Patron Client State Relationships Multilateral Crises In The Nuclear Age:

Patron-client State Relationships Christopher C. Shoemaker, John W. Spanier, 1984 Theories and Approaches to International Politics Patrick M. Morgan, 1987 *Patron-client State Relationships* Christopher C. Shoemaker, John W. Spanier, 1984 *Clientelism and Patronage in the Middle East and North Africa* Laura Ruiz de Elvira, Christoph Schwarz, Irene Weipert-Fenner, 2018-07-17 One common demand in the 2011 uprisings in the MENA region was the call for freedom dignity and social justice Citizens rallied against corruption and clientelism which for many protesters were deeply linked to political tyranny This book takes the phenomenon of the 2011 uprisings as a point of departure for reassessing clientelism and patronage across the entire MENA region Using case studies covering Morocco Tunisia Egypt Jordan Lebanon Turkey and the Gulf monarchies it looks at how the relationships within and between clientelist and patronage networks changed before 2011 The book assesses how these changes contributed to the destabilization of the established political and social order and how they affected less visible political processes It then turns to look at how the political transformations since 2011 have in turn reconfigured these networks in terms of strategies and dynamics and concomitantly what implications this has had for the inclusion or exclusion of new actors Are specific networks expanding or shrinking in the post 2011 contexts Do these networks reproduce established forms of patron client relations or do they translate into new modes and mechanisms As the first book to systematically discuss clientelism patronage and corruption against the background of the 2011 uprisings it will be a valuable resource for students and scholars of Middle Eastern Studies The book also addresses major debates in comparative politics and political sociology by offering networks of dependency as an interdisciplinary conceptual approach that can travel across place and time Superpowers and Client States in the Middle East Moshe Efrat, Jacob Bercovitch, 2020-04-23 This book first published in 1991 examines in detail superpower client relations in the Middle East The Middle East with its protracted and seemingly insoluble conflict and complex patterns of loyalty and hostility is the ideal setting for the study of such relationships Using the USSR and Syria and the USA and Israel as case studies this book illuminates the extent of superpower influence on client states but also the real constraints on their exercise of that influence In analysing specific contexts over this period the authors advance that tension between goals and constraints often favours the client state and that superpower relations are not those of dominance and subordination but bargaining relations in which clients have great leverage **The Turkish-American Relationship Between 1947 and 2003** Nasuh Uslu, 2003 Turkish American Relationship Between 1947 2003 The History of a Distinctive Alliance

Handbook on the Politics of Small States Godfrey Baldacchino, Anders Wivel, 2020-03-28 Comprehensive and timely this Handbook identifies the key characteristics challenges and opportunities involved in the politics of small states across the globe today Acknowledging the historical legacies behind these states the chapters unpack the costs and benefits of different political models for small states **The Forgotten Front** Walter C. Ladwig III, 2017-06-09 After a decade and a half of war

in Iraq and Afghanistan US policymakers are seeking to provide aid and advice to local governments counterinsurgency campaigns rather than directly intervening with US forces This strategy and US counterinsurgency doctrine in general fail to recognize that despite a shared aim of defeating an insurgency the US and its local partner frequently have differing priorities with respect to the conduct of counterinsurgency operations Without some degree of reform or policy change on the part of the insurgency plagued government American support will have a limited impact Using three detailed case studies the Hukbalahap Rebellion in the Philippines Vietnam during the rule of Ngo Dinh Diem and the Salvadorian Civil War Ladwig demonstrates that providing significant amounts of aid will not generate sufficient leverage to affect a client s behaviour and policies Instead he argues that influence flows from pressure and tight conditions on aid rather than from boundless generosity **State** ,1985 *Conflict Management In The Middle East* Steven L Spiegel,2019-03-07 This book explores efforts being made to create Russian American cooperation in managing recurrent conflict in the Middle East Theoretical historical and policy sections provide the framework for chapters that represent the most current multinational thinking on issues of war prevention crisis avoidance and conflict resolution The contributo
