Patrick White Fiction And The Unconscious:

Reading Corporeality in Patrick White's Fiction Bridget Grogan, 2019-03-25 In *Reading Corporeality in Patrick White's Fiction* An Abject Dictatorship of the Flesh Bridget Grogan combines theoretical explication textual comparison and close reading to argue that corporeality is central to Patrick White's fiction shaping the characterization style narrative trajectories and implicit philosophy of his novels and short stories Critics have often identified a radical disgust at play in White's writing claiming that it arises from a defining dualism that posits the purity of the disembodied spirit in relation to the pollution of the material world Grogan argues convincingly however that White's fiction is far more complex in its approach to the body Modeling ways in which Kristevan theory may be applied to modern fiction her close attention to White's recurring interest in physicality and abjection draws attention to his complex questioning of metaphysics and subjectivity thereby providing a fresh and compelling reading of this important world author

Patrick White David John Tacey, 1988 This remarkable work by Dr David Tacey demolishes some of the long held beliefs about Australia's leading literary figure Patrick White It has also been heralded as an exciting and extremely creative insight into the Australian unconscious

Otherness in the Novels of Patrick White Alma Budurlean, 2009 The central argument of the thesis the representation and reception of otherness is followed throughout White's novels with the support of a complex critical instrumentarium made up of postcolonial theory reader response theory cultural critical frameworks alterity theory and narratology Otherness in its manifold representations is a main component of Patrick White's fiction It functions on several levels and this requires a deeper entanglement on the part of the reader The different levels previously referred to are embodied in the various Others who people White's novels ethnic Others as members of the Australian multicultural society and the Aborigines as colonial Others as well as gender Others who also play an important role in White's fictional world Reading Patrick White is an exercise in tolerance endurance and acceptance of alternatives But the efforts of the reader do not remain unrewarded In his endeavour to change what it meant to imagine Australia the writer broke down the barriers of what it meant to imagine otherness

Patrick White and God Michael Giffin, 2017-05-11 The novels of Australia's Nobel Laureate Patrick White 1912 1990 are a persistent commentary on Nietzsche's proclamation of God's death As White knew the proclamation was not about God's existence but about classical views of God it presented him with the impossible task of using language to describe what language cannot describe This has always been one of the more misunderstood aspects of his literary vision Because the announcement is often interpreted in antithetical ways atheistic theistic secular religious humanistic and fatalistic critics should gain a better understanding of what White was trying to achieve by comparing him with his post war contemporaries from England Scotland and Canada Iris Murdoch William Golding Muriel Spark and Robertson Davies After and because of the war these authors all commented on the consequences of God's death Along with White they worked with a shared pattern of tropes to explore the light and dark aspects of western consciousness and the civilization it has produced

Where did the pattern come from Was it metaphysical or metapsychological These questions are complex as the pattern came from many sources simultaneously and synergistically but this book tackles these questions by describing that pattern

Patrick White Within the Western Literary Tradition John Beston, 2010 Representing the author's interest spanning over thirty five years the essays expose White's evocation of dimensions other than material reality his preoccupation with epiphanies and mythmaking and his constant forging of a poetic style *Patrick White Centenary* Bill Ashcroft, Cynthia vanden Driesen, 2014-08-20 This volume marks the birth centenary of a giant amongst contemporary writers the Australian Nobel prize winning novelist Patrick White 1912-1990 It proffers an invaluable insight into the current state of White studies through commentaries drawn from an international galaxy of eminent critics as well as from newer talents The book proves that interest in White's work continues to grow and diversify Every essay offers a new insight some are re-evaluations by seasoned critics who revise earlier positions significantly others admit new light onto what has seemed like well trodden terrain or focus on works perhaps undervalued in the past his poetry an early short story or novel which are now subjected to fresh attention His posthumous work has also won attention from prominent critics New comparisons with other international writers have been drawn in terms of subject matter themes and philosophy The expansion of critical attention into fields like photography and film opens new possibilities for enhancing further appreciation of his work White's interest in public issues such as the treatment of Australia's Indigenous peoples human rights and Australian nationalism is refracted through the inclusion of relevant commentaries from notable contributors For the first time in Australian literary history Indigenous scholars have participated in a celebration of the work of a white Australian writer All of this highlights a new direction in White studies the appreciation of his stature as a public intellectual The book demonstrates that White's legacy has limitless possibilities for further growth **The Cambridge History of Australian Literature** Peter Pierce, 2009-09-17 Draws on scholarship from leading figures in the field and spans Australian literary history from colonial origins indigenous and migrant literatures as well as representations of Asia and the Pacific and the role of literary culture in modern Australian society **Patrick White's Fiction** Carolyn Bliss, 1986-08-18 This study examines all eleven novels of Patrick White the great Australian writer and Nobel Prize winner It begins from the observation that major characters in his novels undergo a necessary redemptive or facilitating failure This failure paradoxically enables their success within the context of what White has called the overreaching grandeur which circumscribes human existence Evolution of this theme is traced through forty years of White's fiction from his first novel *Happy Valley* 1939 to his most recent work *The Twyborn Affair* 1979 Comprehensive in its scope this book is informed by a thorough knowledge of White's poetry plays short stories and autobiography as well as his novels It is also unique in stressing that White's world view derives from a distinctly Australian experience It thus links him to a country in which he is deeply rooted and to a heritage he continued to affirm **Patrick White Beyond the Grave** Ian Henderson, Anouk Lang, 2015-08-15 Patrick White 1912-1990 won the Nobel Prize for

Literature in 1973 and remains one of Australia's most celebrated writers. In 2006 White's literary executor Barbara Mobbs released a highly significant collection of hitherto unpublished papers reviving mainstream and scholarly interest in his work. Patrick White: Beyond the Grave considers White's writing in light of the new findings acknowledging his homosexuality in relation to the development of his literary style, examining the way he engages his readers and contextualizing his life and oeuvre in relation to London and to London life. Thought provoking, this collection of original essays represents the work of an outstanding list of White scholars from around the globe and will no doubt inspire further work on White from a rising generation of scholars of twentieth century literature beyond Australia. *REAL Volume 9 (1993)* Herbert Grabes, Winfried Fluck, Jürgen Schlaeger, 1993

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
