reading Boylan s work such a pleasure Sunday Times To Eugene Rafferty girls are like money they have to be saved Despite living in 1950s Dublin his three daughters Bridie Kitty and Rose seem doomed to a Victorian childhood However as fortunes decline the Rafferty s are forced to take in lodgers and these independent but eccentric outsiders introduce the girls to new experiences sex and superstition of spite of true love and tragedy For in a world caught between the aftershock of the war and the transforming liberalism of the 1960s there are two states of womanhood single and caught up in the comic and desperate search for a suitable husband or married and enduring the claustrophobia of suburban life Evoking the magic of childhood and adolescence with rare subtlety wit and warmth Room For A Single Lady is both delightfully comic and genuinely moving **Cold CEO's Sweet Wife** Yu Yu,2020-05-15 On a certain day in a certain year a faint shadow appeared

Ignes Sodre,2014-07-17 Imaginary Existences A psychoanalytic exploration of phantasy fiction dreams and daydreams interweaves scholarly psychoanalytic knowledge and extensive clinical experience with insights derived from close readings of great literature in a uniquely imaginative and creative manner convincingly demonstrating how these two ways of thinking psychoanalysis and literary criticism organically relate to each other This is simultaneously a psychoanalytic book and a book about literature illuminating the imaginative possibilities present within both the psychoanalytic encounter and the act of reading fiction Scholarly and well researched the psychoanalytic ideas presented have their basis in the work of Freud and Klein and some of their followers the extensive and innovative writing about the great authors in Western literature is equally scholarly and lucent Here Ign s Sodr explores creativity itself and specifically the impediments to creative thinking defences mostly narcissistic against dependency guilt and loss and the mis use of imagination to deny reality In her studies of the characters created by authors such as George Eliot Cervantes Flaubert Thomas Mann Proust and Shakespeare Sodr examines the way great writers create characters who mis use their imagination twisting reality into romantic daydreams or sado masochistic enactments which petrify experience and freeze the fluidity of thought Her clinical studies continue and

expand this theme broadening the field and lending verification and weight to the arguments These two poles of Sodr s thinking psychoanalysis and literature interact seamlessly in Imaginary Existences the two disciplines work together each an intimate part of a learned exploration of the human condition our desires our fears and our delusions This convergence pays tribute to the great depth of the fictional work being studied and to the psychological validity of the psychoanalytic ideas This book will be of interest to psychoanalysts psychologists psychotherapists literary critics and those interested in literature and literary criticism *The Daughter of L'Arsenal* Jacqueline Regis,2009 *Sam Harris Adventure Box Set Books 2-4* PJ Skinner,2022-04-29 A Nazi plot a Missing diamond and Rare Elephants under threat Geologist Sam Harris has her work cut out in this trio of standalone full length adventure novels Follow the adventures of Sam Harris where her postings to remote and dangerous countries lead to adventure mystery and intrigue Can she overcome corruption cultural clashes and violence to come out on top If you like Indiana Jones you ll love this exciting adventure trio with realistic storylines set in an exotic location before modern technology Can you resist Get it now *Roarin' 20's* Victoria L.
