information that you need in today's fast-paced interprofessional collaborative environment. With authorship reflecting both academic and clinical expertise, this comprehensive evidence-based primary care text/reference shows you how to deliver effective, truly interdisciplinary health care. It covers every major adult disorder seen in the outpatient office setting and features a unique interprofessional collaborative approach with referral and Red Flag highlights and more. New to this edition are chapters on health equity, public health preparedness, endocannabinoids, and self-care. Comprehensive evidence-based, accurate, and current content provides a complete foundation in the primary care of adults for NP students, including students in Doctor of Nursing Practice (DNP) programs, and reflects the latest research and national and international guidelines. UNIQUE Interprofessional collaborative approach equips you for interprofessional collaborative practice in the contemporary healthcare environment. Consistent chapter format and features reflect the systematic approach used in adult primary care practice to promote improved clinical judgment skills, facilitate learning, and foster quick clinical reference. UNIQUE Referral Consultation highlights indicate when the NP should collaborate with or refer to other providers. UNIQUE Emergency Referral highlights indicate when the NP should refer the patient for urgent/emergent care. UNIQUE Red Flag highlights indicate issues not to be missed. UNIQUE Initial Diagnostics boxes provide quick reference to key decision-making content.
