*Making Christian Decisions in an Age of Deception* Loyst R Streeter, 2021-02-06 A Changing World Christians as never before in history are being required to make decisions that previous generations never had to face Choices such as are you for or against stem cell research genetic engineering the right to die cloning security versus freedom environmental legislation global warming etceteras In addition there are the constant pleas for financial support from a hundred or more religious humanitarian and political organizations disaster relief children s hospitals television evangelists animal rights supporters requests that are not limited to local needs but global concerns The list goes on and on Sound decisions require an understanding not merely of the issue but also of the morals ethics mores culture and customs of society Furthermore time itself plays an important part in any decision What was true in a previous generation may no longer apply in today's world Last but by no means least Christians must answer to a higher authority What if anything do the scriptures teach that can help sort through the conflicting claims and rhetoric coming from every quarter In a world rife with mendacity and alternative facts responsible adults need to be constantly vigilant for deception especially when it is deceitfully disguised under the cloaks of religion and patriotism It is the Author's hope that this book will provide to the reader a valuable understanding into the decision making process itself and will help clarify all of the factors involved While this book is written from a Christian perspective anyone who is required to make important decisions will benefit from its insight and increase their ability to discern the true from the false As a result they will develop a much greater confidence in making sound decisions which in turn will lead to a more just and better world for themselves their children and all mankind Loyst R

**in an Age of Deception** Loyst R. Streeter, 2005-05 *Constructing Moral Concepts of God in a Global Age* Myriam Renaud, 2022-07-29 *Constructing Moral Concepts of God in a Global Age* focuses on what people say and think about God rather than on arguments about God's existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today's pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World's Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others

*Christianity - the Simple Made Impossible* Alan G. Shinkfield, 2009-09-02 *The Path* Rev. Dr. Ebele Okonkwo

Onuigbo,2016-06-23 Decision making is a fundamental aspect of our daily lives shaping our paths through the resolutions we reach after careful consideration From the simplest choices to the most complex dilemmas individuals continuously navigate the terrain of decision making throughout their lifetimes These decisions serve as compass points guiding us toward the fulfillment of our goals and aspirations whether they lead to positive outcomes or negative consequences How many individuals truly take the time to thoroughly consider the available facts before diving into the decision making process Engaging in wise deliberation of facts prior to making a decision is crucial for ensuring that the resulting choice will have a meaningful impact whether on the individual themselves or the circumstances at hand So how does one go about making a wise decision It involves carefully weighing the available information considering potential consequences and evaluating the implications for both oneself and others in the surrounding community Ultimately the decisions we make not only shape our own lives but also have far reaching effects on the well being and experiences of those around us In the modern world we observe a striking dichotomy between Jesus purpose driven ethos and the prevalent self centered pursuits that often consume individuals Amidst the clamor for material possessions societal status and personal comfort many seem to lose sight of life s deeper significance While the pursuit of such desires is not inherently erroneous an excessive fixation on them can obscure individuals from fulfilling their higher calling

Synod on Synodality: Death Knell of the Church Rev. Fr. Kirkpatrick, 2011-08-19 Though Soren Kierkegaard and Dietrich Bonhoeffer both made considerable contributions to twentieth century thought they are rarely considered together Against Kierkegaard s melancholic individual Bonhoeffer stands as the champion of the church and community In *Attacks on Christendom* Matthew D Kirkpatrick challenges these stereotypical readings of these two vital thinkers Through an analysis of such concepts as epistemology ethics Christology and ecclesiology Kirkpatrick reveals Kierkegaard s significant influence on Bonhoeffer throughout his work Kirkpatrick shows that Kierkegaard underlies not only Bonhoeffer s spirituality but also his concepts of knowledge being and community So important is this relationship that it was through Kierkegaard s powerful representation of Abraham and Isaac that Bonhoeffer came to adhere to an ethic that led to his involvement in the assassination attempts against Hitler However this relationship is by no means one sided *Attacks on Christendom* argues for the importance of Bonhoeffer as an interpreter of Kierkegaard drawing Kierkegaard s thought into his own unique context forcing Kierkegaard to answer very different questions Bonhoeffer helps in converting the obscure obdurate Dane into a thinker for his own unique age Both Kierkegaard and Bonhoeffer have been criticized and misunderstood for their final works that lay bare the religious climates of their nations In the final analysis *Attacks on Christendom* argues that these works are not unfortunate endings to their careers but rather their fulfilment drawing together the themes that had been brewing throughout their work      **Artifice and Invention in the Spanish Golden Age** Stephen Boyd, 2017-07-05 The corpus of literary works shaped by the Renaissance and the Baroque that appeared in Spain during the sixteenth and seventeenth centuries had a transforming effect on writing throughout Europe and left a rich legacy that scholars continue to explore For four decades after the Spanish Civil War the study of this literature flourished in Great Britain and Ireland where many of the leading scholars in the field were based Though this particular Golden Age was followed by a decline for many years there have recently been signs of a significant revival The present book seeks to showcase the latest research of established and younger colleagues from Great Britain and Ireland on the Spanish Golden Age It falls into four sections in each of which works by particular authors are examined in detail prose Miguel de Cervantes Francisco de Quevedo Baltasar Gracian poetry The Count of Salinas Luis de Gongora Pedro Soto de Rojas drama Cervantes Calderon Lope de Vega and colonial writing Bernardo Balbuena Hernando Dominguez Camargo Alonso de Ercilla There are essays also on more general themes the motif of poetry as manna rehearsals on the Golden Age stage proposals put to viceroys on governing Spanish Naples The essays taken together offer a representative sample of current scholarship in England Scotland and Ireland      **Reasons for Our Hope** H. The Vows of Religious Life in a Secular Society Judith A. Merkle, 2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today s society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judith A Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society
