

**The 4th International Conference on Applied Science and Technology
Samarinda, Indonesia**

(Due to COVID-19 outbreak, all activities related to this conference are going to be conducted virtually.

October 23-24, 2021

Version • Crystal Room 3rd floor
Mangrove Hotel, Somerville

Keynote Speakers

Virtual Conference

Mathematical Modelling In Science And Technology The Fourth International Conference

**Nov Irmawati Inda,Darmawati
Darwis,Elisa Sesa,Pasjan Satrimafitrah**

Mathematical Modelling In Science And Technology The Fourth International Conference:

Proceedings of 4th International Conference on Mathematical Modeling and Computational Science Souvik Pal,Álvaro Rocha,2025-06-24 This book aims to capture the interest of researchers and professionals in information technology computer science and mathematics It presents fundamental and advanced concepts in intelligent computing paradigms data science graph theory and mathematical modeling As high performance computing evolves the emphasis on intelligent adaptive computing mechanisms and the integration of mathematical modeling into computational algorithms is becoming increasingly vital Serving as a valuable resource for professionals and newcomers alike this book provides insights into enhanced computing paradigms and mathematical approaches ranging from foundational to advanced levels Our objective is to create a platform where researchers engineers academicians and industry experts worldwide can exchange findings on emerging trends Beyond introducing innovative concepts the authors believe this book will spark meaningful discussions and inspire new ideas

Proceedings of the 4th International Conference on Electrical and Information Technologies for Rail Transportation (EITRT) 2019 Baoming Liu,Limin Jia,Yong Qin,Zhigang Liu,Lijun Diao,Min An,2020-04-01 This book reflects the latest research trends methods and experimental results in the field of electrical and information technologies for rail transportation which covers abundant state of the art research theories and ideas As a vital field of research that is highly relevant to current developments in a number of technological domains the subjects it covered include intelligent computing information processing Communication Technology Automatic Control etc The objective of the proceedings is to provide a major interdisciplinary forum for researchers engineers academicians as well as industrial professionals to present the most innovative research and development in the field of rail transportation electrical and information technologies Engineers and researchers in academia industry and the government will also explore an insight view of the solutions that combine ideas from multiple disciplines in this field The volumes serve as an excellent reference work for researchers and graduate students working on rail transportation electrical and information technologies

Proceedings of the Fourth International Scientific Conference “Intelligent Information Technologies for Industry” (IITI’19) Sergey Kovalev,Valery Tarassov,Vaclav Snasel,Andrey Sukhanov,2020-06-22 This book gathers papers presented in the main track of IITI 2019 the Fourth International Scientific Conference on Intelligent Information Technologies for Industry held in Ostrava Prague Czech Republic on December 2 7 2019 The conference was jointly organized by Rostov State Transport University Russia and V B Technical University of Ostrava Czech Republic with the participation of the Russian Association for Artificial Intelligence RAAI IITI 2019 was devoted to practical models and industrial applications of intelligent information systems Though chiefly intended to promote the implementation of advanced information technologies in various industries topics such as the state of the art in intelligent systems and soft computing were also discussed

Proceedings of the 4th International Conference on Big Data Analytics for Cyber-Physical System in Smart City - Volume 2

Mohammed Atiquzzaman, Neil Yuwen Yen, Zheng Xu, 2023-03-31 This book gathers a selection of peer reviewed papers presented at the 4th Big Data Analytics for Cyber Physical System in Smart City BDCPS 2022 conference held in Bangkok Thailand on December 16 17 The contributions prepared by an international team of scientists and engineers cover the latest advances and challenges made in the field of big data analytics methods and approaches for the data driven co design of communication computing and control for smart cities Given its scope it offers a valuable resource for all researchers and professionals interested in big data smart cities and cyber physical systems **Proceedings of the 4th International Seminar on Science and Technology (ISST 2022)** Nov Irmawati Inda, Darmawati Darwis, Elisa Sesa, Pasjan

Satrimafitrah, 2023-08-21 This is an open access book ISST is an annual seminar organized regularly by Faculty of Mathematics and Natural Sciences Tadulako University since 2018 in collaboration with University of Newcastle Australia University of Miyazaki UoM Physics Society of Indonesia Indonesian Chemical Society HKI and Indonesian Mathematical Society IndoMS International seminar on science and technology aims to provide a high level international forum for leading academicians researchers scientists students scholars and practitioners to share the state of the art of knowledges experiences researches and applications on the aspect of advancement in Mathematics Physics and Chemistry field It is also serves to foster communication among academicians researchers scientists students scholars and practitioners working in a wide variety of scientific areas with a common interest in improving science and technology in the field of mathematics physics and chemistry Furthermore this seminar can provide a premier interdisciplinary platform for academicians researchers scientists students scholars and practitioners to present and discuss the most recent innovations trends and concerns as well as practical challenges encountered and solutions adopted in the fields of Mathematics Physics and Chemistry This seminar has been virtually held since 2020 due to covid 19 pandemic and is continuing to hold virtually following the advice and guidelines from government However due to the antusiasms of participants to attend the seminar face to face hence this seminar will be held using hybrid style seminar by following healthcare guideline for covid 19

New Paths Towards Quantum Gravity Bernhelm Booß-Bavnbek, Maria Rosaria D'Esposito, Matthias Lesch, 2010-06-04 Aside from the obvious statement that it should be a theory capable of unifying general relativity and quantum field theory not much is known about the true nature of quantum gravity New ideas and there are many of them for this is an exciting field of research often diverge to a degree where it seems impossible to decide in which of the many possible directions the ongoing developments should be further sustained The division of the book in two overlapping parts reflects the duality between the physical vision and the mathematical construction The former is represented by tutorial reviews on non commutative geometry on space time discretization and renormalization and on gauge field path integrals The latter one by lectures on cohomology on stochastic geometry and on mathematical tools for the effective action in quantum gravity The book will benefit everyone working or entering the field of quantum gravity research **National Library of Medicine**

Current Catalog National Library of Medicine (U.S.), Mathematical Modelling of Weld Phenomena: No. 4 H. Cerjak, 2024-11-01 Contains the papers presented at the fourth International Seminar Numerical Analysis of Weldability held in September 1997 at Schloss Seggau near Graz Austria Proceedings of the 4th International Conference on New Media Development and Modernized Education (NMDME 2024) Jun Yin, Yuan Zhang, Nazgul Shyngyssova, Chanjun Liu, 2024-12-13 This is an open access book Background With the development of information network technology the new media supported by new technology has rapidly attracted people's attention because of its advantages over traditional media such as radio television newspapers and magazines In the era of information explosion new media shows the characteristics of speed convenience and large amount of information It is not only used in people's daily work but also sought after in the education industry People try to use new media to cultivate new talents who can keep up with the pace of social changes Present situation Weibo WeChat mobile Internet cloud computing and dating software have become the representatives of new media in recent years ranging from individuals to large organizations such as People's Daily news network and other official media have also joined the application of new media The widespread use of these representative media in education becomes inevitable This conference also hopes to comply with the development requirements of new media education To provide a platform for experts and scholars engineers and technicians in the field of New Media Development and Modernized Education to share scientific research achievements and cutting edge technologies understand academic development trends broaden research ideas strengthen academic research and discussion and promote the industrialization cooperation of academic achievements The conference sincerely invites experts scholars business people and other relevant personnel from domestic and foreign universities research institutions to participate in the exchange Objectives of this conference The 4th International Conference on New Media Development and Modernized Education NMDME 2024 aims to accommodate this need as well as to 1 provide a platform for experts and scholars engineers and technicians in the field of new media development and modernized education to share scientific research achievements and cutting edge technologies 2 Understand academic development trends broaden research ideas strengthen academic research and discussion and promote the industrialization cooperation of academic achievements 3 Promote the institutionalization and standardization of New Media Development and Modernized Education through modern research 4 Increasing the number of scientific publications for financial innovation and economic development ICMLG2016-4th International Conference on Management, Leadership and Governance Dmitry Vasilenko and Natalia Khazieva, **Nuclear Science Abstracts**, 1974 Mathematical Modelling in Science and Technology Xavier J.R. Avula, Rudolf E. Kalman, Athanasios I. Liapis, 2014-05-09 Mathematical Modelling in Science and Technology The Fourth International Conference covers the proceedings of the Fourth International Conference by the same title held at the Swiss Federal Institute of Technology Zurich Switzerland on August 15 17 1983 Mathematical modeling is a powerful tool to solve many complex problems presented by scientific and

technological developments This book is organized into 20 parts encompassing 180 chapters The first parts present the basic principles methodology systems theory parameter estimation system identification and optimization of mathematical modeling The succeeding parts discuss the features of stochastic and numerical modeling and simulation languages Considerable parts deal with the application areas of mathematical modeling such as in chemical engineering solid and fluid mechanics water resources medicine economics transportation and industry The last parts tackle the application of mathematical modeling in student management and other academic cases This book will prove useful to researchers in various science and technology fields

Intermittent and Nonstationary Drying Technologies Azharul

Karim, Chung-Lim Law, 2017-09-18 The first comprehensive book on intermittent drying Intermittent and Nonstationary Drying Technologies Principles and Applications demonstrates the benefits of this process and covers key issues including technologies effect of operating parameters mathematical modelling energy efficiency and product quality It discusses such topics as periodic drying conventional and intermittent food drying processes and food quality relationship among intermittency of drying microstructural changes and food quality microwave assisted pulsed fluidized and spouted bed drying and cellular level water distribution Aimed at food engineers chemical product engineers pharmaceutical engineers and technologists plant design engineers and researchers and students in these areas this useful reference helps readers

Progress in Industrial Mathematics at ECMI 2008 Alistair D. Fitt, John

Norbury, Hilary Ockendon, Eddie Wilson, 2010-07-23 The 15th European Conference on Mathematics for Industry was held in the agreeable surroundings of University College London just 5 minutes walk from the British Museum in the heart of London over the ve warm sunny days from 30 June to 4 July 2008 Participants from all over the world met with the common aim of reinforcing the role of mathematics as an overarching resource for industry and business The conference attracted over 300 participants from 30 countries most of them participating with either a contributed talk a minisymposium presentation or a plenary lecture Mathematics in Industry was interpreted in its widest sense as can be seen from the range of applications and techniques described in this volume We mention just two examples The Alan Tayler Lecture was given by Mario Primicerio on a problem arising from moving oil through pipelines when temperature variations affect the shearing properties of wax and thus modify the flow The Wacker Prize winner Master's student Lauri Harhanen from the Helsinki University of Technology showed how a novel piece of mathematics allowed new software to capture real time images of teeth from the data supplied by present day dental machinery see ECMI Newsletter 44 The meeting was attended by leading figures from government business and science who all shared the same aim to promote the application of innovative mathematics to industry and identify industrial sectors that offer the most exciting opportunities for mathematicians to provide new insight and new ideas

Advances in Maritime Technology and Engineering Carlos Guedes Soares, Tiago

A. Santos, 2024-05-08 *Advances in Maritime Technology and Engineering* comprises a collection of the papers presented at the 7th International Conference on Maritime Technology and Engineering MARTECH 2024 held in Lisbon Portugal on 14-16 May 2024. This Conference has evolved from the series of biannual national conferences in Portugal which have become an international event reflecting the internationalization of the maritime sector and its activities. MARTECH 2024 is the seventh of this new series of biannual conferences. This book comprises 142 contributions that were reviewed by an International Scientific Committee. *Advances in Maritime Technology and Engineering* is dedicated to maritime transportation ports as well as maritime safety and reliability. It further comprises sections dedicated to ship design, cruise ship design and to the structural aspects of ship design such as ultimate strength and composites, subsea structures, pipelines and to ship building and ship repair. The *Proceedings in Marine Technology and Ocean Engineering* series is dedicated to the publication of proceedings of peer-reviewed international conferences dealing with various aspects of Marine Technology and Ocean Engineering. The series includes the proceedings of the following conferences: the International Maritime Association of the Mediterranean (IMAM) conferences, the Marine Structures (MARSTRUCT) conferences, the Renewable Energies Offshore (RENEW) conferences and the Maritime Technology (MARTECH) conferences. The *Marine Technology and Ocean Engineering* series is also open to new conferences that cover topics on the sustainable exploration of marine resources in various fields such as maritime transport and ports, usage of the ocean including coastal areas, nautical activities, the exploration and exploitation of mineral resources, the protection of the marine environment and its resources and risk analysis, safety and reliability. The aim of the series is to stimulate advanced education and training through the wide dissemination of the results of scientific research. *Scientific and Technical Aerospace Reports*, 1995. *AI-Powered IoT for COVID-19* Fadi Al-Turjman, 2020-12-10. The Internet of Things (IoT) has made revolutionary advances in the utility grid as we know it. Among these advances, intelligent medical services are gaining much interest. The use of Artificial Intelligence (AI) is increasing day after day in fighting one of the most significant viruses, COVID-19. The purpose of this book is to present the detailed recent exploration of AI and IoT in the COVID-19 pandemic and similar applications. The integrated AI and IoT paradigm is widely used in most medical applications as well as in sectors that deal with transacting data every day. This book can be used by computer science undergraduate and postgraduate students, researchers and practitioners and city administrators, policy makers and government regulators. It presents a smart and up-to-date model for COVID-19 and similar applications. Novel architectural and medical use cases in the smart city project are the core aspects of this book. The wide variety of topics it presents offers readers multiple perspectives on a variety of disciplines. Prof. Dr. Fadi Al-Turjman received his PhD in computer science from Queen's University, Kingston, Ontario, Canada, in 2011. He is a full professor and research center director at Near East University, Nicosia, Cyprus. *Wearable Sensor Technology for Monitoring Training Load and Health in the Athletic Population* Billy Sperlich, Hans-Christer Holmberg, Kamiar Aminian, 2020-02-13. Several internal and external

factors have been identified to estimate and control the psycho biological stress of training in order to optimize training responses and to avoid fatigue overtraining and other undesirable health effects of an athlete An increasing number of lightweight sensor based wearable technologies wearables have entered the sports technology market Non invasive sensor based wearable technologies could transmit physical physiological and biological data to computing platform and may provide through human machine interaction smart watch smartphone tablet bio feedback of various parameters for training load management and health However in theory several wearable technologies may assist to control training load but the assessment of accuracy reliability validity usability and practical relevance of new upcoming technologies for the management of training load is paramount for optimal adaptation and health

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Experience Loveis Journey in **Mathematical Modelling In Science And Technology The Fourth International Conference** . This emotionally charged ebook, available for download in a PDF format (*), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.

Mathematical Modelling In Science And Technology The Fourth International Conference Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mathematical Modelling In Science And Technology The Fourth International Conference has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mathematical Modelling In Science And Technology The Fourth International Conference has opened up a world of possibilities. Downloading Mathematical Modelling In Science And Technology The Fourth International Conference provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mathematical Modelling In Science And Technology The Fourth International Conference has democratized knowledge.

Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mathematical Modelling In Science And Technology The Fourth International Conference. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mathematical Modelling In Science And Technology The Fourth International Conference. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mathematical Modelling In Science And Technology The Fourth International Conference, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mathematical Modelling In Science And Technology The Fourth International Conference has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Mathematical Modelling In Science And Technology The Fourth International Conference Books

1. Where can I buy Mathematical Modelling In Science And Technology The Fourth International Conference books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback:

- Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Mathematical Modelling In Science And Technology The Fourth International Conference book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
 4. How do I take care of Mathematical Modelling In Science And Technology The Fourth International Conference books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
 5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
 6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
 7. What are Mathematical Modelling In Science And Technology The Fourth International Conference audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
 10. Can I read Mathematical Modelling In Science And Technology The Fourth International Conference books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
