**Lost & Found Catholics** Christopher M. Bellitto, 1999 Hear the stories of a generation coming to terms with their own experience of Church Christopher Bellitto himself a member of this generation has listened to these prodigal sons and daughters These voices offer poignant and articulate perceptions of the confusion that followed the wake of Vatican II In *Lost and Found Catholics* those reaching back to the Church or trying to find a comfortable spot to call home will hear echoes of their own stories and perhaps find the catalyst for coming to terms with their own experience of Church Those who minister to returning Catholics will understand more deeply the concerns of these lost and found Catholics [Views from the Pew, Pulpit and Women Religious](#) Ed Koncel, 2010-07 In his very personal account Ed Koncel a well read and thoughtful Catholic shares his recollections of the church past his frustrations with the church present and his hopes for Catholicism's more vibrant future Robert McClory author of *As It Was in the Beginning* Ed Koncel writes from the perspective of a faithful son of the Church faithful over the course of his long life He writes with both passion and compassion in regard to the people and the proceedings of the Second Vatican Council and the developments since the Council Obviously well read and actively involved in various groups working to make real the words and spirit of the documents of the Vatican II he speaks with the authority of knowledge and personal experience and integrity I believe he also speaks as one whose love of the Church motivates him to keep working for its coming to accept the full participation of all in the liturgical and governmental life of its people Mr Koncel strikes me as a man of hope an extraordinary virtue in our time Denise Wilkinson SP General Superior of the Sisters of Providence **Faith Formation 4.0** Julie Anne Lytle, 2013-02-01 Using an ecological approach to study how emerging technologies impact individual and communal formation *Faith Formation 4.0* looks at how our efforts to be story keepers story sharers and story makers have evolved over four eras of human communication Framed by the Great Commission imperative to make disciples this book offers a road map to help leaders develop goals to form inform and transform new members as well as long time believers within a faith community The author successfully illustrates that church success depends not only on knowing the Christian message of God's enduring love but also how to use today's tools appropriately for evangelization and faith formation **American Catholic Studies**, 2005 **A Progressive Voice in the Catholic Church in the United States** Arthur J. McDonald, 2019-10-29 In the summer of 1966 one year after the conclusion of the Second Vatican Council a group of nineteen Roman Catholic priests met clandestinely in a church hall in a suburb of Pittsburgh to discuss forming an independent group of ordained clergy Fearful that meeting publicly might be viewed as a threat to the authority of the local bishop thus potentially risking sanctioning from him they used numbers not names when circulating the minutes of the first two meetings Once the word spread among the local clergy that such a group was meeting and they realized there was widespread interest they went public and invited all of Pittsburgh's Catholic clergy including the bishop to their third meeting They chose a name the Association of Pittsburgh Priests APP and the group was launched

Shortly after forming and with interest from among over two hundred clergy APP began advocating for major church renewal and involvement in any number of social justice issues Regarding church renewal they grounded themselves in the documents of Vatican II most especially *Gaudium et Spes* Church in the Modern World and soon lobbied for optional celibacy and married priesthood women's ordination lay empowerment including the promotion of the early church notion of the priesthood and prophethood of all believers To this day APP remains a force for change in the church and in society ever true to its initial intuition to fully implement the renewal of church and society called for by the bishops at Vatican II

McHugh, Johan Verstraeten, 2000 These essays are an attempt to recover something of the form style and force of Catholic non official social thinking in the face of contemporary social thought and contemporary injustice in advanced societies After an opening essay by the doyen of Catholic writers in this field Jean Yves Calvez SJ the book is divided into three sections The first and largest group of essays discuss patterns and predicaments of Catholic social thought in general terms and from different points of view The context here is partly the debate on modernity high modernity and post modernity partly the issue of how far and in what ways Catholic Social Thought can claim to be distinctive relative to contemporary secular thought The second section of the book focusses on relationships between Catholic social thought and its restatement and a number of contemporary debates on public issues Particular attention is given in successive essays to issues of anti poverty human rights economic theory and international finance A third and shorter section describes a number of institutional projects which attempt to carry Catholic social values forward into concrete action focussing on work in health and welfare grass roots economic co operation anti poverty and international peace and justice Final contributions by the reputed international scholar in this field John Coleman SJ and the book editors respectively evaluate the collection as a whole and discuss further steps      *American Catholics, American Culture* Margaret O'Brien Steinfels, 2004 Essays by scholars journalists lawyers business and labor leaders church administrators and lobbyists novelists activists policymakers and politicians address the most critical issues facing the Catholic Church in the United States      From Page to Proclamation Clare Schwantes, 2024-11-19 This pioneering work invites readers to embark on a transformative journey through the heart of liturgical worship and scriptural proclamation It introduces a new tier to biblical hermeneutics exploring the ways in which the liturgical event and the ecclesial community color the interpretation of Scripture Weaving together insights from Gadamer's philosophical hermeneutics with the rich tapestry of Catholic liturgy the author proposes that the meaning of a proclaimed Scripture passage emerges not from an analysis of the text itself but in the vibrant interplay of multiple horizons Bible Lectionary homilist and worshiper Through a lens of play and festival the intricate relationship between tradition and contemporary worship is explored showcasing how the sensory richness of the Catholic liturgy shapes the interpretation of Scripture It challenges readers to view the Lectionary as a living text intimately connected to the worshiping assembly and the modern world This thought provoking work offers both theoretical insights

Murphy,2024-09-12

This first of two volumes introduces the tradition of social Catholicism not only in its earlier realizations but regarding how a contemporary renewal might address the crisis in which constitutional democracies and the postwar liberal order are under assault by populist and even neo fascist movements that could soon usher in a frighteningly dark future unless a broad movement in defense of constitutional democracy quickly arises In this context some of the most influential voices among American Catholics are focused on criticizing liberal democracy on advocating a postliberal order and the establishment of a Catholic integralist state or on insisting that abortion should be the primary sociopolitical concern for Catholics treating these threats to democracy as largely irrelevant This volume shows the rich tradition of social Catholicism and how the Social Doctrine of the Church came to appreciate the key tenets of constitutional democracy As Pope Benedict XVI wrote this social doctrine leads us to take a stand for the common good to take the institutional or political path of charity to be solicitous for the institutions that give structure to the life of society juridically civilly politically and culturally It engages some of the most influential contemporary Catholic thinkers and argues that they too should recognize the grave threats facing the human family and join in working to defend and renew our constitutional democracy      **Catholicism Engaging Other Faiths**

Chinnici,2021-04-27

Situating the church within the context of post World War II globalization and the Cold War *American Catholicism Transformed* draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large Shaped by anti communist sentiment and responsive to American cultural trends the Catholic community adopted strategies of domestic containment stressing the close unity between the Church and the

American way of life A focus on the unchanging character of God's law as expressed in social hierarchies of authority race and gender provided a public visage of unity and uniformity However the emphasis on American values mainstreamed into the community the political values of personal rights equality acceptance of the arms race and muted the Church's inherited social vision The result was a deep ambivalence over the forces of secularization The Catholic community entered a transitional stage in which those on the right and those on the left battled for control of the Church's vision International networking reform of religious life among women international congresses of the laity the institutionalization of the liturgical movement and the burgeoning civil right movement positioned the community to receive the Vatican Council in a distinctly American way During the Second Vatican Council the American bishops and theological experts gradually adopted the reforming currents of the world wide Church This convergence of international and national forces of renewal and resistance to them says Joseph Chinnici will continue to shape the American Catholic community's identity in the twenty first century
