Making Hard Decisions Terence Reilly Robert T. Clemen, Terence Reilly, 2020 This text teaches the fundamental ideas of decision analysis without the burden of extensive mathematical skills This new version incorporates and implements the powerful DecisionTools by Palisade Corporation the world s leading toolkit for risk and decision analysis At the end of each chapter topics are illustrated with step by step instructions for DecisionTools The Third Edition adds new material on valuing real options and organizational use of decision analysis and updates on behavioral decision theory Twelve cases from the Darden School University of Virginia have been included **Strategic Decision-making** Chris Gore, Kate Murray, Bill Richardson, 1992 A study of effective decision making in business at the strategic level It emphasizes how to improve decision making and provides a framework for analysis of techniques appropriate to particular organizations and circumstances Case study material is provided at the end of each chapter **Making Hard Decisions** Robert Taylor Clemen, 1991-01-01 This best selling and up to date survey of decision analysis concepts and techniques is accessible to students with limited mathematical backgrounds It is designed for advanced undergraduate and MBA level courses in decision analysis and also for business courses in introductory quantitative methods Prerequisites college algebra introductory statistics **Making Hard Decisions** Clemen, 1991-01-01 **Smart Decisions** Thomas N. Martin, 2016-04-29 Today s world is complex and getting more so each day Huge multinational corporations international crisis and fast breaking events require most people to make decisions on a daily basis without the tools to understand the long term impact that today s decision might create Because most people have never really been trained in how to make important complex decisions most people rely on experience and gut reaction which is okay for many decisions but not okay for decision that will have meaningful impact on organizations and individual Decision makers need to develop the art and science of strategic decision making Here Professor Thomas Martin explains the need for decision makers to modify their thinking about how they deal with acquiring and analyzing information in each of the decision making process steps This approach requiring thinking modification will lengthen the process make it more complex and to some more arduous but the comprehensiveness of the new thinking approach should lead to improved and more effective decision making In this book Dr Martin presents a thinking modification framework that asserts that in the decision making process there are three situational states a current state future state and a transitional state that one must deliberate in finding a solution For each of these situational states Martin develops an identical five step process to determine the best decision to make The steps of this process include Change Needing Situational Analysis Challenge Framing Causal Analysis Generating Solution Ideas Choosing a Solution Set Implementation and Aftermath Planning This book will appeal to decision makers leaders and students of management who want a specific framework that details the process behind making strategic well informed decisions *Making Hard Decisions with DecisionTools* Robert Taylor Clemen, Terence Reilly, 2001 MAKING HARD DECISIONS WITH

DECISIONTOOLS is a special version of Bob Clemen's best selling text MAKING HARD DECISIONS. This straight forward book teaches the fundamental ideas of decision analysis without an overly technical explanation of the mathematics used in management science. This new version incorporates and implements the powerful DecisionTools by Palisade Corporation, the world's leading toolkit for risk and decision analysis. At the end of each chapter, topics are illustrated with step by step instructions for DecisionTools. This new version makes the text more useful and relevant to students of business and engineering.

The Art of Strategic Decision-Making Peter Hollins, 2021-05-16
 overwhelmed and paralyzed by your choices. Learn how to get it right the first time, improve your analysis, judgment and intuition. Unfortunately, you can't just rely on your gut instinct or hunch when you make decisions. There's a science to improving your critical thinking, weighing pros and cons, and avoiding the traps that take you down the wrong path. Make smart decisions by catching your brain's built-in flaws. The Art of Strategic Decision Making will teach you to seize control of your life and make sure your decisions aren't making you. This book cites years of research and scientific studies about what constitutes a great decision and the factors that will inevitably lead you there. It is an in-depth look at human nature and psychology and why we make decisions in the way we do, for better or for worse. This book is packed with theory, but it is all practical and actionable. Use these mental models and pieces of analysis on your decisions TODAY. Think more quickly and more thoroughly at the same time. Peter Hollins has studied psychology and the human condition for over a dozen years. This book contains tactics pulled from his personal experience as well as some of the most famous studies in decision theory and social psychology to help you make snap decisions. Beat analysis paralysis and eliminate indecision. Learn your subconscious motivations, needs, and desires that hijack your brain. Discover the surprising causes and cures for decision fatigue. Over 10 of the most dangerous cognitive biases and decision traps. How to make your pros and cons lists incredibly useful and illuminating. The 6 Hats Method of intelligent decisions and how you can inhabit different perspectives. The WRAP method of planning for failure in decisions. How to think outside the box and creatively solve problems.

Strategic Decision Making Navneet Bhushan, Kanwal Rai, 2014-04-09
 Strategic Decision Making provides an effective formal methodology that provides help with decision making problems, especially strategic ones with high stakes involving human perceptions and judgements. Focusing on applying the AHP to decision making problems, Strategic Decision Making covers problems in the realms of business, defence, and governance. Using case studies drawn from years of experience, the book discusses decision making for real life problems and includes many worked examples and solutions to problems throughout. The reader will gain comprehensive exposure to the extent of assistance that a formal methodology such as AHP can provide to the decision maker in evolving decisions in complex and varied domains.

Strategic Decisions Vassilis Papadakis, Patrick Barwise, 2012-12-06
 Over the past ten years, there has been growing interest in the process of strategic decision making among both managers and researchers. Strategic decisions are important for five main reasons. They are large scale, risky, and hard to reverse; they are a bridge between deliberate and

emerging strategies they can be a major source of organizational learning they play an important part in the development of individual managers and they cut across functions and academic disciplines Strategic Decisions summarizes the current state of the art in research on strategic decision making with chapters prepared by leading strategy researchers The editors also present implications for current application and proposed directions for future research
