Throughout his career Henri Matisse used imagery as a means of engaging critically with poetry and prose by a diverse range of authors Kathryn Brown offers a groundbreaking account of Matisse's position in the literary cross currents of 20th century France and explores ways in which reading influenced the artist's work in a range of media This study argues that the *livre d'artiste* became the privileged means by which Matisse enfolded literature into his own idiom and demonstrated the centrality of his aesthetic to modernist debates about authorship and creativity By tracing the compositional and interpretive choices that Matisse made as a painter print maker and reader in the field of book production this study offers a new theoretical account of visual art's capacity to function as a form of literary criticism and extends debates about the gendering of 20th century bibliophilia Brown also demonstrates the importance of Matisse's self placement in relation to the French literary canon in the charged political climate of the Second World War and its aftermath Through a combination of archival resources art history and literary criticism this study offers a new interpretation of Matisse's artist's books and will be of interest to art historians literary scholars and researchers in book history and modernism **Matisse** Volkmar

Essers, 1996-01-01 *Painting and Poetry* Franklin R. Rogers, Mary Ann Rogers, 1985 This study addresses itself to the formal in the topological sense aspect of literature and literary words and concludes that if logos discursive language and mythos literary language are indeed contiguous complementary forms they are then essentially no different from those forms with which the painter or sculptor deals in the formation of his art object *The Ballets Russes and Beyond* Davinia

Caddy, 2012-04-26 A fresh perspective on the Ballets Russes focusing on relations between music dance and the cultural politics of belle époque Paris The Great Wave Christopher Benfey, 2007-12-18 When the United States entered the Gilded Age after the Civil War argues cultural historian Christopher Benfey the nation lost its philosophical moorings and looked eastward to Old Japan with its seemingly untouched indigenous culture for balance and perspective Japan meanwhile was trying to reinvent itself as a more cosmopolitan modern state ultimately transforming itself in the course of twenty five years

from a feudal backwater to an international power This great wave of historical and cultural reciprocity between the two young nations which intensified during the late 1800s brought with it some larger than life personalities as the lure of unknown foreign cultures prompted pilgrimages back and forth across the Pacific In *The Great Wave* Benfey tells the story of the tightly knit group of nineteenth century travelers connoisseurs collectors and scientists who dedicated themselves to exploring and preserving Old Japan As Benfey writes A sense of urgency impelled them for they were convinced Darwinians that they were that their quarry was on the verge of extinction These travelers include Herman Melville whose *Pequod* is shadowed by hostile and mysterious Japan the historian Henry Adams and the artist John La Farge who go to Japan on an art collecting trip and find exotic adventures Lafcadio Hearn who marries a samurai s daughter and becomes Japan s preeminent spokesman in the West Mabel Loomis Todd the first woman to climb Mt Fuji Edward Sylvester Morse who becomes the world s leading expert on both Japanese marine life and Japanese architecture the astronomer Percival Lowell who spends ten years in the East and writes seminal works on Japanese culture before turning his restless attention to life on Mars and President and judo enthusiast Theodore Roosevelt As well we learn of famous Easterners come West including Kakuzo Okakura whose *The Book of Tea* became a cult favorite and Shuzo Kuki a leading philosopher of his time who studied with Heidegger and tutored Sartre Finally as Benfey writes his meditation on cultural identity seeks to capture a shared mood in both the Gilded Age and the Meiji Era amid superficial promise and prosperity of an overmastering sense of precariousness and impending peril

**Choreographing Relations** Petra Sabisch,2011 *Choreographing Relations* undertakes the experiment of a conceptual site development of contemporary choreography by means of practical philosophy Guided by the radically empiricist question What Can Choreography Do the book investigates the performances of Antonia Baehr Juan Dominguez Xavier Le Roy and Eszter Salamon and the philosophical works of Gilles Deleuze and Félix Guattari It establishes a relation between these practitioners as an encounter in method and develops method as a singular material and experimental practice In view of these singular methods and the participatory relations to which they give rise *Choreographing Relations* offers a prolific inventory of arepresentational procedures that qualitatively transformed choreography and philosophy at the turn of the twentieth century

Nout van Woudenberg, 2012-03-23 Cultural objects have been on the move for a long time Yet there has been no comprehensive survey to date of the current state of affairs with regard to immunity from seizure of foreign cultural objects belonging to foreign States that are on loan for temporary exhibition This study fills that gap by examining whether there is any rule of customary international law stipulating that such cultural objects are immune from seizure or whether such a rule is emerging It also examines relevant State practice and the reasons behind it This volume thus provides greater clarity and legal certainty in the field of lending cultural State property and should be of use both to States and to cultural institutions

The Joy of Life Margaret Werth, 2002-11-05 Werth weaves together complex analyses of these paintings and others by Manet Gauguin Seurat Cezanne and less well known artists with a consideration of their critical reception literary parallels and the social and cultural milieu She moves from artistic concerns with tradition and avant gardism decoration and social art composition and figuration to contemporary debates over human origins and social organization BOOK JACKET
