Making Of Mizoram Role Of Laldenga:

Making of Mizoram Suhas Chatterjee,1994 Despite seclusion the Mizo Union leaders of Mizoram erstwhile Lushai Hills had a penchant for the mainstream politics But the appeal of Nehru s liberalism and constitutionalism suffered a set back because of manipulative Assam politics Laldenga formed the Mizo National Front to establish Sovereign Mizoram He was brainwashed by the colonialist forces But his revolt plunged Mizoram into a horrible insurgency causing unprecedented bloodbath in North East India China and Pakistan fished in the troubled waters The changed international situation However compelled the MNF supremo to realize his mistake He sought refuge in the constitutionalism Rajiv Gandhi gave that opportunity when MNF abjured violence Laldenga became the legitimate chief minister He was dismissed being betrayed by his own party men

Political Parties in Mizoram Zarzosanga ,2024-01-05 This book delves deep into the remarkable journey of the Mizo National Front MNF from its origin to what it has become today With meticulous research and keen analysis the book offers a compelling narrative of how a marginalized group transformed into a political force that reshaped the destiny of an entire region and an entire race Through a lens finely tuned to historical context and cultural nuances the book unearths the motivations and aspirations that propelled the Mizo people to rally behind the MNF s call for autonomy and ultimately statehood Whether you are a political scholar history aficionado or simply curious about the transformative power of political parties in regional contexts this book offers a compelling narrative that unveils the multifaceted layers of the Mizo National Front s legacy It serves as an indispensable resource for anyone seeking a profound understanding of the interplay between patriotism and nationalism political ambition cultural identity and the pursuit of a better future **Indira**

Files: A Critical Look At The Controversial Side of Indira Gandhi Vishnu Sharma,2023-12-21 Analyze the controversial side of Indira Gandhi s political legacy with Indira Files offering a critical examination of her leadership and policies I have always felt that Indira Gandhi is the exceptional and foremost example of the dynastic politics of independent India She is a perfect example of dynastic rule on one hand she is called the Iron Lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country Where on one hand Indira Gandhi carved her name in golden letters in Indian history by dividing Pakistan into two on the contrary she has also endured the slogans like Sanjay ki mummy badi nikammi for blindly loving her son like Gandhari loved Duryodhana Nonetheless we cannot forget that it was Indira Gandhi who gave wings to India s strength and courage by conducting the Nuclear Test however she was also the Prime Minister for whom the High Court issued orders to be removed from her office In fact Indira Gandhi is merely a symbol of dynasty politics The point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position In today s scenario there are numerous political parties that operate under a single family s control Although I hold great admiration for Indira Gandhi however her darker side is perhaps more prominent Hence I believe that young aspirants who are interested in politics can learn valuable lessons from this book on

Whatever be the definition of indigenous vis a vis indigeneity and however consensual it might be both these terms have been inferred applied and questioned in multifarious ways The concept indigeneity in Asia has transformed considerably over a period of time With the rise in the indigeneity movement and large scale migration citizenship within national borders is challenged and the borders in question are also contested This book chronicles the discernible strains on the questions of indigeneity citizenship identity and border making in the Northeast India The issues pertaining to indigeneity citizenship and state are also a reminder of the residues of colonial doings that have had a colossal impact till this day Through empirical evidence backed by theoretical underpinnings each essay in the book demonstrates the diversity of approaches that can be used to interrogate the debate on indigeneity citizenship the state and opens the conversation on Northeast India This book is co published with Aakar Books Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan **Nationalism in the Vernacular** Raluah Puia, 2023-08-24 Examines how oral culture provided a platform to

people in shaping the discourse of Mizo nationalism **Great Game East** Bertil Lintner, 2015-01-01 Since the 1950s China and India have been locked in a monumental battle for geopolitical supremacy Chinese interest in the ethnic insurgencies in northeastern India the still unresolved issue of the McMahon Line the border established by the British imperial government and competition for strategic access to the Indian Ocean have given rise to tense gamesmanship political intrigue and rivalry between the two Asian giants Former Far Eastern Economic Review correspondent Bertil Lintner has drawn from his extensive personal interviews with insurgency leaders and civilians in remote tribal areas in northeastern India newly declassified intelligence reports and his many years of firsthand experience in Asia to chronicle this ongoing struggle His history of the Great Game East is the first significant account of a regional conflict which has led to open warfare on several occasions most notably the Sino India border war of 1962 and will have a major impact on global affairs in the decades ahead

The Camera as Witness Joy L. K. source from Karen Organizations revealed that they are the most populated ethnic groups in the country which the majority ethnic Bamar authorities never recognized The author researcher elaborates the pitiful political situation of the stated two separate ethnic groups for autonomy and world recognition in their relentless insurgency struggle towards their respective political ambition and a comparative study of the two thereof in this research work book **Historical Dictionary of the Peoples of the Southeast Asian Massif** Jean Michaud, Margaret Byrne Swain, Meenaxi Barkataki-Ruscheweyh, 2016-10-14 Dwelling in the highland areas of Northeast India Bangladesh Southwest China Taiwan Burma Myanmar Thailand Cambodia Vietnam Laos and Peninsular Malaysia are hundreds of peoples Together their population adds up to 100 million more than most of the countries they live in Yet in each of these countries they are regarded as minorities This second edition of Historical Dictionary of the Peoples of the Southeast Asian Massif contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on about 300 groups the ten countries they live in their historical figures and their salient political economic social cultural and religious aspects This book is an excellent access point for students researchers and anyone wanting to know more **Ethnic Subnationalist Insurgencies in South Asia** Jugdep S. Chima, 2015-03-24 This book provides a micro historical analysis of the emergence and contemporary dynamics of recent ethnic sub nationalist insurgencies in South Asia Using comparative case studies it discusses the causes of each insurgency analyses the trajectory and dynamics of each including attempts at resolution and highlights the wider theories of ethno nationalist insurgency and mobilization Bringing together an international group of contributors the book covers insurgencies in India Sri Lanka Pakistan Nepal and Bangladesh It questions why ethnic sub nationalist insurgencies occurred at particular points in time and not at others and explores the comparative trajectories of these movements The book goes on to discern reappearing patterns of conflict escalation de escalation through the method of comparative process tracing It argues that while identity is a necessary factor for insurgency it is not a sufficient one Instead ethnic mobilization and insurgency only emerge when it is activated by tension emerging from political competition between ethnic and central state elites These elite led dynamics when combined with favourable socio economic and political conditions make the ethnic masses primed to accept the often symbolically rich appeals from their leaders to mobilize against the central state Providing an important study on ethno nationalist insurgencies in South Asia the book will be of interest to those working in the fields of South Asian Politics Security Studies and Ethnic Conflict *Mizoram The Dagger Brigade* Nirmal Nibedon, 2013-10-11 This is the explosive story of the MNF struggle that persists in the dense jungles of Mizoram Area Specialist Nirmal Nibeapon penetrated the MNF and came upon a mine of information that had never been made public This gripping stranger thanfiction story is authenticated by a rare selection of photographs and contemporary sketches Recorded conversations with top Mizo leaders who either participated in the movement or were holding important positions during the height of the insurrections and snap interviews with guerrillas lend an extraordinary force to the narrative Nibedon is the first journalists

to have made the leaders of the movement break their decadeold silence Owing to the fluid situation prevailing in the hills there are gaps in the Mizo story Yet this is a brilliant attempt to reconstruct the insurgency operations carried out by the Underground and the Indian War Department s actions to contain the threat Besides a minute to minute account of guerilla depredations and the counterinsurgency operations by the soldiers in Olive Green it is also the tale of Mizo people who have passionately preserved their traditions and whose fighting spirit is still nourished by legendary warriors of the past The Dagger Brigade is the graphic account of a disastrous yet heroic struggle It will be attacked damned praised and read around the world for it is true tough objective and the first bold exposure of the activities in The Hood of the Cobra *Economic and Political Weekly* ,1994-04 **Indira Files** Vishnu Sharma,2023-02-27 **North-East India, a Bibliography** ,2002 History of Northeastern India **Mizoram, Dimensions and Perspectives** ,2008 Contributed articles *Seminar* ,2005 *Mainstream* ,1993 □□□□□□□□ ,1995 *The Cumulative Book Index* ,1996 A world list of books in the English language Lost Opportunities S. P. Sinha (Brigadier.),2007 Northeast India has been beset with insurgencies for more than fifty years The Nagas rebelled in the early 1950s and since then insurgency in some form or the other has spread to all the states of the northeast popularly known as the Seven Sisters This book takes a critical look at the many insurgencies in this strategic region and reviews their genesis motivations and characteristics Why have these persisted despite interventions by the state and civil society Over the years the insurgencies have developed external linkages which have only complicated matters The book also critically examines the government s response and traces the development of counter insurgency strategies from finding a military solution to winning the hearts and minds of the populace It is a fascinating but sad story of missed opportunities
