Losing The Plot:

Losing the Plot Annaleise Byrd, 2025-05-06 A tremendous whooshing noise started up It sounded like a million pages being riffled at once I caught a strong whiff of gingerbread Then The Complete Fairytales of the Brothers Grimm flew open and a human shaped blur came shooting out Basil Beedon and Terry Clegg are neighbors and that s all they have in common Terry loves sport and Basil loves books but to Basil s absolute dismay he s been roped into helping Terry with his reading Every Single Saturday However that s the least of his worries when Gretel comes shooting out of The Complete Fairytales of the Brothers Grimm The boys are plunged into a dangerous world run by the Fairytale Alliance Network of Character Unions FANCY where not everyone is what they seem Hansel has been kidnapped and a plot hole threatens to destroy everything Witty clever with adventure at every turn this is a fractured fairytale in a very surprising Grimm world

Finding the Plot Loïc Artiago, Diana Holmes, David Platten, 2014-08-11 Plot writes Peter Brooks is so basic to our very experience of reading and indeed to our articulation of experience in general that criticism has often passed it over in silence Reading for the Plot xi Finding the Plot both explores and helps to redress this critical neglect The book brings together an international group of scholars to address the nature effects and specific pleasures of consuming stories If the central focus is on France and popular literary fiction the book s scope like contemporary fiction itself observes no national frontiers and extends across a variety of media The book addresses both the empirical question of which genres and types of text have been and are most popular and the theoretical questions of how plots work what pleasures they offer to readers and why it matters that the plot should not be lost

Losing the Golden Hour James Stephenson, 2007-10-31 In emergency medicine the golden hour is the first hour after injury during which treatment greatly increases survivability In post conflict transition terminology it is the first year after hostilities end Without steadily improving conditions then popular support declines and chances for economic political and social transformation begin to evaporate James Stephenson believes we have lost Iraq s golden hour A veteran of postconflict reconstruction on three continents he ran the Iraq mission of the Agency for International Development in 2004 05 with more than a thousand employees and expatriate contractors The Coalition Provisional Authority which oversaw the largest reconstruction and nation building exercise ever was a dysfunctional organization the Department of Defense cobbled together with temporary employees and a few experienced professionals from the State Department and other agencies Iraqis soon became disillusioned and the insurgency grew Losing the Golden Hour tells of hubris incompetence courage fear and duty It is about foreign assistance professionals trying to overcome the mistakes of an ill conceived occupation and help Iraqis create a nation after decades of despair Neither criticizing nor defending U S foreign policy Stephenson offers an informed assessment of Iraq s future Selected for the Diplomats and Diplomacy Book Series of the Association for Diplomatic Studies and Training and Diplomatic and Consular Officers Retired

Acting with Power Deborah H. Gruenfeld, 2020 There is so much we get wrong about power This eye opening look at

the true nature of power explores who has it what it looks like and the role it plays in our lives Grounded in over two decades worth of scientific research and inspired by the popular class of the same name at Stanford s Graduate School of Business Acting with Power offers a new and eye opening paradigm that overturns everything we thought we knew about the nature of power Although we all feel powerless sometimes we have more power than we tend to believe That s because power exists in every relationship by virtue of the roles we play in others lives But it isn t a function of status or hierarchy Rather it s about how much we are needed and the degree to which we fulfill our responsibilities Power isn t a tool for self enhancement or a resource for personal consumption It s a part you play in someone else s story We often assume that power flows to those with the loudest voice or the most commanding presence in the room But in fact true power is often much quieter and more deferential than we realize Moreover it s not just how much power we have but how we use it that determines how powerful we actually are Actors aren t the only ones who play roles for a living We all make choices about how to use the power that comes with our given circumstances We aren t always cast in the roles we desire or the ones we feel prepared to play Some of us struggle to step up and be taken more seriously while others have trouble standing back and ceding the spotlight Some of us are used to hearing we are too aggressive while others are constantly being told we are too nice Gruenfeld shows how we can all get more comfortable with power by adopting an actor s mindset We all know what it looks like to use power badly This book is about how to use power well

Para-citations Sam Okoth Opondo, 2022-02-09 Taking seriously the critical conception of diplomacy as the mediation of estrangement Diplomatic Para citations turns to the politics and laws that tie modern diplomacy to colonial cultures and the genres of Man that they privilege In an attempt to read the diplomatic from the African postcolony the book probes the injunction at the center of the law of genre that states that genres are not to be mixed This enables it to investigate the citational recitational forms of knowledge and practices of recognition that reproduce the diplomatic and colonial order of things in the African context Through a reading of literature philosophy and a multiplicity of everyday practices in Africa and
