Holdrege,2015-08-14 The historical shift from Vedic traditions to post Vedic bhakti devotional traditions is accompanied by a shift from abstract translocal notions of divinity to particularized localized notions of divinity

and a corresponding shift from aniconic to iconic traditions and from temporary sacrificial arenas to established temple sites In Bhakti and Embodiment Barbara Holdrege argues that the various transformations that characterize this historical shift are a direct consequence of newly emerging discourses of the body in bhakti traditions in which constructions of divine embodiment proliferate celebrating the notion that a deity while remaining translocal can appear in manifold corporeal forms in different times and different localities on different planes of existence Holdrege suggests that an exploration of the connections between bhakti and embodiment is critical not only to illuminating the distinctive transformations that characterize the emergence of bhakti traditions but also to understanding the myriad forms that bhakti has historically assumed up to the present time This study is concerned more specifically with the multileveled models of embodiment and systems of bodily practices through which divine bodies and devotional bodies are fashioned in Krsna bhakti traditions and focuses in particular on two case studies the Bhagavata Purana the consummate textual monument to Vaisnava bhakti which expresses a distinctive form of passionate and ecstatic bhakti that is distinguished by its embodied nature and the Gaudiya Vaisnava tradition an important bhakti tradition inspired by the Bengali leader Caitanya in the sixteenth century which articulates a robust discourse of embodiment pertaining to the divine bodies of Krsna and the devotional bodies of Krsna bhaktas that is grounded in the canonical authority of the Bhagavata Purana The Secret Teachings Of All Ages Manly P Hall,1973 **Do your History textbooks tell you these Facts?** Maanoj Rakhit, *Ten Upanishads of Four Vedas* Ram K. Piparaiya,2003-01-01 *Ten Upanishads Of Four Vedas* Ram K Piparaiya A contemporary treatise that contains unabridged texts numerous commentaries simplified synopses and inspirational highlights The book is a useful compendium of original Upanishadic texts and commentaries Interfaith classics that contemplate on What is God Where from came the cosmos Who am I Why am I here Upanishads are a record of human mind s earliest contemplatives flights to the unknown Many of the anonymous seekers proceeded great masters and prophets like Lao Tzu Confucius Socrates Zoroaster Buddha Mahavira Abraham and Jesus by at least a few centuries Upanishads use many captivating stories and metaphors to bring out the relationship between man God and world Timeless truths are condensed in profound aphorisms After a few glimpses of Upanishads texts their mere presence on a bookshelf inspires thoughts of wisdom
