Pattern Of Murder:

Age Patterns of Victims of Serious Violent Crime Craig A. Perkins, 1997 21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06

Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and responses to crime 21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in

print and electronic formats provides students with convenient easy access wherever they may be

Crime Scene Staging Dynamics in Homicide Cases Laura Gail Pettler, 2015-08-06 Individuals who perpetrate murder sometimes pose or reposition victims weapons and evidence to make it look like events happened in a different way than what actually transpired Until now there has been scarce literature published on crime scene staging *Crime Scene Staging Dynamics in Homicide Cases* is the first book to look at this practice p

Connectionist, Statistical and Symbolic Approaches to Learning for Natural Language Processing Stefan Wermter, Ellen Riloff, Gabriele Scheler, 1996-03-15 This book is based on the workshop on New Approaches to Learning for Natural Language Processing held in conjunction with the International Joint Conference on Artificial Intelligence IJCAI 95 in Montreal Canada in August 1995 Most of the 32 papers included in the book are revised selected workshop presentations some papers were individually solicited from members of the workshop program committee to give the book an overall completeness Also included and written with the novice reader in mind is a comprehensive introductory survey by the volume editors The volume presents the state of the art in the most promising current approaches to learning for NLP and is thus compulsory reading for researchers in the field or for anyone applying the new techniques to challenging real world NLP problems

The Murder of Crows Mark D Bernhard, 2007-05 Ten years ago Tom Greer was a different person An Orlando police detective Tom's partner was shot and killed in the line of duty His life was in shambles his career was over his wife was unfaithful and his best friend was dead And just when Tom had decided to end his life he realized that he could simply remake it And he did A decade later Tom Greer is a new man He has a loving new wife a comfortable home a cool car and a brilliant dog Living a simple Buddhist life in the mountains of Colorado Tom has finally found peace and happiness But one phone call changes all that Aiko a friend's wife has been murdered The police label it a carjacking but Tom believes it is something more and begins to investigate What he uncovers is shocking Aiko was not the murderer's first victim And if Tom can't solve this puzzle in time she won't be the last *The Murder of Crows* is a page turner from beginning to end The perfect blend of hard boiled detective fiction and Eastern spiritualism filled with thrills and surprises that keep the reader guessing right to the last page
