intercourse** Tessa

Winkelman, 2023-01-15 In *Dangerous Intercourse* Tessa Winkelman examines interracial social and sexual contact between Americans and Filipinos in the early twentieth century via a wide range of relationships from the casual and economic to the formal and long term Winkelman argues that such intercourse was foundational not only to the colonization of the Philippines but also to the longer uneven history between the two nations Although some relationships between Filipinos and Americans served as demonstrations of US benevolence too close sexual relations also threatened social hierarchies and the so called civilizing mission For the Filipino Indigenous Moro Chinese and other local populations intercourse offered opportunities to negotiate and challenge empire though these opportunities often came at a high cost for those most vulnerable Drawing on a multilingual array of primary sources *Dangerous Intercourse* highlights that sexual relationships enabled US authorities to police white and nonwhite bodies alike define racial and national boundaries and solidify colonial rule throughout the archipelago The dangerous ideas about sexuality and Filipina women created and shaped by US imperialists of the early twentieth century remain at the core of contemporary American notions of the island nation and indeed of Asian and Asian American women more generally **Profit and Passion** Nicole von Germeten, 2018-04-06

Colonial documents and works of literature from early modern Spain are rife with references to public women whores and prostitutes In *Profit and Passion* Nicole von Germeten offers a new history of the women who carried and resisted these labels of ill repute The elusive ever changing terminology for prosecuted women voiced by kings jurists magistrates inquisitors and bishops as well as disgruntled husbands and neighbors foreshadows the increasing regulation criminalization and polarizing politics of modern global transactional sex The author's analysis concentrates on the words women spoke in depositions and court appearances and how their language changed over time pointing to a broader transformation in the history of sexuality gender and the ways in which courts and law enforcement processes affected women **The Palgrave**

Handbook of Infertility in History Gayle Davis, Tracey Loughran, 2017-09-01 This ground breaking interdisciplinary volume provides an overdue assessment of how infertility has been understood treated and experienced in different times and places It brings together scholars from disciplines including history literature psychology philosophy and the social sciences to create the first large scale review of recent research on the history of infertility Through exploring an unparalleled range of chronological periods and geographical regions it develops historical perspectives on an apparently transhistorical experience It shows how experiences of infertility access to treatment and medical perspectives on this condition have been mediated by social political and cultural discourses The handbook reflects on and interrogates different approaches to the history of infertility including the potential of cross disciplinary perspectives and the uses of different kinds of historical source material and includes lists of research resources to aid teachers and researchers It is an essential
