Contemporary Issues in Management Lindsay Hamilton, Laura Mitchell, Anita Mangan, 2014-06-27 This book is for upper level students managers and academics who are interested in exploring the messy reality of the contemporary workplace and in considering how things might be done differently In particular it offers a critical perspective on **Why Things Matter to People** Andrew Sayer, 2011-01-20 Andrew Sayer undertakes a fundamental critique of social science s difficulties in acknowledging that people s relation to the world is one of concern As sentient beings capable of flourishing and suffering and particularly vulnerable to how others treat us our view of the world is substantially evaluative Yet modernist ways of thinking encourage the common but extraordinary belief that values are beyond reason and merely subjective or matters of convention with little or nothing to do with the kind of beings people are the quality of their social relations their material circumstances or well being The author shows how social theory and philosophy need to change to reflect the complexity of everyday ethical concerns and the importance people attach to dignity He argues for a robustly critical social science that explains and evaluates social life from the standpoint of human flourishing **Why Law Matters** Alon Harel, 2014-04 Why Law Matters argues that public institutions and legal procedures are valuable and matter as such irrespective of their instrumental value Examining the value of rights public institutions and constitutional review the book criticises instrumentalist approaches in political theory claiming they fail to account for their enduring appeal The Trauma of Racism Beverly J. Stoute, Michael Slevin, 2022-10-31 The Trauma of Racism Lessons from the Therapeutic Encounter is a pioneering reflection on the psychology of racism and its impact on us all With the intimacy of personal experience and depth of analytic exposition the authors expose racism s searing effects on personal clinical and community interactions while providing pathways for change This book asserts that the insights and practice of psychoanalysis applied behind the couch and in the community create unique opportunities for change Essayists address racially derived mental health inequities including distortions projections stereotypes and historical tropes The Trauma of Racism invites personal and clinical exploration of how people learn confront and re learn views on race Narratives of the loss and grief and the burdens of slavery that crisscross the African American community are present They are complemented by those of the psychological burdens and inspired acts of personal responsibility that respond to unequal access to wealth and opportunity along racial lines In moving accounts portraying experiences of racism and access to privilege the authors grapple with the possibilities of mutual understanding Readers concerned about racism will find themselves challenged and engaged This book is intended for the general reader and for clinicians at any career stage Likewise scholars in the humanities law education or public policy will find new opportunities to reflect and to act Mental Health Law David B.
