The Marine Leah Vale,2014-10-15 He s An Officer When lawyer Lynn Hayes s career depends on keeping one of the long lost McCoy heirs out of jail she braces herself for a courtroom battle But the defendant s rigid sense of duty is the first enemy she faces followed quickly by her unyielding attraction to the man And A Misguided Gentleman Major Rick Branigan s debt to his buddy shouldn t cost him his reputation or so says the long legged beauty sent by the McCoy clan to bring him home to Dependable Missouri But when the U S Marine Corps is your family you don t break their code of honor even for a woman like Lynn Hayes do you

[Somalia](#) Terrence Lyons,Ahmed I. Samatar,2010-12-01 The multilateral military intervention in Somalia was one of the international community s first major attempts to respond to a dangerous new challenge in the post cold war era the problem of state collapse and social disintegration Catastrophes such as Somalia reach public attention as humanitarian emergencies but the underlying causes are the disintegration of political institutions and the resulting chaos and insecurity Given the challenges inherent in such political crises can the international community respond effectively to encourage political reconciliation and the rehabilitation of governing institutions This book suggests that the international community ignored clear warning signs in Somalia and missed several opportunities to use diplomacy to prevent state collapse As a result the destruction of the state became more complete and the difficulties in rebuilding a viable system more demanding When the United States and the United Nations finally intervened militarily in 1992 they focused on the humanitarian aspects of the emergency thereby limiting their ability to act on the core political and security dimensions This book shows how lessons learned in Somalia will shape international responses in future cases It details the deep rooted social political and economic processes that led to the decomposition of the state in the early 1990s analyzes the attempts by the international community to encourage political reconciliation and offers guidelines for policymakers

most ruthless skilled and effective fighters the world had ever seen a select group to conduct special operations at the highest level in the Pacific theater They were known as the Marine Raiders Marksmen brawlers and tacticians the Marine Raiders could accomplish their objective before the enemy even knew they were there Jacket **Hiram Iddings Bearss, U.S. Marine Corps** George B. Clark, 2014-12-24 Hiram Iddings Bearss was a legendary U S Marine whose 20 year career showed outstanding service to the United States in a variety of historically significant locations and periods His comrades included Smedley Butler Frederick Fritz Wise and David Porter and he was admired by many others including General Pershing He was awarded every American medal of consequence including the Medal of Honor for actions at the Sohoton Cliffs in 1901 and a Distinguished Service Cross for his command of the 102nd Infantry at Marcheville in 1918 as well as a host of important foreign decorations This biography recounts his life and career providing intimate details of crucial historical events It also explores the psychology of a man whose uncompromising and sometimes destructive personality helped his many enemies block his advancement Highly respected by others he was known for believing a commander should never send his men where he himself would not go he was a brave man dedicated to his beloved Corps with few reservations An opening chapter covers Bearss ancestry birth in 1875 and youth in Indiana The main text covers his actions in various Marine campaigns from early service in the Philippines and the Caribbean to World War I action in France where he served as part of the 4th Marine Brigade and commanded the 102nd Infantry and the 51st Brigade The concluding chapters cover his retirement and 1938 death in an automobile collision Appendices include lists of those who served under him his awards and relevant military reports **From Maggots to Marines** Jackie Greene, 2023-05-26 Every year approximately thirty eight thousand recruits pour through the gates of Marine Corps Recruit Depots at San Diego California and Parris Island South Carolina for a chance to line up on the historic yellow footprints And once on it the reality of the situation sets in and almost without exception they immediately ask themselves one question What the f did I get myself into In From maggots to Marines male and female Marines from WWII to present day share their sometimes hilarious and always insanely interesting stories of their boot camp experience Read their personal accounts of the shock and awe of arrival those fun filled trips to the sand pits close order drill adventures and most importantly tales of some of the insane and funny training aids implemented by their DIs Then flip to the DI chapters to get the word from the duty hut straight from the hats themselves The rigors of a 100 to 120 hour workweek the strain placed on their marriages and the opium they rely on to get them through it all humor One day early on we were waiting our turn outside of a warehouse while others were inside getting some equipment issued While we were standing at parade rest the senior asks for a volunteer for some undisclosed mission How many of you have one year of college he asked A bunch of us raised our hands How many of you have two years of college A smaller number of hands went up How many of you have three years of college Only one guy raised his hand Come here maggot the DI barked At this point I m sure the kid probably thought he had just won the boot camp lottery and that his educational background

had just staked him to some advantage Until he heard the next words that is Grab this f ing coffee cup puke and run back to the duty hut and get me a cup of coffee And just like that the recruit got a slice humble pie along with the realization that his schooling didn t mean jack here McCoy v.
