Totally Wired Andrew Smith, 2019-03-12 The Social Network meets *Hammer of the Gods* in this story of a 1990s web titan who made a fortune and lost it all and what happened afterward The Independent One day in February 2001 Josh Harris woke to certain knowledge that he was about to lose everything The man Time magazine called The Warhol of the Web was reduced to a helpless spectator as his fortune dwindled from 85 million dollars to nothing all in the space of a week Harris had been a maverick genius preternaturally adapted to the new online world He founded New York's first dotcom Pseudo.com and paved the way for a cadre of twentysomethings to follow riding a wave of tech euphoria to unimaginable wealth and fame for five years before the great dotcom crash in which Web 1.0 was wiped from the face of the earth Long before then though Harris's view of the web had darkened and he began a series of lurid social experiments aimed at illustrating his worst fear that the internet would soon alter the very fabric of society

cognitive social political and otherwise In Totally Wired journalist Andrew Smith seeks to unravel the opaque and mysterious episodes of the early dotcom craze in which the seeds of our current reality were sown Drawing on in depth interviews with Harris and those who worked alongside him in downtown Manhattan s Silicon Alley the tale moves from a compound in Ethiopia through New York San Francisco Las Vegas London and Salt Lake City Utah from the dawn of the web to the present taking in the rise of alternative facts troll society and the unexpected origins of the net itself as our world has grown uncannily to resemble the one Harris predicted and urged us to evade Raucous whimsical sad and very funny a fascinating account of what could have been what briefly was what almost lasted TheWall Street Journal Told with verve and style A valuable history Kirkus Reviews A brilliant exploration of madness and genius in the early days of the web The Guardian Dark and compelling Daily Mail This is a book whose time has come Sunday Times 1997 A&E Information Please Entertainment Almanac Robert Moses,Alicia Potter,Beth Rowen,1996-10-29 Covers movies television videos radio music CD ROMs theater dance opera Broadway shows books and publishing **National Lampoon's Big Book of True Facts** Jay Naughton,Tom Snyders,Scott Rubin,2004 Collects stories headlines signs ads photographs and business cards submitted by readers of National Lampoon to the True Facts column **The Publishers Weekly** ,1995 Sugar, Spice, and Everything Nice Frances K. Gateward,Murray Pomerance,2002 A provocative contemporary anthology examining the construction of girls in modern cinema **Academic Discourse and Critical Consciousness** Patricia Bizzell,1992-12-18 This collection of essays traces the attempts of one writing teacher to understand theoretically and to respond pedagogically to what happens when students from diverse backgrounds learn to use language in college Bizzell begins from the assumption that democratic education requires us to attempt to educate all students including those whose social or ethnic backgrounds may have offered them little experience with academic discourse Over the ten year period chronicled in these essays she has seen herself primarily as an advocate for such students sometimes called basic writers Bizzell s views on education for critical consciousness widely discussed in the writing field are represented in most of the essays in this volume But in the last few chapters and in the intellectual autobiography written as the introduction to the volume she calls her previous work into question on the grounds that her self appointment as an advocate for basic writers may have been presumptuous and her hopes for the politically liberating effects of academic discourse misplaced She concludes by calling for a theory of discourse that acknowledges the need to argue for values and pedagogy that can assist these arguments to proceed more inclusively than ever before The essays in this volume constitute the main body of work in which Bizzell developed her influential and often cited ideas Organized chronologically they present a picture of how she has grappled with major issues in composition studies over the past decade In the process she sketches a trajectory for the development of composition studies as an academic discipline **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff,R R Bowker Publishing,1996-09 **Subject Guide to Books in Print** ,1997 The Complete Illustrated History of the Skywald
