Making Of A Quagmire America And Vietnam During The Kennedy Era:

The Making of a Quagmire David Halberstam, 2007-11-09 Pulitzer prize winning author David Halberstam's eyewitness account provides a riveting narrative of how the United States created a major foreign policy disaster for itself in a faraway land it knew little about. In the introduction to this edition, historian Daniel J. Singal supplies crucial background information that was unavailable in the mid 1960s when the book was written. With its numerous firsthand recollections of life in the war zone, *The Making of a Quagmire* penetrates to the essence of what went wrong in Vietnam. Although its focus is the Kennedy era, its analysis of the blunders and misconceptions of American military and political leaders holds true for the entire war.

The Making of a Quagmire David Halberstam, 1965 Halberstam's Pulitzer Prize winning eyewitness account of the most critical political period of American involvement in Vietnam is now designed for classroom use by Daniel J. Singal. Including a new introduction and footnotes describing unfamiliar people and events, this work is lively and accessible for students. With new maps and photographs, students can visualize the crucial political events and increase their understanding of the policy errors of the early 1960s. *The Making of a Quagmire* captures the story of the Diem-Kennedy era and the fundamental misconceptions that governed American policy and the South Vietnamese perspective. **The Making of a Quagmire**

Pulitzer prize winning author David Halberstam's eyewitness account of the most critical political period of U.S. involvement in Vietnam: the Kennedy-Diem era remains as fresh and stimulating today as when it was first published in 1965. In the introduction to this edition, historian Daniel J. Singal provides crucial background information that was unavailable when the book was written. *Dwight Eisenhower and American Foreign Policy during the 1960s* Richard M. Filipink Jr., 2014-12-24 Dwight Eisenhower had a measurable impact on the foreign policy decisions of his Democratic successors during the 1960s due to his reputation as a military and foreign policy expert as well as his continued popularity when and after he left office. Eisenhower sought to influence his successors' policies for a number of reasons, including his underrated partisanship, his desire to protect the reputation of his administration, and his real concerns about the ability of his successors to successfully counter the communist challenge to American interests. Despite his steadily declining health, Eisenhower played both a public and behind-the-scenes role in shaping American foreign policy during the 1960s that had long-term consequences for the country. This book traces the interactions between Eisenhower and his two successors from the pre-inaugural meetings with John F. Kennedy, their direct contacts on Cuba, the use of intermediaries such as John McCone and General Andrew Goodpastor, and the constant contact initiated by Lyndon B. Johnson. Through these direct and indirect contacts, Eisenhower constrained the choices available to Kennedy and Johnson and shaped the politics and policies of the United States until the final months of his life. *Shadow Warrior* Randall B. Woods, 2013-04-09 Explores the life and career of William Egan Colby, one of the most controversial figures of the postwar period: World War II commando, Cold War spy, Saigon CIA station chief, and eventual CIA director under Nixon and Ford. He

played a critical role in some of the most pivotal events in 20th century history **Vietnam War** James H. Willbanks, 2017-11-16 This detailed two volume set considers the Vietnam War one of America's longest and bloodiest wars from a topical perspective addressing the main characters and key events of the war and supplying many relevant primary source documents The Vietnam War not only claimed the lives of nearly 60 000 Americans and more than a million Vietnamese but the prolonged conflict also resulted in a firestorm of protest at home that shook the foundations of the country and made U S citizens question the moral principles and motivations behind our foreign policy and military actions Written in a very accessible style by recognized authorities on the war Vietnam War A Topical Exploration and Primary Source Collection provides students and general readers with a complete overview of the conflict in Vietnam a broad topic that remains an important part of the American history and world history curriculum Using a topical approach to cover all aspects of the war the set enables students to see the complete picture of the conflict through its presentation of reference entries and documents arranged in cohesive compelling chapters Examples of the primary documents in the set include Communist Party Evaluation of the Tet Offensive 1968 and President Richard Nixon's Speech on Vietnamization 1969 These primary sources are augmented by oral histories of soldiers who fought in the Tet Offensive Additionally maps and images in each section enhance the aesthetic appeal of the book and heighten students understanding of the material Readers will come away with both a strong comprehension of the Vietnam War as well as an appreciation for how significant this proxy conflict was as a lead up event to the global Cold War *The Ethnography of Vietnam's Central Highlanders* Oscar Salemink, 2003-02-28 This book looks at the multiple relations between the ethnographic representations of the Montagnard ethnic groups in the Central Highlands of Vietnam and the changing historical context in and for which the ethnographies were produced and in which they were consumed There are two major arguments developed by the author It is maintained that economic political and military interests within a specific historical context condition ethnographic practice This is not however a one way process the author also argues that the ensuing ethnographic discourses in turn influence the historical context by suggesting and facilitating ethnic policies and by contributing to the formation or change of ethnic identities through processes of classification Oscar Salemink describes ethnographic discourses concerning the indigenous population of Vietnam's Central Highlands during periods of Christianization colonization war and socialist transformation and analyzes these in their relation to tribal ethnic territorial governmental and gendered discourses *Vietnam Declassified* Thomas L. Ahern, 2009-11-18 This insider's account of CIA operations in the Vietnam War is a major contribution to scholarship on US counterinsurgency programs John Prados author of *Lost Crusader* Vietnam Declassified is a detailed account of the CIA's effort to help South Vietnamese authorities win the loyalty of the Vietnamese peasantry and suppress the Viet Cong Covering the CIA engagement from 1954 to mid 1972 it provides a thorough analysis of the agency and its partners Retired CIA operative and intelligence consultant Thomas L Ahern Jr is the first to comprehensively document the CIA's role in the rural

pacification of South Vietnam drawing from secret archives to which he had unrestricted access In addition to a chronology of operations the book explores the assumptions political values and cultural outlooks of not only the CIA and other US government agencies but also of the peasants Viet Cong and Saigon government forces competing for their loyalty This long awaited volume finally cleared for open publication and filled with fascinating detail insider perspective and controversial judgments is a must read for all students of the Vietnam War Lewis Sorley author of *Westmoreland* The 1960s James S. Olson, Mariah Gumpert, 2018-04-19 This volume serves as an invaluable study guide covering all of the key political social and cultural concepts of the turbulent 1960s The 1960s were a polarizing decade beginning brightly and with hope but ending in disappointment and disarray By the end traditional values had been subverted political institutions had been overturned and marginalized groups had battled their own government to win equal rights and freedoms The clear cut foreign policies of the postwar era brought mixed results and the world's mightiest nation became mired in a war it could not win This overview of the 1960s covers all of the key political social and cultural concepts of the decade through topical and biographical entries primary documents a sample document based essay question and top tips and period specific learning objectives The book contains an Introduction that presents the historical themes of the period Alphabetical encyclopedic entries relating to the period specific themes comprise the core reference material in the book The book also contains a range of primary documents with their own introductions and a sample document based essay question Other features include a list of Top Tips a thematically tagged chronology and a list of specific learning objectives readers can use to gauge their working knowledge and understanding of the period *Twentieth Century Limited* Jan David Blais, 2012-10 Overcoming disabling injuries Vietnam vet Paul Bernard becomes an award winning journalist and television newsman known for holding a mirror to American society Long critical of the radical right after 9 11 Bernard attacks the Bush administration for Osama bin Laden's escape and leading the nation into a disastrous war On assignment in Iraq Bernard is killed under suspicious circumstances Interwoven with the account of his life is an interview of his mentor Professor Augustus F X Flynn by a magazine writer profiling him Frustrated by Washington's inaction the two set out to find the truth about the killing In Book Two Paul Bernard has become an oil expert and a critic of America's Middle East dependency His experiences as a correspondent in Paris and Moscow are related in this Book his coverage of the great year 1989 in Europe the Gulf War Bernard's move to television news is marked by growing clashes with the radical right culminating in his controversial stance against the Iraq War and the dramatic final events of the story **Asian American Literature in Transition, 1930-1965: Volume 2** Victor Bascara, Josephine Nock-Hee Park, 2021-06-17 This volume is devoted to Asian American Literature between 1930 to 1965 a period of immense social historical and cultural transformations that continue to shape the conditions of our world From the Great Depression to the Second World War to the Civil Rights Movement to landmark immigrations reforms Asian American literature provides unique and insightful perspectives on these historical developments all while creatively engaging with

globally dispersed decolonization movements Each chapter written by leading figures in their fields demonstrates how Asian American writing affectingly reveals our complex world and its contested pasts Case studies of major authors of this era show this as a time when the figure of the Asian American author became newly significant This volume provides historical grounding theoretical interventions and nuanced textual analysis of Asian American literature in this period

Westmoreland's War Gregory Daddis, 2013-12-16 General William C Westmoreland has long been derided for his failed strategy of attrition in the Vietnam War Historians have argued that Westmoreland's strategy placed a premium on high body counts through a big unit war that relied almost solely on search and destroy missions Many believe the U S Army failed in Vietnam because of Westmoreland's misguided and narrow strategy In a groundbreaking reassessment of American military strategy in Vietnam Gregory Daddis overturns conventional wisdom and shows how Westmoreland did indeed develop a comprehensive campaign which included counterinsurgency civic action and the importance of gaining political support from the South Vietnamese population Exploring the realities of a large yet not wholly unconventional environment Daddis reinterprets the complex political and military battlefields of Vietnam Without searching for blame he analyzes how American civil and military leaders developed strategy and how Westmoreland attempted to implement a sweeping strategic vision Westmoreland's War is a landmark reinterpretation of one of America's most divisive wars outlining the multiple interconnected aspects of American military strategy in Vietnam combat operations pacification nation building and the training of the South Vietnamese armed forces Daddis offers a critical reassessment of one of the defining moments in American history

Stuck In The Sixties George Rising, 2010-11-08 The 1960s were a colorful tumultuous age that transformed American society Ever since the decade ended Americans have debated the changes that it unleashed While most liberals argue that the era's effects were mainly positive and long overdue conservatives perceive the 1960s as a disastrous time that has left ruinous legacies for us Stuck in the Sixties analyzes conservatives' views about the 1960s era and its legacies by examining their discourse about such sixties figures and movements as John F Kennedy Martin Luther King Jr the civil rights movement the Warren Court the Great Society the Vietnam War the anti war movement the New Left and the counterculture The book reveals that for a generation a focus on attacking and reversing the legacies of the 1960s has been essential to the conservative Republican agenda

Religion and War Timothy J. Demy, Gina Granados Palmer Ph.D., 2022-10-18 Looking at topics across the spectrum of America's wars religious groups personalities and ideas this volume shows that even in an increasingly secular society religious roots and values run deep throughout American society and are elevated in times of war There is a long and deep relationship between religion politics and war in U S history While there is a constitutional and legal separation of religion and the state in American society religion has been and remains a potent force in American culture and politics affecting many aspects of life including perspectives on war and peace and the experience of war in U S history From the American Revolution to the wars of the 21st century religious values have

informed and influenced American attitudes toward war and peace and have provided rationale for support and non support of American participation in conflicts An overview essay surveys the background and significance of religion in American culture and provides historical context for discussions of contemporary topics A timeline highlights key events related to wars and conflicts The volume then includes more than 50 topical essays that discuss specific wars as well as religious themes within culture and politics ultimately providing a detailed overview of the intersection of religion war and politics in contemporary America

Perspectives on the American Way of War Thomas A. Marks, Kirklin J. Bateman, 2020-06-29 Perspectives on the American Way of War examines salient cases of American experience in irregular warfare focusing upon the post World War II era This book asks why recent misfires have emerged in irregular warfare from an institutional professional and academic context which regularly produces evidence that there is in fact no lack of understanding of both irregular challenges and correct responses Expert contributors explore the reasoning behind the inability to achieve victory however defined and argue that what security professionals have failed to fully recognize even today is that what is at issue is not warfare suffused with politics but rather the very opposite politics suffused with warfare Perspectives on the American Way of War will be of great interest to scholars of war and conflict studies strategic and military studies insurgency and counterinsurgency and terrorism and counterterrorism The book was originally published as a special issue of Small Wars Insurgencies

Radical Visions Vicente F. Gotera, 1994 Although poets have written about warfare since at least the time of Homer the Vietnam war has struck many observers as being immune to the interpretations of poetry and myth Lyric poetry of a traditional kind writes one critic has proved inappropriate to communicate the character of the Vietnam war its remoteness its jargonized recapitulations its seeming imperviousness to aesthetics Nonetheless the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict In Radical Visions Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book's first section The Nam Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part The World Gotera shows how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book's final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive

study devoted exclusively to poetry by Vietnam veterans Radical Visions argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience

The Fighting Fathers Alessandro Giorgi, 2024-09-28 An untold story of espionage religion and guerilla warfare in South Vietnam During the early years of US involvement in Vietnam the CIA helped arm militia groups in South Vietnam referred to as the Fighting Fathers The name was a reference to the Catholic priests who organized the fighting groups The fathers fought alongside their parishioners to defend their localities from the Communist insurgency the Vietcong Author Alessandro Giorgi has studied the subject in unprecedented detail conducting original research in recently declassified archives and interviewing former US intelligence personnel and Italian missionary witnesses

The Powell Doctrine and US Foreign Policy Luke Middup, 2016-03-03 The Vietnam War is one of the longest and most controversial in US history This book seeks to explore what lessons the US military took from that conflict as to how and when it was appropriate for the United States to use the enormous military force at its disposal and how these lessons have come to influence and shape US foreign policy in subsequent decades In particular this book will focus on the evolution of the so called Powell Doctrine and the intellectual climate that lead to it The book will do this by examining a series of case studies from the mid 1970s to the present war in Afghanistan

Women and Revolution in Africa, Asia, and the New World Mary Ann Tétreault, 1994 The contributors use a variety of theoretical approaches to analyze how women as a class have experienced specific twentieth century revolutions They identify the issues that prompted women to participate in the struggles the roles they played the contributions they made and their hopes for better lives for themselves as women in the post revolutionary society

No Fly Zones and International Security Stephen Wrage, Scott Cooper, 2019-03-14 This book discusses the practice of no fly zones in international affairs The first no fly zone was imposed over northern Iraq immediately after the first Gulf War and since then they have become a regular recourse for policymakers confronted with humanitarian crises They have come to be viewed as a feasible essentially non violent form of intervention that can be performed entirely from the air in a situation where some form of action is widely thought to be necessary but the political will for a ground operation is insufficient Nonetheless even among policy makers there is limited understanding of the requirements the shortcomings and the potentialities of no fly zones This is the first comprehensive work on this topic and examines the assumptions surrounding no fly zones by focusing on issues such as authority cost possibility of escalation and effectiveness Looking back at 25 years of experience with no fly zones the book s goal is to look at what historical lessons may be drawn and to make some predictions with regard to the politics and strategy of no fly zones in the future This book will be of much interest to students of air power security studies Middle Eastern Studies and IR in general
