People from many diverse traditions have been invited to sit face to face at the table of philosophy to engage in analytical and critical reflection in what Dr John Morgan calls the great questions of life. This book invites students to explore the meaning of life in an easy and understandable manner through the infamous character Professor Plotinus. The antics of Professor Plotinus make philosophy interesting, uncomplicated and easy to grasp while deeply compelling. It allows our minds to wonder and listen to the wisdom of the ages that life has meaning and purpose if we only loosen the chains of dogma and venture out of our caves as we attempt to see life in a fresh way from the Preface by Linda Lewis Riccardi, Adjunct Professor of Humanities and Philosophy, Reading Area Community College.
