Presidency And The Rhetoric Of Foreign Crisis:

The Presidency and the Rhetoric of Foreign Crisis Denise M. Bostdorff, 1994 The Presidency and the Rhetoric of Foreign Crisis examines presidential crisis management or the way U S presidents portray foreign crises to the American public as a potent tool for the accumulation and at times the forfeiture of political power Arguing that it is largely through presidential communication that foreign crises become real for American citizens Bostdorff does not claim that presidents fabricate crises but rather that they vigorously advance their version of the crisis to the American public in order to rally support for their foreign policies Bostdorff contends that presidential language can heighten the significance of events that otherwise would attract little public attention such as a coup on the tiny Caribbean island of Grenada and thereby persuade citizens to support U S military intervention and to view the commander in chief as a decisive victorious leader To prove her assertions Bostdorff presents case studies from six successive administrations Beginning with Kennedy and the Cuban missile crisis of 1962 she examines Johnson and the Gulf of Tonkin Nixon and Cambodia Ford and the Mayaguez Carter and Iran and Reagan and Grenada Concluding with an evaluation of Bush and Panama Bostdorff identifies the recurring themes that defined crisis rhetoric explains how that rhetoric encourages particular public reactions and raises disturbing questions about the implications for the American polity

Presidential Speechwriting Kurt Ritter, Martin J. Medhurst, 2004-03-15 The rise of the media presidency through radio and television broadcasts has heightened the visibility and importance of presidential speeches in determining the effectiveness and popularity of the President of the United States Not surprisingly this development has also witnessed the rise of professional speechwriters to craft the words the chief executive would address to the nation Yet as this volume of expert analyses graphically demonstrates the reliance of individual presidents on their speechwriters has varied with the rhetorical skill of the officeholder himself his managerial style and his personal attitude toward public speaking The individual chapters here two by former White House speechwriters give fascinating insight into the process and development of presidential speechwriting from Franklin D Roosevelt s administration to Ronald Reagan s Some contributors such as Charles Griffin writing on Eisenhower and Moya Ball on Johnson offer case studies of specific speeches to gain insight into those presidents Other chapters focus on institutional arrangements and personal relationships rhetorical themes characterizing an administration or the relationship between words and policies to shed light on presidential speechwriting The range of presidents covered affords opportunities to examine various factors that make rhetoric successful or not to study alternative organizational arrangements for speechwriters and even to consider the evolution of the rhetorical presidency itself Yet the volume s single focus on speechwriting and the analytic overviews provided by Martin J Medhurst not only bring coherence to the work but also make this book an exemplar of how unity can be achieved from a diversity of approaches Medhurst s introduction of ten myths in the scholarship on presidential speeches and his summary of the enduring issues in the practice of speechwriting pull together the work of individual contributors At

the same time his introduction and conclusion transcend particular presidents by providing generalizations on the role of speechwriting in the modern White House

The Presidency and Rhetorical Leadership Leroy G. Dorsey, 2002
 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies

The Values of Presidential Leadership J. Wren, 2007-11-12 Contributors address aspects of presidential leadership in essays on how presidential values are determined or constructed how they are condoned and criticized how they are packaged and conveyed and how they are interpreted and acted upon Includes scholars from communication history law philosophy political science and psychology

The Bully Pulpit, Presidential Speeches, and the Shaping of Public Policy , Jeffrey S. Ashley, Marla J. Jarmer, 2015-11-11 Issue framing is the way that people especially politicians get other people to view a particular problem or issue By framing the issue in a particular way the goal is to get people to think about the issue to believe that an action is required and most importantly to believe that a particular action the one being proposed by the framer is the right one The use of language and imagery is an essential part of issue framing and has been an integral part of the presidency since our nation s founding but it has become particularly important since Theodore Roosevelt began to take his message directly to the people This work examines a selected speech delivered by every president from Roosevelt through Barack Obama to show how language has been instrumental in directing policy Each chapter will examine the situation or background for the problem include a transcript of the speech the president delivered and conclude with an analysis of the speech in terms of the particular frame that the speech utilized and the eventual outcome or policy direction inspired by the speech

Foreign Policy Rhetorics in a Global Era Allison M. Prasch, Sara L. McKinnon, 2024-11-01 This volume takes concepts familiar to foreign policy scholars and reimagines their usefulness in a

global era The essays in this collection feature unique methodological and theoretical contributions to rhetorical scholarship The field of rhetorical studies often assumes a US centric approach that elevates American chief executives as the sole doers and makers of foreign policy discourse This work points to a more comprehensive global perspective of foreign policy discourse and offers key concepts case studies and approaches It also examines who enacts discourse where it happens and how it influences relationships in between local national transnational and global spheres Among the cases researched in this collection are foreign policy rhetoric from Cold War foreign policy in Latin America the rhetoric of Vladimir Putin s Ukraine war messages and the development challenges of the Ford Foundation and the Kenya Women Finance Trust among many others

John F. Kennedy and the Liberal Persuasion John M. Murphy, 2019-01-01 The first serious study of his discourse in nearly a quarter century John F Kennedy and the Liberal Persuasion examines the major speeches of Kennedy s presidency from his famed but controversial inaugural address to his belated but powerful demand for civil rights It argues that his eloquence flowed from his capacity to imagine anew the American liberal tradition Kennedy insisted on the intrinsic moral worth of each person and his language sought to make that ideal real in public life This book focuses on that language and argues that presidential words matter Kennedy s legacy rests in no small part on his rhetoric and here Murphy maintains that Kennedy s words made him a most consequential president By grounding the study of these speeches both in the texts themselves and in their broader linguistic and historical contexts the book draws a new portrait of President Kennedy one that not only recognizes his rhetorical artistry but also places him in the midst of public debates with antagonists and allies including Dwight Eisenhower Barry Goldwater Richard Russell James Baldwin Martin Luther King Jr and Robert Kennedy Ultimately this book demonstrates how Kennedy s liberal persuasion defined the era in which he lived and offers a powerful model for Americans today

Explaining Foreign Policy Steve A. Yetiv, 2004-03-22 Scholars of international relations tend to prefer one model or another in explaining the foreign policy behavior of governments Steve Yetiv however advocates an approach that applies five familiar models rational actor cognitive domestic politics groupthink and bureaucratic politics Drawing on the widest set of primary sources and interviews with key actors to date he applies each of these models to the 1990 91 Persian Gulf crisis and to the U S decision to go to war with Iraq in 2003 Probing the strengths and shortcomings of each model in explaining how and why the United States decided to proceed with the Persian Gulf War he shows that all models with the exception of the government politics model contribute in some way to our understanding of the event No one model provides the best explanation but when all five are used a fuller and more complete understanding emerges In the case of the Gulf War Yetiv demonstrates the limits of models that presume rational decision making as well as the crucial importance of using various perspectives Drawing partly on the Gulf War case he also develops innovative theories about when groupthink can actually produce a positive outcome and about the conditions under which government politics will likely be avoided He shows that the best explanations for government behavior ultimately integrate empirical insights yielded

from both international and domestic theory which scholars have often seen as analytically separate With its use of the Persian Gulf crisis as a teachable case study and coverage of the more recent Iraq war Explaining Foreign Policy will be of interest to students and scholars of foreign policy international relations and related fields **Political Economy, New Media, and Nigerian Popular Cultures** Benjamin Olumuyiwa Popoola, Israel Ayinla Fadipe, 2025-04-15 The Nigerian media industry with the introduction of information and communication technologies social networking sites and the internet has energized popular cultures that revolve around movies Nollywood Hollywood Bollywood etc music Afro hip hop American music sports football European leagues fandom celebrity worship religious movements pentecostalism nationalistic identities online streaming platforms yahoo yahoo cultures money ritualism and so on Thus the present book examines how political economy theory of the media has been used to shape these listed popular cultures in the country and what uses and gratifications people seek from them how people symbolically interacted with them and how they socially learn from these popular cultures As a matter of fact using cogent and relevant case studies with postulations of popular economy theory of the media the papers have looked into the intersection between political economy theory popular cultures and new media using postulations from other relevant media theories and methodologies Communication popular cultures and media studies scholars and students will find this book useful for academic purposes *The Great American Scaffold* Frank Austermühl, 2014-02-15 Based on extensive quantitative and qualitative analyses of a corpus of American presidential speeches that includes all inaugural addresses and State of the Union messages from 1789 to 2008 as well as major foreign and security policy speeches after 1945 this research monograph analyzes the various forms and functions of intertextual references found in the discourse of American presidents Working within an original interdisciplinary theoretical framework established by theories of intertextuality discourse analysis and presidential studies the book discusses five different types of presidential intertextuality all of which contribute jointly to creating a set of carefully manipulated and politically powerful images of both the American nation and the American presidency The book is intended for scholars and students in political and presidential studies communications American cultural studies and linguistics as well as anyone interested in the American presidency in general **Jimmy Carter, Human Rights, and the National Agenda** Mary E. Stuckey, 2008 Though Jimmy Carter is widely viewed as one of the least effective modern presidents the human rights agenda for which his administration is known remains high in the national awareness and continues to provide important justifications for presidential and congressional action a quarter century later The very elements of Carter's communications on human rights that engendered obstacles to the formation of a coherent and consistent policy the term's vagueness the difficulties of applying it its uneasy relationship with national security interests and the divergence between Democratic and Republican understandings allowed human rights to become a useful rubric for presidents both Democratic and Republican who followed Carter Stuckey discusses the key elements of how human rights came to the nation's attention **Democracy and**

Diplomacy Melvin Small,1996 The book gives particular attention to the events of the twentieth century when the United States became a major power and then a superpower

Securing the Prize Randall Fowler,2024-11-14 How presidential metaphors have shaped US discourse on the Persian Gulf From the 1970s to the 1990s American presidents and their advisers introduced four metaphors into foreign policy discourse that taught Americans to view the Persian Gulf as a vulnerable region and site of US responsibility on the world stage In *Securing the Prize* Presidential Metaphor and US Intervention in the Persian Gulf Randall Fowler argues that for half a century metaphor has been central to defining America's role in the Middle East Metaphors served as shorthand for presidents to promote their policies filtering through the judgments of officials journalists experts and critics to mediate American perceptions of the Gulf War Tracing the use of security metaphors from President Richard Nixon to President George W Bush Fowler revises mainstream understandings regarding the origins of the War on Terror and explains the disconnect between skeptical public attitudes toward US involvement in the Gulf War and the heavy American military footprint in the region

World War I, Mass Death, and the Birth of the Modern US Soldier David W. Seitz,2018-06-20 *World War I Mass Death and the Birth of the Modern US Soldier* A Rhetorical History examines the United States government's postwar ideological and rhetorical project in establishing permanent national military cemeteries abroad Constructed throughout Europe where citizen soldiers had fought and perished and sacralized as American sites these burial grounds simultaneously linked the nation's war dead back to American soil and the national purpose rooted there expressed the nation's emerging prominent role on the world's stage and advanced the burgeoning icon of the sacrificial universal US soldier It draws upon untapped archival and historical materials from the WWI and interwar periods as well as original on site research to show how the cemeteries came to display and advance the vision of the modern US soldier as a global force for good Ultimately within the visual display of overseas cemeteries we can detect the birth of the modern US soldier a potent icon in which divergent emotions memories beliefs and arguments of Americans and non Americans have been expressed for a century

Communication Yearbooks Vols 6-33 Set Various,2021-12-02 The Communication Yearbook annuals originally published between 1977 and 2009 publish diverse state of the discipline literature reviews that advance knowledge and understanding of communication systems processes and impacts across the discipline Topics dealt with include Communication as Process Research Methodology in Communication Communication Effects Taxonomy of Communication and European Communication Theory Information Systems Division Mass Communication Research Mapping the Domain of Intercultural Communication Public Relations Feminist Scholarship Communication Law and Policy Visual Communication Communication and Cross Sex Friendships Across the Life Cycle Television Programming and Sex Stereotyping InterCultural Communication Training Leadership and Relationships Media Performance Assessment Cognitive Approaches to Communication

Proclaiming the Truman Doctrine Denise M. Bostdorff,2008 In this work Denise M Bostdorff considers President Truman's address to a joint session of

Congress on March 12 1947 She focuses on the public and private language that influenced administration perceptions about the precipitating events in Greece and Turkey and explores the news management campaign that set the stage for Truman's speech Bostdorff even examines how the president's health may have influenced his policy decision and how it affected his delivery of the address and campaign for congressional approval After a rhetorical analysis of the Truman Doctrine speech the book ends with Bostdorff's conclusions on its short and long term impact She identifies themes announced by Truman that resound in U S foreign policy down to the present day when George W Bush has compared his policies in the war on terror to those of Truman and members of his administration have compared Bush to Truman This important work is a major contribution to scholarship on the presidency political science and public rhetoric *The Future of the Presidency, Journalism, and Democracy* Robert E. Gutsche, Jr., 2022-04-19 This volume examines the effects of Donald Trump's presidency on journalistic practices rhetoric and discourses Rooted in critical theory and cultural studies it asks what life may be like without Trump not only for journalism but also for American society more broadly The book places perspectives and tensions around the Trump presidency in one spot focusing on the underlying ideological forces in tensions around media trust Trumpism and the role of journalism in it all It explores how journalists dealt with racist rhetoric from the White House relationships between the Office of the President and social media companies citizens and journalists themselves while questioning whether journalism has learned the right lessons for the future More importantly chapters on liberal media bias the First 100 Days of the Biden Presidency gender and race and how journalists should adopt measures to reduce harm hint as to where politics and journalism may go next Reshaping the scholarly and public discourse about where we are headed in terms of the presidency and public's social media and journalism this book will be an important resource for scholars and graduate students of journalism media studies communication studies political science race and ethnic studies and sociology

The World Is Our Stage Allison M. Prasch, 2023-02-08 A fresh account of the US presidential rhetoric embodied in Cold War international travel Crowds swarm when US presidents travel abroad though many never hear their voices The presidential body moving from one secured location to another communicates as much or more to these audiences than the texts of their speeches In *The World Is Our Stage* Allison M Prasch considers how presidential appearances overseas broadcast American superiority during the Cold War Drawing on extensive archival research Prasch examines five foundational moments in the development of what she calls the global rhetorical presidency Truman at Potsdam Eisenhower's Goodwill Tours Kennedy in West Berlin Nixon in the People's Republic of China and Reagan in Normandy In each case Prasch reveals how the president's physical presence defined the boundaries of the Free World and elevated the United States as the central actor in Cold War geopolitics

The Provisional Pulpit Brandon Rottinghaus, 2010-04-07 The cornerstone of the public presidency is the ability of the White House to influence shape and even manipulate public opinion Ultimately although much has been written about presidential leadership of opinion we are still left with many questions

pertaining to the success of presidential opinion leadership efforts throughout the modern presidency What is still missing is a systematic sequential approach to describe empirical trends in presidential leadership of public opinion in order to expand on important scholarly queries to resolve empirical disputes in the literature and to check the accuracy of conventional political wisdom on how when and under what conditions presidents lead public opinion In *The Provisional Pulpit* Brandon Rottinghaus develops a simple theory of presidential leadership arguing that presidential messages are more likely to be received if there are fewer countervailing agents or messages to contradict the president's message He concludes based upon the findings presented in this book that the bully pulpit is largely provisional for modern presidents The more the president can avoid the political echo chamber associated with partisan battles or communications the better the chance the president has to lead public opinion *The Provisional Pulpit* adds an important layer of understanding to the issue of how and under what conditions presidents lead public opinion All modern presidents clearly attempt to lead public opinion often due to factors outside their control they fail This book is an exploration into how and when they succeed

Beyond the Rhetorical Presidency Martin J. Medhurst, 1996 With the administrations of Theodore Roosevelt and Woodrow Wilson the American presidency underwent many profound changes Chief among those was a radical evolution in the interaction of the president with the general public Divided into three sections the ten essays of this volume focus on that evolution and offer thought provoking analyses concerning the role of presidential rhetoric in passing policy generating support and promoting public discourse In Part I Jeffrey Tulis who introduced the concept of the rhetorical presidency more than a decade ago considers how the dilemmas he envisioned as part of that concept change just as the political arena changes Glen E. Thurow reflects on private virtue and public duty as aspects of presidential character Bruce E. Gronbeck argues that the electronic age has fundamentally changed the nature and impact of presidential rhetoric and indeed the presidency itself while Thomas W. Benson contemplates whether politics is even possible in the environment of current computer mediated communications Part II turns from theoretical and metatheoretical explorations to practical criticism in a series of case studies Roderick P. Hart and Kathleen Kendall evaluate the significance of a single telephone conversation about civil rights between Vice President Lyndon Johnson and Theodore Sorenson in June 1963 Using Richard Nixon's rhetoric as the example from which to draw general themes and issues Edwin Black considers the complex moral economy that supports presidential self-invention G. Thomas Goodnight uses the debate over Ronald Reagan's policy toward Central America to study rhetorical history contested memory and the uses of time in the service of power Robert L. Ivie examines Graubard's critique of presidential war rhetoric in the context of the Persian Gulf action Karlyn Kohrs Campbell presents a framework for understanding the public views of the First Lady focusing on Hillary Rodham Clinton but drawing historical parallels Finally Part III of this volume offers a social scientific assessment of the theoretical and interpretive research on presidential rhetoric from one of the nation's leading scholars of the presidency George Edwards An introduction and afterword by series editor Martin J.

Medhurst seek to clarify the nature and status of the debate about the rhetorical presidency Beyond the Rhetorical Presidency offers scholars with an interest in speech communication and political science a volume that reexamines the place and significance of presidential rhetoric

Presidency And The Rhetoric Of Foreign Crisis Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Presidency And The Rhetoric Of Foreign Crisis PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and

finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Presidency And The Rhetoric Of Foreign Crisis PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Presidency And The Rhetoric Of Foreign Crisis free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Presidency And The Rhetoric Of Foreign Crisis Books

1. Where can I buy Presidency And The Rhetoric Of Foreign Crisis books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Presidency And The Rhetoric Of Foreign Crisis book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
