Paul Faber Surgeon George Macdonald Original Works:

Paul Faber, Surgeon George MacDonald, 2016-08-01 George MacDonald 10 December 1824 18 September 1905 was a Scottish author poet and Christian minister He was a pioneering figure in the field of fantasy literature and the mentor of fellow writer Lewis Carroll His writings have been cited as a major literary influence by many notable authors including W H Auden C S Lewis J R R Tolkien Walter de la Mare E Nesbit and Madeleine L Engle C S Lewis wrote that he regarded MacDonald as his master Picking up a copy of Phantastes one day at a train station bookstall I began to read A few hours later said Lewis I knew that I had crossed a great frontier G K Chesterton cited The Princess and the Goblin as a book that had made a difference to my whole existence Elizabeth Yates wrote of Sir Gibbie It moved me the way books did when as a child the great gates of literature began to open and first encounters with noble thoughts and utterances were unspeakably thrilling Even Mark Twain who initially disliked MacDonald became friends with him and there is some evidence that Twain was influenced by MacDonald Christian author Oswald Chambers 1874 1917 wrote in Christian Disciplines vol 1 pub 1934 that it is a striking indication of the trend and shallowness of the modern reading public that George MacDonald s books have been so neglected In addition to his fairy tales MacDonald wrote several works on Christian apologetics including several that defended his view of Christian Universalism George MacDonald was born on 10 December 1824 at Huntly Aberdeenshire Scotland His father a farmer was one of the MacDonalds of Glen Coe and a direct descendant of one of the families that suffered in the massacre of 1692 The Doric dialect of the Aberdeenshire area appears in the dialogue of some of his non fantasy novels MacDonald grew up in the Congregational Church with an atmosphere of Calvinism But MacDonald never felt comfortable with some aspects of Calvinist doctrine indeed legend has it that when the doctrine of predestination was first explained to him he burst into tears although assured that he was one of the elect Later novels such as Robert Falconer and Lilith show a distaste for the idea that God s electing love is limited to some and denied to others MacDonald graduated from the University of Aberdeen and then went to London studying at Highbury College for the Congregational ministry

Paul Faber, Surgeon George MacDonald, 1879 Originally published in 1878 Paul Faber Surgeon is the second in MacDonald s classic Wingfold Trilogy Wingfold at last a curate of solid faith which he has made real through a rigorous search for truth encounters atheist Paul Faber Both men s stories are journeys of faith although Faber experiences no religious conversion As MacDonald says of him in the end He was growing and that is all we can require of any man

Paul Faber, Surgeon George Macdonald George MacDonald, 2018-02-12 The rector sat on the box of his carriage driving his horses toward his church the grand old abbey church of Glaston His wife was inside and an old woman he had stopped on the road to take her up sat with her basket on the foot board behind His coachman sat beside him he never took the reins when his master was there Mr Bevis drove like a gentleman in an easy informal yet thoroughly business like way His horses were black large well bred and well fed but neither young nor showy and the harness was just the least bit shabby Indeed the

entire turnout including his own hat and the coachman s offered the beholder that aspect of indifference to show which by the suggestion of a nodding acquaintance with poverty gave it the right clerical air of being not of this world Mrs Bevis had her basket on the seat before her containing beneath an upper stratum of flowers some of the first rhubarb of the season and a pound or two of fresh butter for a poor relation in the town *Paul Faber, Surgeon* George MacDonald, *Paul Faber Surgeon - Scholar's Choice Edition* George MacDonald,2015-02-17 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **George MacDonald Original Works Series 2** George MacDonald,1992-10-01
