Deadly Connections Daniel Byman, 2005-06-27 Thousands of people have died at the hands of terrorist groups who rely on state support for their activities Iran and Syria are well known as sponsors of terrorism while other countries some with strong connections to the West have enabled terrorist activity by turning a blind eye Daniel Byman's hard hitting and articulate book analyzes this phenomenon Focusing primarily on sponsors from the Middle East and South Asia it examines the different types of support that states provide their motivations and the impact of such sponsorship The book also considers regimes that allow terrorists to raise money and recruit without providing active support The experiences of Iran Pakistan Afghanistan Syria Saudi Arabia and Libya are detailed here alongside the histories of radical groups such as al Qaida and Hizballah The book concludes by assessing why it is often difficult to force sponsors to cut ties to terrorist groups and suggesting ways in which it could be done better in the future

Terrorism and Tyranny James Bovard, 2003 The war on terrorism is the first political growth industry of the new Millennium So begins Jim Bovard s newest and in some ways most provocative book as he casts yet another jaundiced eye on Washington and the motives behind protecting the homeland and prosecuting a wildly unpopular war with Iraq For James Bovard as always it all comes down to a trampling of personal liberty and an end to privacy as we know it From airport security follies that protect no one to increased surveillance of individuals and skyrocketing numbers of detainees the war on terrorism is taking a toll on individual liberty and no one tells the whole grisly story better than Bovard
