Patriotic Addresses In America England:

Patriotic Addresses in America and England Henry Ward Beecher, 1887 **American Crusades** Jon DePriest, 2018-11-15 American Crusades details evangelical pursuits to unite God's purposes with American empires. It argues that religious motivations contributed heavily to United States governmental policies and built sacred spaces in many attempts to influence American society. These embedded ambitions form the core of Americanism yet somehow remain hidden right in front of our eyes. In the action of caretaking they advanced their understanding of God's demand on their lives and purposes. Evangelical and theologically conservative Americans linked the sacred and secular shaping the ethos of the American people. The terminology of religious thinking quickly sacralized concepts like democracy and capitalism in an attempt to control and use them. Once packaged as a sacred space in need of custody, religious leadership sought to fulfill its kingdom responsibility and secure its future. Eventually a combination of religiously defined secular components coalesced into the term known simply as Americanism. Building on the success of the new nation and supporting the causes of Americanism throughout the world has imprinted a uniquely evangelical construct into the domestic and foreign policy structures of the United States. The shifting landscape of American culture drove evangelicalism into the margins in the 1970s while most scholars think that the decline of religious conservatism in culture meant that secularization controlled foreign policy as well; this is not true. Removed from the whims of domestic politics, Protestant evangelical patterns of action have resisted change in American foreign policy structures. Over time, however, the movement lost its faith distinctives while embedding religious principles in foundations of U.S. foreign policy. This book seeks to produce a reorganized narrative through a critical synthesis to locate white evangelicals' quest to be the foundational voice in America's shaping ideological lineage. **Patriotic Addresses in America and England, 1850-1885, on Slavery, the Civil War, and the Development of Civil Liberty in the United States** Henry Ward Beecher, 1887 **Four Hundred Years of American History** Jacob Harris Patton, 1882 *The Annual American Catalogue 1886-1900*, 1889 **The Annual American Catalogue**, 1889

Patriotic Addresses in America and England, From 1850 to 1885 Henry Ward Beecher, 2017-01-09 Excerpt from Patriotic Addresses in America and England From 1850 to 1885 On Slavery the Civil War and the Development of Civil Liberty in the United States. The Addresses gathered in this volume come from various sources. Some are reprinted from the files of *The Independent* in whose columns they originally appeared. The sermons delivered just before the war and during its first two years are taken from a volume of Mr. Beecher's discourses entitled *Freedom and War* issued under the careful editorship of Mr. Frederic Beecher Perkins in 1863. The speeches in England are from the reports published by the Union and Emancipation Society, Manchester, England, in 1864. Of that edition the only authorized one ever before published the editor of the present work, at Mr. Beecher's request and with his cooperation in 1872, began a revision for the making of some such volume as is here gathered but other matters intervened and the project lay in abeyance until the sad event of Mr. Beecher's

death suggested a more complete collection of his political contributions than that earlier day could have furnished The discourses since the war are reprinted from the reports in Plymouth Pulpit and some of the addresses have been gathered from contemporary newspaper reports The one before the Society of the Army of the Potomac is from the published minutes of that body In all cases effort has been made to secure the best reports of his spoken addresses Those delivered in America were nearly all taken down by Mr T J Ellinwood who from about the year 1858 was Mr Beecher's authorized stenographer not only in all church meetings but on public occasions when there was especial desire for a full record and to his fidelity and trained accuracy we owe very much of the great legacy to be found in Mr Beecher's words About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
