Investigating Franz Kafka's "Der Bau" Andrea Ebarb, 2023-04-27 In 2016 the Israeli Supreme Court ruled that Max Brod's posthumous papers which included a collection of Kafka's manuscripts be transferred to the National Library of Israel in Jerusalem If Kafka's writings may be seen to belong to Jewish national culture and if they may be considered part of Israel's heritage then their analysis within a Jewish framework should be both viable and valuable This volume is dedicated to the research of Franz Kafka's late narrative *The Burrow* and its autobiographical and theological significance Research is extended to incorporate many fields of study architecture sound studies philosophy cultural studies Jewish studies literary studies to illustrate the dynamics at work within the text which reveal the Jewish aspects implicitly thematicized Examination of the structure created the nature of sound perceived the atmosphere experienced and the acts performed by the protagonist serve as the foundation of this analysis and offer new access to Kafka's work by presenting an interpretive space semantic approach *Der Bau* is presented as a life concept given the task of constituting identity highlighting the critical link between the literary and biographical Kafka and demonstrating the necessity of understanding the author as a Jewish writer to understand his late narrative For her outstanding research project Andrea Newsom Ebarb was awarded the Forschungsförderpreis der Vereinigung der Freunde der Universität Mainz e.V. in 2023

Great Lives from History: Cro-Hen Frank Northen Magill, 1990 Pop Culture in Latin America and the Caribbean Elizabeth Gackstetter Nichols, Timothy R. Robbins Ph.D., 2015-07-28 This insightful book introduces the most important trends, people, events, and products of popular culture in Latin America and the Caribbean. In recent times, Latin American influences have permeated American culture through music, movies, television, and literature. This sweeping volume serves as a ready reference guide to pop culture in Central America, South America, and the Caribbean, focusing on Mexico, Brazil, Venezuela, Argentina, Haiti, Cuba, the Dominican Republic, Jamaica, and Costa Rica, among other areas. The work encourages hands-on engagement with the popular culture in these places, making such suggestions as Brazilian films to rent or where to find Venezuelan music on the Internet. To start, the book covers various perspectives and issues of these regions, including the influence of the United States, how the idea of machismo reflects on the portrayal of women in these societies, and the representation of Latino/Caribbean cultures in film and other mediums. Entries cover key trends, people, events, and products from the beginning of the 20th century to the present day. Each section gives detailed information and profound insights into some of the more academic and often controversial debates on the subject, while the inclusion of the Internet, social media, and video games make the book timely and relevant. Selected Writings: 1927-1934 Walter Benjamin, Howard Eiland, Gary Smith, 1996 Comprising more than 65 pieces, journal articles, reviews, extended essays, sketches, aphorisms, and fragments, this volume shows the range of Walter Benjamin's writing. His topics here include poetry, fiction, drama, history, religion, love, violence, morality, and mythology. **Jewish Imaginaries of the Spanish Civil War** Cynthia Gabbay, 2022-09-08 *Jewish Imaginaries of the Spanish Civil War* inaugurates a new field of research in literary and Jewish studies at the intersection of Jewish history and the internationalist cultural phenomenon emerging from the Spanish Civil War, 1936-1939, the Republican exile, and the Shoah. With the Spanish Civil War as a point of departure, this volume proposes a definition of Jewish textualities based on the entanglement of multiple poetic modes. Through the examination of a variety of narrative fiction and non-fiction, memoir, poetry, epistles, journalism, and music in Yiddish, Spanish, French, German, and English, these essays unveil non-canonic authors across the West and explore these works in the context of antisemitism, orientalism, and philo-Semitism among other cultural phenomena. Jewish writings from the war have much to tell about the encounter between old traditions and new experimentations framed by urgency, migration, and messianic hope. They offer perspectives on memorial and post-memorial literatures triggered by transhistorical imagination and many were written against the grain of canonic literature where subtle forms of dissidence manifested through language, structure, sound, and thought, sought to tune with the anti-fascist fight. This book revindicates the polyglossia of Jewish cultures and literatures in the context of genocide and epistemicide and proposes to remember the cultural phenomena produced by the Spanish Civil War, demanding a new
