Lost And Found Poems 1975 198:

The Writers Directory, 1996 **The Expression of the Inexpressible in Eugenio Montale's Poetry** Clodagh J. Brook, 2002 It is impossible to say just what I mean Prufrock's frustration in Eliot's celebrated poem underlines the pessimistic view of language at the heart of much Modernist poetry Locating the greatest Italian poet of the twentieth century Eugenio Montale firmly within European Modernism this book examines the struggle with language that is central to his work What can a poet do when words fail him Does he put down his pen retreat into silence Does he seek instead to push language towards its limits and if so what tools can he employ What part does metaphor the via negativa allusive or understated writing have in this process These are just some of the issues that Clodagh J Brook seeks to address In its unravelling of the inexpressibility paradox her book offers a new reading of Montale's early verse and reveals how in articles and metapoetic comments Montale gives us insights into both his poetics and the whole process of expression Queer Troublemakers Prudence Bussey-Chamberlain, 2019-08-08 Irreverent and provoking the figure of the queer troublemaker is a disruptive force both poetically and politically Tracing the genealogy of this figure in modern avant garde American poetry Prudence Bussey Chamberlain develops innovative close readings of the works of Gertrude Stein Frank O'Hara Eileen Myles and Maggie Nelson Exploring how these writers play with identity gender sexuality and genre Bussey Chamberlain constructs a queer poetics of flippancy that can subvert ideas of success and failure affect and affectation performance and performativity poetry and being **Collected Poems of Raymond Souster** Bruce Whiteman, 1984 **Medieval and Renaissance Letter Treatises and Form Letters** Emil J. Lost Property Jennifer Summit, 2000-07 The English literary canon is haunted by the figure of the lost woman writer In our own age she has been a powerful stimulus for the rediscovery of works written by women But as Jennifer Summit argues the lost woman writer also served as an evocative symbol during the very formation of an English literary tradition from the fourteenth through the sixteenth centuries *Lost Property* traces the representation of women writers from Margery Kempe and Christine de Pizan to Elizabeth I and Mary Queen of Scots exploring how the woman writer became a focal point for

emerging theories of literature and authorship in English precisely because of her perceived alienation from tradition Through original archival research and readings of key literary texts Summit writes a new history of the woman writer that reflects the impact of such developments as the introduction of printing the Reformation and the rise of the English court as a literary center A major rethinking of the place of women writers in the histories of books authorship and canon formation Lost Property demonstrates that rather than being an unimaginable anomaly the idea of the woman writer played a key role in the invention of English literature

Drawing Relationships in Northern Italian Renaissance Art Giancarla Periti, 2017-07-05 Vasari's celebration of the art of the central Italian cities of Florence Rome and Venice has long left in shadow the art of northern Italy The economic and historical decline of the region compounded this effect with the dispersal of the treasures of the Farnese to Naples the Este to Dresden and the Gonzaga to Madrid and Paris Each chapter in this volume celebrates a stunning work from the region among them Correggio's famed Camera di San Paolo in Parma Parmigianino's Camerino in the Rocca Sanvitale near Parma the studiolo of Alberto Pio at Carpi and the Tomb of the Ancestors in the Tempio Malatestiano in Rimini The volume as a whole offers fascinating insights into the tussle between the maniera moderna and the maniera devota in the first half of the sixteenth century when the unity between the elegance and beauty of art and its religious significance came under debate Around the year 1550 when Michelangelo's Last Judgement came under attack for impiety and lasciviousness and the reformists called for an art that would invoke in the viewer a devotional response that identified manifestations of the divine with human feelings and emotions In northern Italy it was on the foundation laid by Correggio with his tenderness and ability to evoke the softness of living flesh that the Carracci brothers built their reform of painting

Randall Jarrell and His Age Stephen Burt, 2002 Amid the resurgence of interest in Randall Jarrell Stephen Burt offers this brilliant analysis of the poet and essayist *The Circulation of Poetry in Manuscript in Early Modern England* Arthur F. Marotti, 2021-05-26 This study examines the transmission and compilation of poetic texts through manuscripts from the late Elizabethan era through the mid-seventeenth century paying attention to the distinctive material social and literary features of these documents The study has two main focuses the first the particular social environments in which texts were compiled and second the presence within this system of a large body of usually anonymous rare or unique poems Manuscripts from aristocratic academic and urban professional environments are examined in separate chapters that highlight particular collections Two chapters consider the social networking within the university and London that facilitated the transmission within these environments and between them Although the topic is addressed throughout the study the place of rare or unique poems in manuscript collections is at the center of the final three chapters The book as a whole argues that scholars

need to pay more attention to the social life of texts in the period and to little known or unknown rare or unique poems that represent a field of writing broader than that defined in a literary history based mainly on the products of print culture
