Making Of The Pope 2005:

The Making of the Pope 2005 Andrew M. Greeley, 2005-09-28 Father Andrew Greeley recounts the dramatic unfolding of the centuries old conclave of cardinals in this firsthand account of the papal election of 2005 16 page insert **Tuning the Rig** Fred Herron, 2012-07-10 To tune the rig describes adjusting a ship's rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron's focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church Closing Chapters Thomas G. Welsh, 2011-12-16 Closing Chapters attempts to explain the disintegration of urban parochial schools in Youngstown Ohio a onetime industrial center that lost all but one of its eighteen Catholic parochial elementary schools between 1960 and 2006 Through this examination of Youngstown Welsh sheds light on a significant national phenomenon the fragmentation of American Catholic identity **Postdigital Storytelling** Spencer Jordan, 2019-10-16 Postdigital Storytelling offers a groundbreaking re evaluation of one of the most dynamic and innovative areas of creativity today digital storytelling Central to this reassessment is the emergence of metamodernism as our dominant cultural condition This volume argues that metamodernism has brought with it a new kind of creative modality in which the divide between the digital and non digital is no longer binary and oppositional Jordan explores the emerging poetics of this inherently transmedial and hybridic postdigital condition through a detailed analysis of hypertextual locative mobile and collaborative storytelling With a focus on twenty first century storytelling including print based and nondigital art forms the book ultimately widens our understanding of the modes and forms of metamodernist creativity Postdigital Storytelling is of value to anyone engaged in creative writing within the arts and humanities This includes scholars students and practitioners of both physical and digital texts as well as those engaged in interdisciplinary practice based research in which storytelling remains a primary approach *Joyce in the Belly of the Big Truck; Workbook* Joyce A.
