Moving Targets Selected Critical Prose 19822004:

Moving Targets Margaret Atwood, 2006 The most precious treasure of this collection is that it gives us the rich back story and diverse range of influences on Margaret Atwood's work From the aunts who encouraged her nascent writing career to the influence of George Orwell's *Nineteen Eighty Four* on *The Handmaid's Tale* we trace the movement of Atwood's fertile and curious mind in action over the years Atwood's controversial political pieces *Napoleon's Two Biggest Mistakes* and *Letter to America* both not so veiled warnings about the repercussions of the war in Iraq also appear alongside pieces that exhibit her active concern for the environment the North and the future of the human race Atwood also writes about her peers John Updike Marina Warner Italo Calvino Marian Engel Toni Morrison Angela Carter Gabriel Garcia Marquez Mordecai Richler Elmore Leonard and Ursula Le Guin This is a landmark volume from a major writer whose worldwide readership is in the millions and whose work has influenced and entertained generations *Moving Targets* is the companion volume to *Second Words* *Comparative North American Studies* Reingard M. Nischik, 2016-04-29 Merging selected approaches to *Comparative North American Studies* with detailed textual analyses this book studies works of writers as diverse as Ernest Hemingway Joyce Carol Oates Tim O'Brien and Margaret Atwood Topics include comparative approaches to the North American modernist short story narratives of the Canada US border and North American reviews of Atwood's novels

Power Politics Margaret Atwood, 1996 Margaret Atwood's *Power Politics* first appeared in 1971 startling its audience with its vital dance of woman and man Thirty years later it still startles and is just as iconoclastic as ever These poems occupy all at once the intimate the political and the mythic Here Atwood makes us realize that we may think our own personal dichotomies are unique but really they are multiple universal Clear direct wry unrelenting Atwood's poetic powers are honed to perfection in this important early work **Margaret Atwood and Social Justice** Theodore F. Sheckels, 2022-11-25 Margaret Atwood and *Social Justice* eventually presents a loose ideology evident in the author's major works of prose fiction It insists however that Atwood is a writer not an ideologue and that therefore this ideology evolves over her career always secondary to her presenting stories and characters and through them ideas Throughout her career Atwood has been concerned about the social injustice experienced by women After expressing concern for the plight of the environment in *Surfacing* and workers in *Life Before Man* Atwood turned quite political in *Bodily Harm* and *The Handmaid's Tale* blending her concern for justice for women with criticism of present day Third World and future right wing governments Atwood then turned inward looking at how those denied justice often do the same to others and turned to history looking at injustice tied to social class She later brought many of her concerns together in *The Blind Assassin* and especially the three books that comprise the *MaddAddam* trilogy Later works such as *The Heart Goes Last* *Hag Seed* and *The Testaments* add to the picture most fully articulated in *The Blind Assassin* which looks back at the 1930s and the *MaddAddam* books which look ahead to a future marked by global warming corporate oppression and pandemic As argued here these later books

strengthen her indictment of corporations which oppress for the sake of profit and offer her most straightforward recognition that race plays a major role in whether social justice is served or not

In Other Worlds Margaret Atwood, 2011-10-11 A marvelous collection of wide ranging essays from the bestselling author of *The Handmaid's Tale* and *The Testaments* exploring her lifelong relationship to science fiction as a reader and as a writer The ebook edition of this title contains over thirty additional illuminating ebook exclusive illustrations by the author At a time when the borders between genres are increasingly porous she maps the fertile crosscurrents of speculative and science fiction utopias dystopias slipstream and fantasy musing on the age old human impulse to imagine new worlds She shares the evolution of her personal fascination with SF from her childhood invention of a race of flying superhero rabbits to her graduate study of its Victorian antecedents to the creation of her own acclaimed novels Studded with appreciations of such influential writers as Marge Piercy Ursula K LeGuin Kazuo Ishiguro H Rider Haggard Aldous Huxley H G Wells and Jonathan Swift *In Other Worlds* is as humorous and charming as it is insightful and provocative

Re-exploring Canadian Space Jeanette M. L. den Toonder, Bettina van Hoven, 2012 A variety of productions and representations of Canadian identities are the central theme that runs through this book The different contributions explore imagined spaces by considering Canadian music poetry and novels they engage with political space by addressing various ways in which the people of Canada have made claims to different regions in the distant and recent past and they address lived spaces and their actual and symbolic meanings It is an unusual book as it encompasses the writings by those studying the arts and literature as well as writings by social scientists and it includes both English and French speaking scholars The richness that can be found in this multitude of perspectives and approaches to exploring Canadian space is characteristic of the way in which Canadian Studies is practiced nowadays It is therefore an appropriate volume to celebrate 20 years of Canadian Studies in the Netherlands

Engendering Genre Reingard M. Nischik, 2010-10-27 Winner of the 2010 Margaret Atwood Society Best Book Prize In *Engendering Genre* renowned Margaret Atwood scholar Reingard M Nischik analyzes the relationship between gender and genre in Atwood's works She approaches Atwood's oeuvre by genre poetry short fiction novels criticism comics and film and examines them individually She explores how Atwood has developed her genres to be gender sensitive in both content and form and argues that gender and genre are inherently complicit in Atwood's work they converge to critique the gender biased designs of traditional genres This combination of gender and genre results in the recognizable Atwoodian style that shakes and extends the boundaries of conventional genres and explores them in new ways The book includes the first in depth treatment of Atwood's cartoon art as well as the first survey of her involvement with film and concludes with an interview with Margaret Atwood on her career
