Romulus Makers of History Jacob Abbott,2018-07-08 *Romulus Makers of History* by Jacob Abbott Some men are renowned in history on account of the extraordinary powers and capacities which they exhibited in the course of their career, or the intrinsic greatness of the deeds which they performed. Others, without having really achieved any thing in itself very great or wonderful, have become widely known to mankind by reason of the vast consequences which in the subsequent course of events resulted from their doings. Men of this latter class are conspicuous rather than great. From among thousands of other men equally exalted in character with themselves, they are brought out prominently to the notice of mankind only in consequence of the strong light reflected by great events subsequently occurring back upon the position where they happened to stand. We are delighted to publish this classic book as part of our extensive Classic Library collection.
