Lost Executioner A Story Of The Khmer Rouge:

The Lost Executioner Nic Dunlop, 2011-03-29 In Cambodia between 1975 and 1979 some two million people died at the hands of the Khmer Rouge Twenty years later not one member had been held accountable for the genocide Haunted by an image of one of them Comrade Duch photographer Nic Dunlop set out to bring him to life and thereby to account I needed to understand how a movement that laid claim to a vision of a better world could instead produce a revolution of unparalleled ferocity how a seemingly ordinary man from one of the poorer parts of Cambodia could turn into one of the worst mass murderers of the twentieth century Weaving seamlessly between past and present Dunlop unfolds the history of Cambodia as a lens through which to understand its tragic last forty years He makes clear how much responsibility the United States must share through failed political alliances and the illegal bombing of Cambodia for the bloodshed that followed Guided by witnesses Dunlop teases out the details of Duch's transformation from sensitive schoolchild and dedicated teacher to the revolutionary killer who later slipped quietly back into village life From the temples of Angkor to the prisons of Pol Pot's regime to his unexpected meeting with Duch himself Dunlop's special vision as a photographer enlarges our own The Lost Executioner is a blend of history and testimony and a reminder that whether in the killing fields of Cambodia or the deserts of Darfur if we turn our backs on genocide we must bear a collective guilt

The Lost Executioner Nic Dunlop, 2009-07-20 Between 1975 and 1979 the seemingly peaceful nation of Cambodia succumbed to one of the most bloodthirsty revolutions in modern history Nearly two million people were killed As head of the Khmer Rouge's secret police Comrade Duch was responsible for the murder of more than 20 000 of them Twenty years later not one member of the Khmer Rouge had been held accountable for what had happened and Comrade Duch had disappeared Photographer Nic Dunlop became obsessed with the idea of finding Duch and shedding light on a secret and brutal world that had been sealed off to outsiders Then by chance he came face to face with him The Lost Executioner describes Dunlop's personal journey to the heart of the Khmer Rouge and his quest to find out what actually happened in Pol Pot's Cambodia and why

Dystopia Gregory Claeys, 2016-11-24 Dystopia A Natural History is the first monograph devoted to the concept of dystopia Taking the term to encompass both a literary tradition of satirical works mostly on totalitarianism as well as real despotisms and societies in a

state of disastrous collapse this volume redefines the central concepts and the chronology of the genre and offers a paradigm shifting understanding of the subject Part One assesses the theory and prehistory of dystopia By contrast to utopia conceived as promoting an ideal of friendship defined as enhanced sociability dystopia is defined by estrangement fear and the proliferation of enemy categories A natural history of dystopia thus concentrates upon the centrality of the passion or emotion of fear and hatred in modern despotisms The work of Le Bon Freud and others is used to show how dystopian groups use such emotions Utopia and dystopia are portrayed not as opposites but as extremes on a spectrum of sociability defined by a heightened form of group identity The prehistory of the process whereby enemies are demonised is explored from early conceptions of monstrosity through Christian conceptions of the devil and witchcraft and the persecution of heresy Part Two surveys the major dystopian moments in twentieth century despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley's *Brave New World* and George Orwell's *Nineteen Eighty Four* The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present

Hun Sen's Cambodia Sebastian Strangio, 2014-11-28 To many in the West the name Cambodia still conjures up indelible images of destruction and death the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s Sebastian Strangio a journalist based in the capital city of Phnom Penh now offers an eye opening appraisal of modern day Cambodia in the years following its emergence from bitter conflict and bloody upheaval In the early 1990s Cambodia became the focus of the UN's first great post Cold War nation building project with billions in international aid rolling in to support the fledgling democracy But since the UN supervised elections in 1993 the nation has slipped steadily backward into neo authoritarian rule under Prime Minister Hun Sen Behind a mirage of democracy ordinary people have few rights and corruption infuses virtually every facet of everyday life In this lively and compelling study the first of its kind Strangio explores the present state of Cambodian society under Hun Sen's leadership painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past

Extraordinary Justice Craig Etcheson, 2019-11-19 In just a few short years the Khmer Rouge presided over one of the twentieth century's cruelest reigns of terror Since its 1979 overthrow there have been several attempts to hold the perpetrators accountable from a People's Revolutionary Tribunal shortly afterward through the early 2000s Extraordinary Chambers in the Courts of Cambodia also known as the Khmer Rouge Tribunal Extraordinary Justice offers a definitive account of the quest for justice in Cambodia that uses this history to develop a theoretical framework for understanding the interaction between law and politics in war crimes tribunals Craig Etcheson one of the world's foremost

experts on the Cambodian genocide and its aftermath draws on decades of experience to trace the evolution of transitional justice in the country from the late 1970s to the present He considers how war crimes tribunals come into existence how they operate and unfold and what happens in their wake Etcheson argues that the concepts of legality that hold sway in such tribunals should be understood in terms of their orientation toward politics both in the Khmer Rouge Tribunal and generally A magisterial chronicle of the inner workings of postconflict justice Extraordinary Justice challenges understandings of the relationship between politics and the law with important implications for the future of attempts to seek accountability for crimes against humanity *Itinerary of an Ordinary Torturer* Christophe Peschoux, Haing Kheng Heng, 2015-09-15 Kaing

Guek Eav was an ordinary young man growing up in Cambodia in the mid twentieth century He showed promise as a student excelled in school got a job as a math teacher and experienced the political awakening common to young adulthood But then he became a revolutionary adopting the alias Duch and took charge of S 21 the infamous secret security center of the Khmer Rouge where in less than four years at least 14 000 enemies of the revolution were incarcerated interrogated tortured and executed After the sudden collapse of the government Duch fled to the Cambodian frontier where he took yet another name and lived in workaday anonymity until he was finally unmasked and sentenced to life in prison for his involvement in the heinous crimes of S 21 This is the last interview Duch gave as a free man taking place just days before his arrest in May 1999 In it he describes with remarkable and sometimes chilling precision the workings of the Khmer Rouge movement and his own role and actions in the startling irrationality of that harrowing and haphazard regime The interview is supported by an introduction and epilogue that delve unflinchingly into Duch s character and motivations our own humanity and the sometimes uncomfortable implications of global justice **The Cinema of Rithy Panh** Leslie Barnes, Joseph

Mai, 2021-07-16 Born in 1964 Cambodian filmmaker Rithy Panh grew up in the midst of the Khmer Rouge s genocidal reign of terror which claimed the lives of many of his relatives After escaping to France where he attended film school he returned to his homeland in the late 1980s and began work on the documentaries and fiction films that have made him Cambodia s most celebrated living director The fourteen essays in *The Cinema of Rithy Panh* explore the filmmaker s unique aesthetic sensibility examining the dynamic and sensuous images through which he suggests that everything has a soul They consider how Panh represents Cambodia s traumatic past combining forms of individual and collective remembrance and the implications of this past for Cambodia s transition into a global present Covering documentary and feature films including his literary adaptations of Marguerite Duras and Kenzaburo Iwano they examine how Panh s attention to local context leads to a deep understanding of such major themes in global cinema as justice imperialism diaspora gender and labor Offering fresh takes on masterworks like *The Missing Picture* and *S 21* while also shining a light on the director s lesser known films *The Cinema of Rithy Panh* will give readers a new appreciation for the boundless creativity and ethical sensitivity of one of Southeast Asia s cinematic visionaries **Post-1990 Documentary: Reconfiguring Independence** Camille Deprez, 2015-06-24 This new

book provides graduate students scholars and professionals with critical and detailed insights into recent yet significant independent documentary makers and their varied works practices and uses *Private Pictures* Janina Struk,2020-09-14

Snapshots taken by American soldiers of Iraqi prisoners stripped naked humiliated and tortured shocked the world in 2004 and more have followed from the conflict in Afghanistan but whether the public have been horrified by the soldiers conduct or the fact they have taken pictures has not been clear In fact as this remarkable book reveals and relates soldiers have taken photographs of war and its atrocities for more than 100 years But their pictures are private intended mainly for the soldiers themselves as mementoes or as attempts to make sense of the chaos brutality and boredom of war They can be gruesome or sociable shocking or mundane and they are seldom regarded as serious contributions to a visual culture of war which since 1939 has been dominated by professional war photography But with the 21st century shift to simple digital photography transmission by the internet available to all and a new citizen journalism soldiers pictures are acquiring a new resonance

Private Pictures traces this unacknowledged genre of photography from the origins of popular photography in the Boer War through to the present day it discusses how the images have been used and it asks what effect might the wider appreciation of soldiers pictures have on the popular perception of war *Anthropological Witness* Alexander Laban Hinton,2022-10-15

Anthropological Witness tells the story of Alexander Laban Hinton s encounter with an accused architect of genocide and more broadly Hinton s attempt to navigate the promises and perils of expert testimony In March 2016 Hinton served as an expert witness at the Extraordinary Chambers in the Courts of Cambodia an international tribunal established to try senior Khmer Rouge leaders for crimes committed during the 1975 79 Cambodian genocide His testimony culminated in a direct exchange with Pol Pot s notorious right hand man Nuon Chea who was engaged in genocide denial *Anthropological Witness* looks at big questions about the ethical imperatives and epistemological assumptions involved in explanation and the role of the public scholar in addressing issues relating to truth justice social repair and genocide Hinton asks Can scholars who serve as expert witnesses effectively contribute to international atrocity crimes tribunals where the focus is on legal guilt as opposed to academic explanation What does the answer to this question say more generally about academia and the public sphere At a time when the world faces a multitude of challenges the answers Hinton provides to such questions about public scholarship are urgent *Making Histories* Paul Ashton,Tanya Evans,Paula Hamilton,2020-09-21

If historical culture is the specific and particular ways that a society engages with its past this book aims to situate the professional practice of public history now emerging across the world within that framework It links the increasingly varied practices of memory and history making such as genealogy podcasting re enactment family histories memoir writing film making and facebook histories with the work that professional historians do both in and out of the academy *Making Histories* asks questions about the role of the expert and notions of authority within a landscape that is increasingly concerned with connection to the past and authenticity The book is divided into four parts 1 Resistance Rights Authority 2 Memory Memorialization Commemoration 3 Performance

Transmission Reception 4 Family Private Self The four sections outline major themes emerging in public history across the world in the 21st century which are all underpinned by the impact of new media on historical practice and our central argument for the volume which advocates a more capacious definition of what constitutes public history

Perpetrators of International Crimes Alette Smeulers, Maartje Weerdesteijn, Barbora Holá, 2019-02-07 Why would anyone commit a mass atrocity such as genocide crimes against humanity war crimes or terrorism This question is at the core of the multi and interdisciplinary field of perpetrator studies a developing field which this book assesses in its full breadth for the first time Perpetrators of International Crimes analyses the most prominent theories methods and evidence to determine what we know what we think we know as well as the ethical implications of gathering this knowledge It traces the development of perpetrator studies whilst pushing the boundaries of this emerging field The book includes contributions from experts from a wide array of disciplines including criminology history law sociology psychology political science religious studies and anthropology They cover numerous case studies including prominent ones such as Nazi Germany Rwanda and the former Yugoslavia but also those that are relatively under researched and more recent such as Sri Lanka and the Islamic State These have been investigated through various research methods including but not limited to trial observations and interviews

Perpetrators of Mass Atrocities Alette Smeulers, 2023-12-22 The 9 11 attacks as well as the ones in Madrid London Paris and Brussels the genocides in Nazi Germany Rwanda and Cambodia the torture in dictatorial regimes the wars in former Yugoslavia Syria and Iraq and currently in Ukraine the sexual violence during periods of conflict all make us wonder why would anyone do something like that Who are these people Drawing on 30 years of research in this book Alette Smeulers explores the perpetrators of mass atrocities such as war crimes crimes against humanity genocide and terrorism Examining questions of why people kill and torture and how mass atrocities can be explained Smeulers presents a typology of perpetrators with different ranks roles and motives Devoting one chapter to each type of perpetrator the book combines insights from academic research with illustrative case studies of well known perpetrators from dictators to middlemen to lower ranking officials and terrorists Their stories are explored in depth as the book examines their behaviour and motivation Perpetrators of Mass Atrocities thus provides a comprehensive understanding of the causes of extreme mass violence Such knowledge not only can help the international criminal justice system to be able to attribute blame in a fairer way but can also assist in preventing such atrocities being committed on the current scale Perpetrators of Mass Atrocities is essential reading for all those interested in war crimes genocide terrorism and mass violence
